Umpires Want More Money.

Chicago, Oct. 14.—Umpires who officiated in the world's series have appealed to the National Baseball Commission to increase their share of the financial prize from \$1,000 to \$2,000 each. President Johnson of the American League, a member of the commission, said that the request had been received.

The four umpires, in their appeal, pointed out that the Reds, victors in the series, received more than \$5,000 each while the losing White Sox got about \$3,500 each.

"It is our hope that the commission believes the umpires as necessary to the series as the players," the appeal read in part.

Inter-Collegiate Arrangements.

At a meeting of representatives of Mount Allison, U. N. B., and Acadia held in the Dufferin Hotel yesterday afternoon a schedule for football matches for the year was arranged. The selection of referees was made and an agreement reached as to rules. In addition to football there was also a consideration of matters pertaining to hockey and it was decided to have a conference in this connection in St. John before the Christmas holidays. This meeting will be called by Mount Allison holders of the Summer trophy. One more win by the college this fall and they give the trophy to Mount Allison.

Dispose of Series Details.

Cincinnati, Oct. 14.—Instead of holding a formal session here Monday, August Hermann, chairman of the National Baseball Commission, and the other members of that body disposed of the final details of the world series by telephone on Sunday.

The commission decided to give the four umpires who officiated in the world series the usual compensation of \$1,000 and \$250 extra, plus the expenses of reaching their respective destinations from Chicago and not allow the full \$2,000 asked for.

Junior Champions.

By defeating the Carleton Juniors on Thanksgiving Day, the Portlands clinched the championship of the city. It was necessary for the Portlands to play thirteen innings in the last game before the West Side aggregation gave up. Delay for the West Side pitched through the whole game, while Howard and Green pitched for the North End team.

THE TURF

Cox Wins at Atlanta.

Atlanta, Ga., Oct. 14.—Today's Grand Circuit racing at Lakewood track was signalled by a spectacular battle between Cox and Murphy, piloting respectively McGreggor the Great and Marjondale for a purse of \$2,500 in the 214 class trotting event, the main one on the card. The honors went to Cox in straight heats.

The track was heavy after a hard rain during the early part of the day.

Summary:

FOOTBALL.

Inter-Collegiate Arrangements.

At a meeting of representatives of Mount Allison, U. N. B., and Acadia held in the Dufferin Hotel yesterday afternoon a schedule for football matches for the year was arranged. The selection of referees was made and an agreement reached as to rules. In addition to football there was also a consideration of matters pertaining to hockey and it was decided to have a conference in this connection in St. John before the Christmas holidays. This meeting will be called by Mount Allison holders of the Summer trophy. One more win by the college this fall and they give the trophy to Mount Allison.

With the reorganization of the college

team and the formations of the proposed league will be had the first inter-collegiate football since 1914. All are looking forward to a splendid year, brimming with activity in the different fields of sport. Many returned men are back at college this fall and are showing a lively interest in sport.

Clarence Burden, captain of the U. N. B. team, and Arthur McAfee, captain of the Mount Allison team, are both returned men. Mr. Burden represented the University of New Brunswick at yesterday's conference. G. W. Bacon represented Mount Allison and W. W. Holmes, Acadia.

The schedule arranged was as follows:

October 28—At Sackville, Acadia vs. Mount Allison.

November 4—At Fredericton, Mount Allison vs. U. N. B.

November 11—At Wolfville, U. N. B. vs. Acadia.

It was decided that the home team must submit to the visitors at least ten days before the game. The games will be played by standard English Rugby rules. Rules in effect since March 1915 as to eligibility of players will be continued in force. Ray Hansen of this city has been asked to coach the Mount Allison team but he is not known yet whether or not he will accept.

AMHERST'S BIG NEW SKATING RINK

(Amherst News)

Good progress is being effected on the new Amherst Skating Rink. Messrs. Lang and Blais have promoted the idea have about fifteen men working on the huge buildings and can keep about ten more men for at least two months. The concrete abutments for the foundations are being built in this week, and the ordinary bystanding the new structure appears to be twice as large as did the old ice surface.

The outside dimensions of the rink will be 100-200 including the seating space and space for dressing rooms. The surface will be 75-180 and with the exception of the old Halifax Arena, which was alleged to be too extensive for six men hockey, will have the biggest scope of ice in the Maritime Provinces at the present day.

With the completion of the foundation work, the frame will be put up in a hurry, and another two weeks, will see the skeleton of the building arising like wild-fire. With the first of the new structure made, and the sides and roof fitted in over the ice sheet, it is understood that the doors will be open to the public shortly before the first of the year.

It is not known whether or not the building will be seated this season. Possibly a grandstand will be built and the seats filled in next year. That work will be run through in the summer months when the building will be utilized for dances, boxing matches, fairs and band concerts. It will not be idle.

Right now the young men of the town have started in to talk hockey, and a four team league is in the air, with a pick of the four aggregations to represent the town. Whether the same lines will be followed in hockey is a good question. The brother mentioned is Dr. Joseph Donnelly, better known here as a baseball player.

REVIVAL OF AMATEUR SPORT

(Moncton Transcript)

The Saint John Times apparently voice the sentiment of the public when it petitions the sporting fraternity to interest themselves in the revival of pre-war sports. To this end The Times strongly advocates the Canadian Amateur Athletic Union in order to bring about the revival of amateur sports. A. W. Covey, vice-president of the A. A. U., explained things quite fully in an article in the St. John Times and Star. Mr. Covey placed the question in its right light. He made full explanations and exhorted all to get into the fray and bring about the revival of sports so long dormant in the provinces, and which really never had a start from time immemorial. All right thinking fans will believe as Mr. Covey does. It is to be commended. A stand taken for development of any sports should be supported, providing the proposed sport is desirable, and those who know the vice-president of the A. A. U. will agree that he would not advocate the revival of any other than clean sport.

Moncton is at the turning of the ways. The fence is not high and is being rapidly battered down, and the day is not far distant when Moncton's sporting should be those of three columns per day if the fans move and get into action. The support of Mr. Covey should be their first move. St. John will no doubt move, and Moncton should stand behind St. John in any undertaking of good sport. Mr. Covey believes St. John should lead. Moncton has set the pace in other lines. This probably aided him greatly in lowering the record as well as taking the measure of the tried campaigners.

Thunderclap Sets A World's Record

Three-Year-Old Runs Mile and a Half on Track at Laurel in 2:29 3-5

Laurel, Md., Oct. 11.—Sam C. Hildreth's fine three-year-old, Thunderclap ran the greatest race of his career here today, when he captured the Annapolis Handicap and set a new world's record for a mile and a half. With W. S. Kilmer's Exterminator and Commander J. K. L. Ross' great Cudgel trailing him, Thunderclap covered the distance

in 2:29 3-5. The previous world's record for the distance was made by Goodrich at Washington Park, Chicago, many years ago, and was 2:30 4-5.

The victory of Thunderclap against a field which contained Exterminator, Cudgel, Midway, and Fairy Wand, came as a distinct surprise, as was indicated by the prices paid by the mutuels. Thunderclap paid \$33.70. Before the race he was regarded as the third choice, the opinion being that the race was between Cudgel and Exterminator. Thunderclap had a big advantage in the weight, and this probably aided him greatly in lowering the record as well as taking the measure of the tried campaigners.

Thunderclap carried 108 pounds, while Exterminator was burdened with 128 and Cudgel with 132. Midway had 106 and Cudgel had the same weight up as Thunderclap.
