

## CATHEDRAL HIGH TEA PROVES A SUCCESS

Over Six Hundred Present at  
Opening of Popular Annual  
Affair - Attractive Decorations  
of Rooms.

The Cathedral High Tea, an event anticipated with pleasure each year, opened last evening in Kelt's Assembly Rooms. The expectations of those in charge of the event were fully realized, and the measure of success attendant upon the efforts of the committees augurs well for the outcome of the sale.

The rooms presented an attractive appearance. Through the efforts of energetic committees the rooms have been artistically decorated for the high tea. The decorative scheme this year surpasses in beauty that of previous years. The booths with their multi-colored trimmings, the profusion of gay flamingo, and potted plants, with the lighting effects combine to make the scene one of rare brilliancy, and the measure of success attendant upon the efforts of the committees augurs well for the outcome of the sale.

The larger of the rooms has been utilized for the supper tables, four in number. Each table has a distinct color scheme, red, yellow, and pink. The smaller of the rooms is taken up with the five booths, the candy booth, the ice cream booth, the refreshment booth, the fish pond and the fish table. Each of these has been attractively decorated and designed with originality, and an efficient committee preside over each. One of the features in connection with the fancy booth, which attracted considerable attention, is a beautiful oil painting. The attendance on the event was unusually large, over six hundred persons taking supper.

At the different booths where the several wares were displayed, those in charge were kept busy. The amusement features provided this year include many of the popular last evening. The wheel of fortune, and the fish pond, ever popular, were again in evidence. The orchestra, under the evening's patronage, their popularity was not waned. The City Cornet band was present and rendered an excellent programme. The tea and sale will continue this evening. The St. Joseph's orchestra will provide music.

## YACHT CLUB DEVOTES EVENING TO THE WEED

The Royal Kennebec Yacht Club gave one of their most enjoyable smoking concerts in their rooms, Germain street, last night and it was very largely attended. The programme was one of the best that has been given by the club. The club had one of their own orchestras present composed of the following: Howard Holdier, D. Robillard, Mr. Wiley, F. Holdier, W. G. Stratton, R. E. Crawford and H. H. Williams. The orchestra was heard in a number of choice selections and were highly congratulated on their work.

D. Arnold Fox was the accompanist for the soloists. Rear Commodore A. E. Everett presided at the smoker and the programme included the following numbers: reading, A. W. Baird; song, P. J. Panter; musical selection, Messrs. Panter and Wilson; saxophone solo, Panter and Wilson; accompaniment, H. H. Williams; comic selection, Frank Hamm; song, D. B. Pidgeon; whistling solo, Mr. Miller; reading, R. W. Ingram; song, Byard Stillwell; special selection, Songs From England, orchestra; National Anthem. After the programme Clarence B. Allan in a brief speech, moved a vote of thanks to the performers and the committee provided. This was seconded by J. Fraser Gregory and carried. Refreshments were served and a most enjoyable time was spent by all present.

**Ministers Meetings.**  
At a meeting of the Methodist ministers held yesterday morning matters pertaining to the Laymen's convention were discussed. A motion was given that at the second meeting in December a motion will be placed before the board to modify the present system of pulpits. The exchange of pulpits ministers met in semi-monthly session yesterday. A paper on "The Doctrine of Christ" was read by Rev. W. Camp. A resolution of regret over the illness of Rev. Dr. McIntyre was passed by the board.

# EDMONTON

## Article No. 2.

A LITTLE OUTPOST TOWN, on the northwestern frontier, had grown to a thriving prosperous city of thirty thousand, and the city is EDMONTON. As one looks at this picturesque and truly wonderful little city, from across the magnificent gorge of the Saskatchewan, the picture is only to be likened to some romantic town of the old world, which people will journey across oceans and continents to behold. But there is a difference. These beautiful old world towns are places of traditions, Edmonton is a city of prophecy. For all around it is a magnificent prairie with a soli of unrivalled richness. Away to the north is that land of mystic charm, the Peace River Valley with its broad prairies curious and bewitching traditions, beautiful rivers and a climate that benignly contradicts its latitude. And then further north is the magnificent Mackenzie Valley and the land of the Midnight Sun. An Empire is in the making here: eight hundred miles to the west and Prince Rupert, the Pacific Gateway; and eight hundred miles again to the north and the Mackenzie River and another ocean highway to the Arctic;—and Edmonton is the gateway to this coming Empire of the Northwest.

It was from here that two young men journeyed west to find their fortunes, and it is in Edmonton that was organized, only a few months ago, the first of Western Canada's Great Industrials. But before telling the story of this great institution, it is worth while telling the story of its making.

In the industrial development of the Northwest, Edmonton stands for a principle, and that principle is ORGANIZATION. In this Century of Twentieth Century Progress is found the secret of industrial success. It is all in the word—Organization. And that word is written boldly across the chart of commercial activity in Edmonton. Someone said here: "We must build right or build twice." And the answer was spontaneous: "We will build right that we need not build twice."

And when the business men of Edmonton saw themselves face to face with the first great industrial institution of the northwest, their first step was to create an institution, the like of which is not to be found on the American continent. It was an institution carefully and scientifically created for the purpose of Organizing, Financing, Building and Operating the mills and factories that are making the new Empire of the Northwest.

This institution was created for the specific and deliberate purpose of organizing industrial concerns, so that they will pay dividends to their shareholders. At its head is a business man who possesses the genius of organization. There are seven departments, each of which is under the direction of a competent manager of thorough training and successful experience. These departments are:

- Accounting
- Office System
- Engineering
- Factory Organization
- Law
- General Sales
- Mail Sales

Experts for these departments were recruited from the great industrial and commercial centres of the United States and Canada. And what this institution has meant already to Edmonton may be illustrated by its history.

Starting on the 20th day of last March with a little table and typewriting machine in one corner of its organizer's room in an Edmonton Hotel, this Organization Institution has grown in less than eight months to a great business, occupying five rooms in a large office building, and employing more than fifty men and women, most of whom are experts in their lines. And with the beginning of the new year, this Institution will occupy the entire top floor of the largest office building in Edmonton, and will be employing more than one hundred men and women.

This is the only institution in the United States or Canada equipped for every department of Factory Organization and Management. And it is this Institution that is Organizing, Financing, Building and will put into successful operation this, the great industrial of Western Canada, the story of which will be told in the four remaining days of this week. A brief statement of the methods of this Organization Institution is worth while.

In the Engineering Department the most competent mechanical and construction engineers obtainable are employed. These are men of the most complete and scientific training and of many years successful experience. This department has charge of constructing the factory of twenty large buildings.

The Factory Organization Department is made up of men trained in the thorough and scientific factory methods that have made the great American factories such marvels of perfect organization and efficiency. This department has charge of assembling and installing the machinery, and routing and standardizing the work, so that the maximum of efficiency is obtained from every machine, man and method.

The Accounting and Office System Departments are made up of a large force of trained accountants and system men who are commissioned with the responsibility of installing complete and accurate systems of accounting and costs, and interlocking count-checking office methods.

The effect of all this is that when a factory is organized by this institution, it means that the right machinery has been purchased at the lowest possible cost and assembled for the highest speed and efficiency. It means that the most expert workmen obtainable are employed and placed under the direction of thoroughly competent and highly trained superintendents. It means that the business organization of the factory includes the most perfect organization the most complete accounting and system, and the most thorough and effective administration of the affairs of the concern. And finally, it means the most economical and efficient production, the largest and surest possible profits and certain dividends to shareholders.

These are the methods, briefly told, of the only institution either in Canada or the United States, organized for the purpose of building successful businesses. And it is this institution which has organized and is building the great Factory and Model Workmen's town of which the story will be told in four chapters, beginning tomorrow.

## CONSERVATIVES OF NEWCASTLE MEET

Newcastle, Nov. 24.—The Conservatives of Newcastle perfected organization at an enthusiastic meeting in the town hall on Thursday evening. The inaugural meeting was one of the finest seen here in years. The old members of the party were on hand, while a considerable number of the young men who are proving a great asset to the party were also in attendance. John Ferguson, vice-president of the former Liberal-Conservative Association, called the meeting to order, and on motion, Col. Maltby was elected chairman. On motion of Hon. Donald Morrison, seconded by J. Gregory Layton, the meeting decided to form the Liberal-Conservative Association of the town of Newcastle. Ald. Butler thought it would be more expedient to reorganize the old association rather than commence a new one. The following sections were subsequently adopted: "This association shall be called the Liberal-Conservative Association of the Town of Newcastle."

"The purpose of this association is to advance unity and integrity of the British Empire, to support and further the principles and aims of the Liberal-Conservative party of the Dominion of Canada and to promote the best interests of that party."

"Any person of at least 18 years who is a British subject and in sympathy with the objects of the association, shall be eligible for membership."

The following officers were then elected:

Ald. John Clark, president; Eugene Connolly, vice-president; A. A. Davidson, treasurer; W. H. Belyea, secretary. On motion, the following were appointed a committee to name the executive committee: Col. Maltby, Ald. Sargeant, Hon. D. Morrison, Eugene Connolly and R. H. Armstrong. The committee recommended the following names as the executive committee: John Clark, Eugene Connolly, A. A. Davidson, W. H. Belyea, John Ferguson, E. A. McCord, Hon. D. Morrison, T. W. Butler, R. L. Maltby, J. R. Lawlor, R. H. Armstrong, John Dalton, Allan Ritchie, Jr., R. H. Gremley, J. D. Croghan, E. A. O'Donnell, Percy Russell, W. S. Fish, R. C. Clark, Thomas Russell, Charles Dickson, Edward Creamer, Harry

Taylor, Charles Sargeant and George Stothart. The recommendation of the committee was adopted.

On motion, it was decided that the executive committee be authorized to prepare a program for the formation of a Liberal-Conservative club and take the necessary steps to secure a suitable place for the meetings.

On motion of Col. Maltby, Sir Maxwell Aiken was elected an honorary member of the association.

On motion of Hon. Donald Morrison, Hon. R. L. Borden was elected an honorary member of the association.

On motion of John Ferguson, Hon. J. D. Hazen was elected an honorary member of the association. It was decided that the association endorse the policy of Hon. R. L. Borden and that he be communicated with and congratulated on the victory of September 21st, last. During the evening several of the more prominent members of the association delivered brief remarks on matters relevant to the party. Everything went along with a swing and the new association gives promise of being a great influence for good to the party in Northumberland.

## HAMPTON NEWS.

Hampton, Nov. 24.—The executive committee of the St. Paul's Branch of the Church of England Woman's Association, held a bazaar and sale of a variety of fancy and useful articles, yesterday afternoon in Agricultural Hall, Hampton Village, which was well attended.

Those in charge of the bazaar and fancy goods tables were Mrs. E. S. Campbell, Mrs. J. M. Scovill, Mrs. Eben Smith. Candy tables—The Misses Alice, Dorothy and Doris Spooner. Home cooking table—Miss Hazel Baird.

Gypsy Booth—An unknown and undiscovered Oriental lady mystic. The Tea tables—Miss Hanford, Miss Wilson, Mrs. J. Campbell, Mrs. E. A. Schofield, Mrs. Jones, Mrs. Adams. On Tuesday evening the ladies of the Hampton Station Baptist church Woman's Missionary Aid society celebrated Crusade Day by a meeting

at the Baptist parsonage, which was addressed by Miss Flora Clark, formerly of Moncton, but for the past eight years a missionary among the Telugus of the Presidency of Andhra, India, who is home on furlough. An invitation extended to the Methodist Women's Aid society brought to the gathering a number of ladies of that organization, and their presence helped to increase the interest in missionary effort awakened by Miss Clark's narrative of the work so rapidly extending in her field of labor. At the close of the meeting refreshments were served and a pleasant hour spent in social intercourse.

This afternoon in Methodist Hall Mrs. C. F. Sanford, of St. John, delivered a most interesting and instructive address to a large missionary gathering, under the auspices of the Methodist Women's Missionary Aid society, her subject being, "The World in Boston," an intensely picturesque story of the great missionary convention held in that city.

The Hampton people are to enjoy another lecture course this winter under the auspices of the Hampton Methodist church, in Methodist Hall, similar to that so successfully carried out last winter. The programme as follows:

Farewell to Brigadier Adby.  
In the Salvation Army Citadel last evening the corps of the city united to farewell Brigadier and Mrs. Adby, who will leave this evening for Hamilton, Ont., to assume charge of the army in that city. The Citadel was crowded last night, many citizens taking part in the farewell. Addresses by the representatives of the several departments of the army were held. On behalf of the Evangeline Home Staff Capt. Holmes tendered a farewell and God speed to the departing leaders. Capt. Duncan, Capt. Haynor and Ensign Duncan spoke for the city corps, the Metropole and the subscribers department. The brigadier and Mrs. Adby delivered short addresses expressing their regret at departing and appreciation of the cooperation they had experienced from the members of the army. On behalf of No. 1 Corps Capt. Duncan presented Brigadier and Mrs. Adby with a handsome hand painted fish set. A musical programme was then carried out. Adj. Carter presided during the evening. Brigadier and Mrs. Adby leave this evening for their new field and have the sincere good wishes of the community.
