Try Greetings for Job Work

Pay Cut in 1895—With Ten Hours and a Duty of Thirty Five per cent.

EDITOR GREETINGS:

The time has arrived when the granite cutters of St. George are again called upon to congregate in the sacred precincts of Court's Hall, and there absorb the Conservative doctrine of the brand that mother used to make, and listen with bated breath as our dear friend GRANT, explains the beauty of high protection as illustrated per Donaldson line from Aberdeen. Now Mr. Editor, I think it is about time the granite cutters of St. George did a little thinking for themselves. If they would just allow their memory to run back to the year 1895 they would find the Conservative Government in power and the manufacturers enjoying a day of fifteen FIVE PER CENT. on foreign granite, cutters working ten hours per day, with a pay day the thirty second of every month, and the annual decay of the country to fact everything the manufacturers would desire. In spite of all this the manufacturers suddenly made the startling discovery that their business was going to the dogs and nothing but a CUT in the man's pay could save them from ruin. The granite cutters were NOT ORGANIZED at that time and were forced to accept the cut down.

Now, Mr. Editor, since the present government has been in power there has been no cuts in pay and the some cutters have gone from a ten hour day to NINE in 1902 and to an eight hour day at the present time. These facts should prove that our salvation does not depend on our turning out the present government, and intrusting the affairs of the country to the saintly Foster and spottles. Foster as our Friend Granite would have us believe.

The way the Conservative party, including Granite and our local M. P., used us, in exempting us from the benefits of the workman's "Compensation Act," would show that their interests in us is more serious at election time than it is the rest of the year.

Now brother some cutters, in regard to our recent strike, can any one

of you say you heard a leading Conservative say a good word for the some cutters, even though they were in no way connected with the business, the burden of their cry was that the manufacturers were paying all they could afford.

We can thank our friend Senator Gilmore and the Liberal firm of O'Brien & Baldwin that the strike was settled to the satisfaction of the granite cutters.

In a letter to the Courier, our friend Granite says, if there was not an election coming soon Senator Gilmore or the Liberal firm would not have been so anxious to settle with the granite cutters. Now whether that is so or not is immaterial to us. The fact is that they arrived at a satisfactory settlement with the Granite Union is enough and we will not question their motives. And, speaking for myself, I would say, that if I fell into Granite's well I would not ask him when he pulled me out, whether he did it to save my life or to keep me from spoiling the water.

Now brother Granite cutters, I think it is about time we pulled Charlotte County in of the ice where she has been for the last thirty years or more.

Our friends, the Conservatives, tell us their is going to be a change of Government this time. For my part I cannot see where they get their encouragement unless from Colchester, N. S. And I think they will find on the 26th of October that Mr. Stanfield's majority is not like his underwear, unshrinkable.

In conclusion, Mr. Editor, I would like to say that I feel sure that the Liberal Government will be sustained with as large a majority as in the last house, and Mr. Todd will be our next member by at least two hundred and fifty majority and Mr. Ganong can stay home and superintend the making of the delicious confectionery for which his firm is so justly famous.

Thanking you, Mr. Editor, for the space which has given me a chance to express my opinions, and I should have been sure if I had not had any more to say.

WEDDING BELLS

The home of Mr. and Mrs. Russel Emson was the scene of a quiet wedding this morning, when their only daughter, Miss Ella Skinkine Emson became the wife of Mr. Harry Franklin Russell of Red Beach, N. B. The ceremony was performed at 9 o'clock by Rev. E. Thorpe in the presence of some of the most intimate relatives of the contracting parties. The bride who was given in marriage by her father was attended by Miss Mabel MacCarroll of Dochester, while Mr. William Emson supported the groom, and was gowned in a travelling suit of brown chevron. At the conclusion of the ceremony a faint luncheon was served. The bride was the recipient of a large number of beautiful and costly presents. The groom's gift to the bride was a gold bracelet and to the bridesmaid a brooch set with pearls and brilliants. Mr. and Mrs. Cook left on this morning's train for Woodstock and Red Beach, where they will spend their honeymoon. On return they will reside in St. George.

Colds on the Chest

Ask your doctor the medical name for a cold on the chest. He will say, "Bronchitis." Ask him if it is ever serious. Lastly, ask him if he prescribes Ayer's Cherry Pectoral for this disease. Keep in close touch with your family physician.

Ayer's
We have almost 50 years' experience. We urge you to use Ayer's Cherry Pectoral.

When you tell your doctor about the bad name in your mouth, loss of appetite for breakfast, and frequent headaches, and when he sees your coated tongue, he will say, "You are bilious." Ayer's Pills work well in such cases.
