Two little natives of the Syrian colony became quarrelsome last night and were soon engaged in a fight. One of the boys handled the other rather roughly and in consequence the lad was compelled to go to bed. The father of the boy became alarmed and thinking that his son had been beaten to such an extent as to prove fatal summoned the police, but when Policeman Scott arrived he found that the boy was not hurt, as he had not been. The fight was caused by a trivial matter and the father entered no complaint against the other boy.

This theatre has good ventilation and new improvements, good pictures and the best singer yet. Admission, 5 cents.

After spending a couple of hours discussing the relations between the city and the Street Railway Company as far as the payment of the cost of snow removal from the streets and of the repairing of the latter, the Board of Public Works and the four aldermen at-large who were constituted a committee to look into the matter, decided to postpone action for a fortnight in order to obtain information concerning the cost of snow removal. One of the points and concerning the share of this cost which should have been paid by the St. John Railway Company. This course was taken with the consent of the great majority of those present, only three voting against it.

A special meeting of the building committee of the School Board was held last evening to discuss the building of the annex to the Winter street school. At the meeting Architect Mott submitted his plans for the new annex. It will be an eight-room building. The plans were accepted and tenders for the work will be called immediately. These tenders will be opened and the contract awarded at a meeting to be held on July 28. It was suggested that the Murray Kaye property on Mount Pleasant would be a suitable place for a school, but as the council decided that bonds should be issued, the project had to be abandoned.

Presidential Nomination of Prohibition Party Still an Open Question—Seaborn Wright Could Have It.

COLUMBUS, Ohio, July 15.—The prohibitionists' national convention, which met here today, worked under a temporary organization throughout its two sessions and adjourned until tomorrow without hearing a report from the committee appointed to select its permanent officers.

The committee on permanent organization will report tomorrow morning and Professor Charles Scanlon, of Pittsburg, one of the numerous candidates for the presidency, will be named as the permanent chairman.

The presidential nomination is still open and there has been no market concentration in favor of any candidate. It was agreed early today that the nomination could be had by Seaborn Wright, of Georgia, if he would express a willingness to accept it.

OLD QUEBEC ALREADY GAY WITH COLOR

QUEBEC, July 15.—The arrival of two detachments of Royal Canadian Horse Artillery, one from Kingston and the other from Toronto, an interchange of official visits between the hundreds of legitimate printing concerns daily do with private work and are never criticized for.

That the government gets its printing done at the lowest commercial rate is a fact which is not allowed to be forgotten. In accepting orders for printing which is done outside the office for 75 per cent of the schedule rates, furnishing the paper, and advancing the sub-contractor money from time to time, the Sun is simply doing what hundreds of legitimate printing concerns daily do with private work and are never criticized for.

WELL KNOWN NOVA SCOTIA PRIEST DEAD

ANTIGONISH, N. S., July 15.—The death took place here this morning of Rev. Dr. A. Cameron, late parish priest of Christmas Island. This deceased priest was born and reared of the soil in 1843 and received his early education at St. P. X. College, Rome, from which he was ordained priest in 1874. For years he was rector of St. P. X. College and in 1874 became the pastor of Sydney Mine Parish. In 1883 he was sent as parish priest to Christmas Island, where he continued to the beginning of the present year, when illness compelled him to resign.

ARABIC ORDER MYSTIC SHRINE MEETS IN ST. PAUL

ST. PAUL, Minn., July 15.—The Imperial Council of the Ancient Arabic Order Nobles of the Mystic Shrines today elected officers and decided to hold the convocation of 1899 in Louisville. In accordance with precedent, Frank C. Roudy, Imperial Potentate, was not a candidate for re-election and the officers below him were each advanced a step, leaving only the lowest officers, outer Imperial guard open to contest. Four candidates were voted on for the office, namely, Charles E. Owenshine, Minneapolis; J. Benton Leggett, Butte, Mont.; George W. Fowle, Detroit; and W. F. Kendrick, Philadelphia. On the third ballot, Owenshine was declared elected.

Mr. Northrup, while examining R. E. White, accountant of The Sun, asked him what "graff" the Sun got on account of the printing, and was told that the company was not a printing concern, but a business. He had any business experience he would know that commissions were given and advanced in every day business transactions. A lively interchange then took place between Dr. Reid and Mr. Northrup. Dr. Reid referred to the transaction as saving of graft, and Mr. Johnson promptly reminded him that he had been convicted of "graff" before the public accounts committee himself, which effectively silenced Dr. Reid, who shortly after left the committee.

The synopsis of evidence follows: Ralph E. White, accountant of The Sun, examined by Mr. Northrup, produced the books of the company and explained the practice with regard to the I. C. R. printing. He said that E. J. Armstrong did all the job printing for The Sun, including the I. C. R. work, and that the Sun furnished the raw materials and advanced Mr. Armstrong from time to time money for wages, audit, in fact financing him; that the agreement was that Armstrong was to get seventy-five per cent of the schedule rates for his work; that the Sun had made this agreement instead of putting in a plant at large expense; that in 1902 a schedule of rates was made in respect to the other job work of The Sun.

"GRAFF" CHARGES AGAINST THE SUN ARE EXPLODED

Investigation at Ottawa Shows Sun Gets Regular Rates in Regular Way for Government Printing—Sun Charges Less than Govt. Printing Bureau.

OTTAWA, July 15.—The I. C. R. gets its printing done at the cheapest rate that the largest establishments in the country can do it for, and make a living profit. The prices for each detail of the work are fixed by the King's Printer, and all bills are checked by him before payment.

The I. C. R. is not allowed one cent more for printing than any one of the fifty-three other printing concerns in Canada and in some cases is not allowed enough. In accepting orders for printing which is done outside the office for 75 per cent of the schedule rates, furnishing the paper, and advancing the sub-contractor money from time to time, the Sun is simply doing what hundreds of legitimate printing concerns daily do with private work and are never criticized for.

BOAT UPSETS; TWO BROWN, ONE RESCUED

HAIFAX, July 15.—While sailing on Bedford Basin last this afternoon Una Roy, aged 17, and Wm. Muir, aged 16, were drowned, and Margaret Muir, aged 12, a sister of the last named victim, was rescued after being half an hour in the water. When the party left Bedford at four o'clock the weather was fine and the water calm, but suddenly a terrific thunder and lightning storm set in and before the party could make the shore a heavy squall swept down from the north and capsized the boat.

SOCIETY ENJOYED ITS FIELD DAY OUTING

Two well filled buckboards conveyed members of the Natural History Society to Drury's Cove yesterday afternoon. The party were entertained at the summer home of Mrs. George Dishart and the grounds of L. Rokes were placed at their disposal. Dr. Matthew gave the geologic history of the limestone cliffs which surround the Cove, and described the various kinds of rock discovered by his party. Dr. Hay described the plants of the locality, and gave some amusing and interesting information on plant life. A. Gordon Leavitt, James W. Banks and William McIntosh gave short talks on various phases of bird life and nature study.
