## THE GRANITE TOWN GREETINGS.

### Our Busy Rich

#### About 76,000 Farmers Now Own Automobiles.

Ever been to Hays City, Kansas? Well, when you go there just ask for farmer Thomas Keldie. He'll give you true Scotch welcome, and he'll be glad to tell you how last spring he decided that he had made his farm yield enough to entitle him and his wife to take a trip abroad in his own automobile. He'll tell you how he shipped his car from Kansas to Glasgow, and how he saw more in two days in Scotland by means of this car than he remembered to have seen in the first 25 years of his life, which were spent in Scotland. There's the new American farmer for you! Wall street brokers, pork packers and trust magnates are not the only ones that tour Europe in their own automobiles.

The number of automobiles is growing rapidly. Out of 10,000 automobiles in Iowa, 5,000 are owned by farmers. Kansas farmers spent \$3,200,000 for automobiles during 1909, and \$2,750,000 in 1908. In one Nebraska town of 800 population, 40 automobiles were sold last year to farmers in town. Careful estimates of the number of automobiles owned by farmers in the entire United States is 76,000. Nowadays there is no more cry about lack of opportunity on the farm. Sixteen automobile makers are advertising automobiles to the farmer in the 450 farm papers of the country, and most of them are arguing that the automobile will keep the boy on the farm, and make life more livable for the wife, whose dreary round of labor has been the pity of the country.

Now the farmer with an automobile can talk his family for an evening call, or lecture, without using his horses. He can go to church on Sunday more regularly; he can visit distant relatives and friends more frequently; he can go to town oftener and more quickly. One Dakota farmer who is extremely fond of hunting, but lives 40 miles from the game district, takes his son with him on Saturday during the season and comes back Sunday night with a deer or two slung across the radiator and bubbling over with tales of his luck.

There are 48,000,000 people living on farms and in towns of less than 4000 in this country. This means that over half of our population is practically in the country. About 25,000,000 of these are just as keen for pleasure as young people anywhere else. That is one big reason for the automobile on the farm. Ten or fifteen years ago farmers bought organs for their daughters and buggies for their sons. A great many of them today are buying automobiles for the whole family. An entirely new meaning has been given to the village social life in consequence. —From Travel.

#### The Ailments of Women.

The girls and women who suffer with what they think as 'Female Trouble' would look to their kidneys, they'll soon find the source of their ill health. The kidneys are closely allied with the female organs, and if the vitality of the kidneys is interfered with, great suffering occurs. There is no better medicine than Dr. Hamilton's Pills, they stimulate and strengthen the kidneys, assist other organs to do Nature's work, cleanse the system and thereby maintain perfect health. Great benefit and certain cure is guaranteed for all women who use Dr. Hamilton's Pills.

#### Who Sells to Canada?

Many people are wondering which country is selling the most goods to Canada, Great Britain or the United States. The answer is that the United States is readily beating Great Britain in this market. Here are the imports from the two countries for each year since the British Preference went into force:

	Great Britain	United States
1897	29,412,188	61,749,041
1898	32,300,917	78,705,590
1899	37,060,123	93,007,166
1900	44,789,730	109,844,378
1901	43,018,164	110,485,008
1902	49,213,762	120,807,050
1903	28,396,901	137,605,195
1904	61,777,574	150,826,515
1905	60,342,709	162,738,571
1906	69,194,588	175,862,071

### Lord Kitchener.

Gee whiz!  
What a quiet man he is!  
He goes around  
Without any sound,  
And he never blows  
About what he knows,  
And he cuts no capers  
In the newspapers,  
And he doesn't try  
To tell people how to live or die,  
And he doesn't want to show  
The whole world how to go,  
And he doesn't fight  
To get into the limelight,  
And—oh, say,  
What kind of a great man is he any way?

Where is his paraphernalia?  
Where is his glittering brass?  
Where are his banners and cohorts?  
Where is his glory? Alas!  
He keeps them away from the public,  
His record is hidden from view,  
And nobody hears him telling  
Of what he has done or will do,  
And yet by gum!  
He is not dumb,  
And he's been going some  
Along several ways  
That count in these strenuous days.  
Wow!  
Why doesn't he kick up a row?  
Why doesn't he paw the earth  
And cavort  
And champ his bits  
And show us what  
A great man he is  
Right on the spot?  
Say  
We're used to that way,  
And Kitchener should emulate  
Our Truly Great,  
See?

#### Proved Beyond Doubt.

The disappointed victims of poor Catarrh remedies should read the statement of J. R. Smith, of Lake Stream, N. B. In Catarrhzone he found an absolute cure and says: "Last winter my little girl of eight caught cold which lodged in her ears in the form of Catarrh. She became sick and deaf and nothing helped. By inhaling Catarrhzone she got relief and gradually the discharge went away. She was cured perfectly of Catarrh. Personally I can recommend Catarrhzone for coughs and throat irritation; it's a wonderful medicine." Sold everywhere, 25c. and \$1.00.

#### Summer Homes.

In few respects have the customs of the American people more rapidly changed within the memory of living men than in references to the summer outing. It is only within the last generation or two that people have generally left the cities for summer homes in the country, by the seashore or in the mountains. Not only has the custom of maintaining two regular homes practically come in, but the way in which the year is divided between the two has very greatly changed in the last half century. The country season is steadily growing longer. All this is the logical outcome of the growth of wealth and of public taste. The old Boston of seventy years ago was almost as rural in its access to the fields and the seashore as are many of the places in which Boston people now maintain their establishments. The time has gone by when an unwritten law of duty or custom compelled even the wealthy to choose between staying in the city during the heated term or seeking what repose could be found in a few approved watering places whose mammoth hotels were usually congested. Yet the time when revolution in thought that impelled the city countryward in the summer began is not so long gone by that the middle-aged, or the man or woman in the forties, cannot recall the curiosity which inspired them to doubt whether the closed shutters on urban residence streets meant that the family was actually away.

Coughs that are tight, or distressing, tickling coughs, get quick and certain help from Dr. Shoop's Cough Remedy. On this account Druggists everywhere are favoring Dr. Shoop's Cough Remedy. The tender leaves of a harmless lung-healing mountainous shrub give Dr. Shoop's Cough Remedy its curative properties. Those leaves have the power to cure the most distressing cough, and to soothe, and to soothe and heal the most sensitive bronchial membrane. Test it once yourself and see! Sold by all dealers.

"What is she marrying for—money or family?"  
"Family, I should say. He's a widower with eleven children."

**Cough Caution**

Never, positively never poison your lungs. If you cough—ever from a simple cold—put nothing in your throat that will irritate, inflame, or burn. Always use a soothing, healing, and soothing remedy. Don't blindly suppose it is with a stinging poison. It's strange how some things actually come about. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or preparations containing Opium, Chloroform, or similar poisons. And now—a little if poisons are in your Cough Mixture. Good! Very good! However, for the very reason mentioned, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks them. You can always be on the safe side by demanding
