Later the party had tea at the Barker House and at the conclusion of the feast there were toasts to the King and to the Queen. To the latter toast W. M. They both expressed themselves as agreeably surprised with what they had seen in New Brunswick.

BIG SUIT AGAINST MONTREAL RAILWAY

Montreal, Aug. 17.—John H. Kimball, acting as tutor for his minor son Oscar, has entered suit against the Montreal Street Railway for \$43,450, claiming that the boy has been made a cripple for life by an accident which took place last March. The boy jumped on a St. Catherine's street car but so great was the crowd that he could only find room on the steps and was knocked from this position and very seriously injured by a lorry past which the car was driven by the motorman at, it is alleged, altogether excessive speed.

CARLETON COUNTY IN LINE FOR THE BATTLE AGAINST RECIPROCITY

B. Frank Smith Chosen at Great Convention, Yesterday, to Oppose "Dark Lantern" Carvell. Convention at Woodstock was Largest and Most Enthusiastic in the History of the County--Candidate, and Others, Discussed Campaign Issues and Got Great Reception--T. M. Burns, Conservative Choice in Gloucester.

Special to The Standard. Woodstock, N. B., Aug. 17.—"Smith, Frank Smith," were the cries tonight from one of the largest and most enthusiastic nominating conventions ever held in Carleton county. The convention was held at Woodstock, N. B., on Tuesday, and was the largest and most enthusiastic in the history of the county. B. Frank Smith was chosen as the candidate for the county at the convention.

A Fighting Candidate. The people of Woodstock also turned out in large numbers showing the esteem in which the Conservative candidate is held. The delegates were particularly fortunate in their choice of a candidate, for in Mr. Smith they have secured a gentleman whose name has been a member of the legislature where he did good service for his country.

United and Determined. "However, that is about past history. It now remains for us to let the 'dead past bury its dead' and go into the contest united and determined to fight an agreement which will destroy the fiscal freedom and the national life of this country."

Endorsed Mr. Borden. When the convention was called to order by Dr. W. D. Rankin at 7:45 there was much enthusiasm. Besides the chairman, Hon. J. K. Fleming and Donald Munro, M. P., were seated on the platform. Later B. Frank Smith and O. S. Crockett took seats alongside the chairman. Dr. Rankin made a brief speech, and in calling the meeting to order, explained the object of the convention and said it was one of the largest he had ever seen in this county.

Even the Elements Against Laurier. Three Rivers, Aug. 17.—A most insipid opening was made for Wilfrid Laurier's tour of Quebec today when his open air meeting was broken up just as he concluded his address by a storm of tropical fury. The premier was drenched to the skin and had to change his clothes immediately but was apparently none the worse for the incident.

MR. FOSTER NOMINATED.

Toronto, Aug. 17.—Hon. G. E. Foster was again the Conservative nomination in Toronto tonight. "We have before us for the next half century, for our mechanics, our laborers, and the farmers of this country, the same prosperity and progress that the United States enjoyed during the past century. We will not spurn this bribe that has been offered us by the American people and conserve our own markets for ourselves."

MR. BORDEN MAKES GOOD AT SIMCOE

Conservative Leader Received a Great Ovation at Big Meeting--He Answered Laurier's Arguments. Simcoe, Ont., Aug. 17.—The fervid oratory with which Sir Wilfrid Laurier deluged this town on Tuesday was robbed of much of its effect tonight by the calm, clear, logical and dispassionate utterance of R. L. Borden, leader of the Conservative party. Mr. Borden was given a great reception and his meeting was even larger than that which was addressed by Laurier on Tuesday.

Sussex, Aug. 16.—The Liberal Conservative campaign for Kings opened with a swing last night, with a series of meetings at different points of the county. At Golden Grove, F. M. Sproule, M. FLOODING THE MARKET

Suppose the duty for instance was taken off hay and the American market was more attractive than our own, and the shipments of hay from the States to Canada would be directed to that market, it would mean that instead of 200 cars of hay going to Boston each week there would not be less than 600 or 800 cars going into that market and they are only able to consume 200. What would become of the other 600 cars of hay that they were not able to consume? They would certainly have to find an outlet and if you will stop to think that outlet for a large portion of it must necessarily be the British market, which is at present our own home market.
