### **CANNOT BE DISCREDITED.**

From the mass of evidence in our possession we select the following:

From L. J. MACINE, Esq.,

of St. Andrews, N.B. Having experienced the most gratifying results from the use of Wistar's Balsam of Wild Cherry, I am induced to express the great confidence which I have in its efficacy. For several months I was most cruelly afflicted with a severe and obstinate cough, accompanied with acute pain in the chest, which did not leave me, summer or winter. The symptoms increased alarmingly, and so reduced was I that I could walk but a few steps without feeling as if I were sinking. I have used the Balsam in my family, and after having used four bottles I was completely restored to health. ### **A CURE FOR WHOOPING COUGH.**

By HUGHES, C.E. Esq., N.B. Most recent W. F. F. & S. Hughes—Several months since a little daughter of mine, ten years of age, was taken with Whooping Cough, a very aggravated form, and nothing was doing for her seemed in any way to relieve her. We at length decided to try a bottle of Wistar's Balsam of Wild Cherry. In three hours after she had commenced using it, she was greatly relieved, and in less than three days was entirely cured, and is now well. I have since recommended the Balsam to many of my neighbors, who have used it, and in no case have I known it fail of effecting a speedy cure. You are at liberty to make any use of the above you think proper. It shall induce anybody to use Wistar's Balsam who has only to try it for a few days, and see the result.
