

Notice.

SHELBURNE COUNTY BAPTIST QUARTERLY MEETING.

The Shelburne County Quarterly Meeting will convene with the Baptist church at Jordan Falls, Tuesday and Wednesday, Nov. 8th, and 9th. The first session will open on Tuesday at 10.30 a. m. On Wednesday afternoon the W. M. A. S. of the county will hold a meeting.

E. P. COLWELL, Sec'y.

Osborne, Oct. 6th, '04.

The Cumberland Co. Quarterly Meeting to have been held November 7th, has been postponed until further notice, owing to the additions to the Springfield Baptist church not being completed.

Yours truly,
H. F. SHAW, Sec'y.

QUEENS CO. QUARTERLY.

The 32nd meeting of this Quarterly will be held in Brooklyn, N. S., on Nov. 21st and 2nd, 1904.

W. B. CROWELL, Secy-Treas.

ANNAPOLIS CO. QUARTERLY.

A goodly number of ministers and laymen met at Clementsport on Oct. 24 and 25 for the purpose of attending the Conference and also the council called to examine Bro. A. H. Saunders for ordination. Monday afternoon and evening were devoted to the latter an account of which will probably be given to the readers of the MESSANGER AND VISITOR by the Sec'y of the Council.

The Conference opened on Tuesday morning. In the absence of Pres. Rev. H. G. Colpitts, Vice Pres. Rev. H. H. Saunders presided. A Committee was appointed to arrange for a public farewell meeting for Rev. W. L. Archibald and wife before going to India.

Rev. A. Cohoon gave us an interesting and profitable address on denominational work, his remarks bearing especially upon method of raising funds for same. An interesting discussion followed.

Rev. N. A. Whitman of Annapolis Royal then read an interesting paper on "The value of and how to secure a good prayer meeting." The brethren discussed this paper both at the morning and afternoon sessions.

The afternoon session opened with a paper on S. S. work by pastor W. H. Warren. His principal aim was to show how to secure evergreen S. Schools. If the function of the S. S. was magnified lifting it above the idea of a school where little children receive primary instruction, to the thought rather of a University where great subjects and lofty themes are studied then the people would feel the need of continuing them all the year.

Rev. I. W. Porter then gave us a strong address on the church and the young people. This able and timely address was heartily enjoyed by all.

Helpful and illuminating discussions followed most of the papers and addresses.

The devotional services led by pastors Saunders and Blackadar revealed a deep desire on the part of those who took part for a revival of religion in the churches.

The meetings were characterized by spiritual power, especially marked on Tuesday evening. Pastor Haverstock in a quiet but very impressive manner gave us an address on "soul-winning." This paper together with pastor Daley's sermon the previous evening left deep and lasting impressions as to the value of our work as soul winners. As the preacher for the evening was absent, Rev. F. C. Wright was requested to take his place. This was no mistake for in a tender and spiritual manner he led on our hearts as he discoursed from the text "He saw them toiling in rowing." Then followed a most helpful testimony meeting in which a large number took part.

It seemed to be the feeling of many that a large blessing awaits pastor Saunders and his people. From all appearances the Clementsport church has secured the right man, and we feel confident that God will largely bless this new union. We cannot speak too highly of the cordial welcome and sumptuous entertainment given us by this church and pastor, also of the efforts of the choir to do all in their power in furnishing us with excellent music. We were pleased to have with us Rev. R. D. Porter, who but a few weeks ago so narrowly escaped being

Have Asked Us to Buy Them a 50c. Bottle of Liquozone.

1,800,000 People

We offer to buy the first bottle of Liquozone, and give it free to each sick one who asks it. And we have spent over one million dollars to announce and fulfill this offer. Our object has been to let Liquozone itself show what it can do. A test is better than testimonials, better than argument. In one year, 1,800,000 people have accepted this offer. They have told others what Liquozone does, and the others told others. The result is that millions now use it. It is more widely employed than any medicine ever was—more widely prescribed by the better physicians. And your own neighbors—wherever you are—can tell you of people whom Liquozone has cured.

Not Medicine.

Liquozone is not made by compounding drugs, nor is there alcohol in it. Its virtues are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. This process has, for more than 20 years, been the constant subject of scientific and chemical research.

The result is a liquid that does what oxygen does. It is a nerve food and blood food—the most helpful thing in the world to you. Its effects are exhilarating, vitalizing, purifying. Yet it is a germicide so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot

not kill. The reason is that germs are vegetables; and Liquozone—like an excess of oxygen—is deadly to vegetable matter.

There lies the great value of Liquozone. It is the only way known to kill germs in the body without killing the tissues, too. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is almost helpless in any germ disease. It is this fact that gives Liquozone its worth to humanity. And that worth is so great that, after testing the product for two years, through physicians and hospitals, we paid \$100,000 for the American rights.

Germ Diseases.

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone attacks the germs, wherever they are. And when the germs which cause a disease are destroyed, the disease must end, and forever. That is inevitable.

gored to death. Not being present at the convention at Truro he felt desirous of discussing some points on the "Basis of Union," therefore a special conference was appointed for Wednesday morning, when the question was discussed clearly and kindly, leaving the impression that all had been done that could be for the good of the churches and the glory of God and therefore for the furtherance of his blessed cause. RECOGNITION.

A very interesting recognition service took place in the Amherst Baptist church, Wednesday evening, Oct. 26th, the occasion being the public induction and welcome to the new pastors, Rev. S. W. Cummings and J. T. Dimock. Senator T. R. Black, in the absence of Deacon Pride who was ill, occupied the chair and spoke briefly in reference to the call and acceptance. Rev. H. Cann of Tidnish, read the scripture lesson and engaged in prayer. The choir rendered appropriate music. Rev. B. H. Thomas of Dorchester, represented the N. B. Baptist churches. Rev. A. Hockin, on behalf of the Methodist church, bade the pastor and assistant welcome. Rev. H. G. Estabrooks, Springhill, moderator of the quarterly conference, and Mr. William Cummings, president of the maritime convention, welcomed them in behalf of these two bodies. Rev. D. A. Steele, D. D., pastor Emeritus of the Baptist church, gave the welcome in behalf of the church. Revs. Cresswell and Wood were unable to be present. Mr. Cresswell sent a letter conveying his good wishes. Both Messrs Cummings and Dimock spoke briefly. A pleasing feature of the service was the welcome extended by Mr. Cummings as president of the maritime convention, to his son, the new pastor of the church. The exercises were:

Prayer and Benediction—Pastor.

Our hearts have been made glad by the powerful presence of the Holy Spirit manifested in the conversion of many of our young people fourteen of whom have recently been baptized and seven have just been received for membership after baptism and others are interested or converted. Our

meetings are largely attended and much interest is shown. Our pastor is throwing himself heartily into the work and God is working through him. To him be all the praise.

The Philadelphia Ledger says: The great trouble with the most of us is that we say in a subdued tone that we are against war, and then when indications of militarism appear we join the brutal and ignorant mob and help to prepare for war. The way to stay the war spirit is to fight every manifestation of it all the time.

MEDICAL ADVICE FREE ON CATARRH.

As winter approaches the Catarrh germs again begin their deadly work. Catarrh should be taken in hand now before it develops into a much more serious trouble. Anyone who suffers from Catarrh in any form whatever can have the most valuable medical advice, absolutely free of charge, from the leading Catarrh Specialist of the age, by simply writing for it. Catarrh Specialist Sproule, whose offices are at Trade Building, Boston, makes on page 16 the generous offer of Free consultation and advice to all Catarrh sufferers and every reader of this paper who is afflicted with this loathsome and dangerous disease can receive in this manner counsel and instruction in regard to the cure of Catarrh that would otherwise cost a large fee. Do not fail to write to him if you have Catarrh.

Dear Sirs.—I was for seven years a sufferer from Bronchial trouble, and would be so hoarse at times that I could scarcely speak above a whisper. I got no relief from anything until I tried your MINARD'S HONEY BALSAM. Two bottles gave relief and six bottles made a complete cure, I would heartily recommend it to anyone suffering from throat or lung trouble.
