Engineers. Wounded: Sergt. Andrew Campbell, Prospect street, Fairville, St. John, N. B. Infantry. Wounded: F. E. Beale, Yarmouth, N. S. E. Gordon, Wallaceburg, N. B. Artillery. Gunner A. McAvity, St. John, N. B. Mounted Rifles. Wounded: E. Munford, Halifax, N. S. J. W. Carr, Halifax, N. S.

HONOR ROLL UNVEILED IN COBURG ST. CHURCH

Impressive Service Yesterday Afternoon - Major G. G. Corbett Delivers an Address.

Yesterday was rally day in the Coburg street Christian church. In the morning No. 8 Field Ambulance was in attendance and the Rev. A. R. Hodges preached the sermon. Taking for his text "A Good Soldier," the reverend gentleman, who is now a lance sergeant in the unit, preached a very impressive sermon. During the morning service a vocal solo by John Prantz was splendidly rendered. Mrs. George Horton gave a special Sabbath reading. At the afternoon rally of the Bible Class of the Sunday school the unveiling of the honor roll was most impressive. Major G. G. Corbett of the Field Ambulance Depot read the address accompanying the unveiling. He spoke of the first call sent forth by the motherland in her hour of trouble and how the colonies had responded. He made special reference to the splendid support that Canada has given the Empire in the present war. Not only has the Dominion contributed men and munitions to the motherland but she has also assisted her financially, said Major Corbett. He also made reference to the fact that every walk of life is taking deep interest in the need of men at the front, and men from all vocations and professions have offered their services. "The sacrifice made by the Christian church," said the speaker, "is a noble one, and one to be proud of." Major Corbett spoke of the work accomplished at the front by the Red Cross, and strongly appealed to the audience to assist the society. He also gave an outline of the work in which he had been engaged while at the front, that of the Canadian Army Medical Corps. He stated that the Field Ambulance Depot would soon be leaving for the other side, and that they were in need of a few dollars to swell the regimental fund, and that any donations would be thankfully received. At the conclusion of the address Mrs. Hodges unveiled the honor tablet. There are now twenty-four members of the church in the king's uniform. Considering the number in the church this is indeed an admirable showing. The names on the honor roll are: George Boone Fred Pattman J. W. Hawkins Fred Clark Wm. Dorman F. Palmer A. F. Hodges Linwood Doughty Fred C. Laskey Wm. H. Laskey Jos. P. Laskey Fred Wilson Otty Wilson Kenneth Moorhouse Chester Johnson Kenneth Garnet Chas. Upham Arthur Upham J. A. Everett Mr. Powell Mr. Pattman John Leary Capt. Leary Miss G. Wilson

THE CITY CORNET BAND PLAYED 165TH TO CHURCH AT OLD BRIDGE SITE

Local Organization Joined With Col. D'Aigle's Regiment in Parade to the Cathedral.

The 165th French Canadian Battalion in command of Lieut. Colonel D'Aigle and accompanied by the regimental bands and also the City Cornet band attended the ten o'clock mass at the Cathedral. The sermon was preached by His Lordship Bishop LeBlanc. Although it has only been a short time since the battalion arrived in the city, the parade yesterday was the best seen in the city for a long time. The members of the battalion carried themselves with manly bearing and the soldierly stride of the regiment. The French Canadian will leave a permanent impression in the minds of the citizens long after they have left our shores. The orderly officer for today will be Lieut. A. R. Arsenau. Private Fred Dorion is now attached to staff company, while Private Guy J. Albert has been transferred to Company, Pte. F. Bourque has been also transferred to the staff company.

A MEMORIAL TABLET AT OLD BRIDGE SITE

Commemorative Ceremony Will Take Place on Thursday Afternoon—Governor and Provincial Ministers Will Attend.

An event of unusual interest will take place Thursday, the 19th at 2:30 in the afternoon, when the tablet commemorative of the Suspension Bridge will be unveiled. This tablet will be placed at the western end of the bridge, between two stones which were taken from the bridge when it was demolished, one bearing the name of William K. Reynolds, the inventor, and the other the name of Edward W. Serrell, the builder of the bridge. Mr. Serrell was an engineer who gained fame as an officer in the civil war in the United States. The Suspension Bridge across the falls was one of the first of its kind to be built in America. Those who will take part in the ceremonies will be Lieut.-Gov. Wood, Premier Clarke and members of the government, Mayor Hayes, Warden McLellan and George A. Henderson, president of the New Brunswick Historical Society. The 165th band will be present and provide a programme of music for the occasion.

MUSQUASH VISITED BY A SERIOUS FIRE

Residence of Frederick Spinney and No. 5 Orange Hall Burned on Friday Morning

The village of Musquash was visited by fire Friday morning last when the residence and outbuildings owned by Frederick Spinney, father of Police Constable Spinney, were burned to the ground. The Orange hall, occupied by L. O. L. No. 5, was also destroyed. It was about eleven o'clock when the fire was discovered and it was then burning on the roof, supposed to have caught from a spark from the chimney. The alarm was given and Mr. Spinney and neighbors formed a bucket brigade and attempted to put out the fire. The wind was blowing hard at the time and despite the efforts of the men the flames spread so quickly that it was soon seen that the residence was doomed. The men then commenced removing the furniture and the greater portion of it was saved. From the residence the flames spread to the barn and other outbuildings as well as the Orange hall which is adjoining. It was only a brief time before all the buildings were reduced to ashes. There was some insurance on the residence as well as the hall, but not enough to cover the loss. The Spinney barn was filled with hay and this, with some farming implements, was destroyed.

SIR THOS. TAIT RESIGNS AS HEAD OF NATIONAL SERVICE

Incident in Connection With His Proposal to Appoint G. M. Murray to Post of Secretary Prompted Unexpected Action—R. B. Bennett, M. P. for Calgary, Becomes Director of National Service.

Ottawa, Oct. 15.—Sir Thomas Tait, director of the National Service, has resigned and Mr. R. B. Bennett, M.P., Calgary, has been appointed in his stead. The resignation was entirely unexpected. Sir Thomas has already left the city. The incident which led up to his resignation arose out of his proposal to appoint Mr. G. M. Murray, secretary of the Canadian Manufacturers' Association to the position of secretary of the directors of National Service, and an official statement upon the subject issued by the Prime Minister today says: "All proposed appointments are in the regular course submitted to the government for approval. In order to accept this appointment, however, Mr. Murray resigned in advance his position as secretary of the Canadian Manufacturers' Association. Objection was taken to the proposed appointment of Mr. Murray on the ground that a circular which he had issued to the members of the Canadian Manufacturers' Association misrepresented a communication to him from the Minister of Finance with regard to the use of Canadian products and materials for the equipment of the Canadian forces while in Great Britain. It was felt that while this circular remained uncorrected the government could not consistently approve of Mr. Murray's appointment to the position mentioned. On October 10, Mr. Murray wrote a letter to the Hon. Mr. Kemp, and also a letter to the Hon. Thomas White, in which he frankly admitted his error in framing the circular. Upon receiving the letter from Mr. Murray containing this acknowledgment, it was felt that no further objection on that score could be raised. However, Mr. Murray apparently thought that as objection had been raised in the first instance, he could not consistently accept the position which had been offered to him by Sir Thomas Tait. As a result of this Sir Thomas felt called upon to resign and his resignation has been accepted by the Prime Minister." Sir Thos. Tait's Letter. Sir Thomas in his letter of resignation to the Prime Minister, dated Oct. 12, said: "In view of what has occurred in the case of Mr. G. M. Murray, who had been offered by me and who had accepted the position of secretary of National Service, and of that incident as indicative of what may be anticipated in connection with the future organization and work of National Service, I feel compelled after serious consideration to relinquish the position of Director General of National Service and I therefore do now resign from that position." Sir Robert Borden replying on Oct. 12, said in part: "It came somewhat as a surprise as you had not given me in our interview of last evening an intimation of any such intention. While I do not venture to question a decision which must rest upon your own judgment, you will permit me to say that in my opinion there was nothing in the incident which has occurred that should have impelled you to take so serious and precipitate a decision." The circular which caused the trouble stated in effect that "All supplies for troops after they leave Canada are furnished by the British government and charged to the Canadian government." Under date October 5, Mr. Kemp wrote Mr. Murray at the request of Sir Thomas White to explain the situation, and said that "The Quarter Master General of Canada forwards to Great Britain for Canadian troops their clothing and other such supplies similar to those which are supplied to the troops when they are in Canada." On Oct. 6th, Sir Thomas White also

CANADIAN PATRIOTIC FUND \$50,000

The committee appointed to procure the sum of \$50,000 by voluntary subscriptions to meet the requirements up to the end of the current year is now, for the last time, appealing to the generosity of the citizens of St. John. The sum must raise \$50,000 for the District of St. John, which comprises St. John City and County, Kings, Queens and Albert Counties. We make this last appeal believing that the citizens of St. John will not shirk their obligations to the wives, families and dependents of the soldiers now risking their lives, and fighting the battles of our country. It is impossible for us to visit all citizens desirous of subscribing, and we do not wish to overlook anyone, but give all generously disposed an opportunity of subscribing any amount in accordance with their means. Besides our work will be greatly facilitated if those desirous of contributing will send their names to either T. H. Estabrooks or W. H. Thorne, chairman of the committee. We submit a list of those who have already subscribed and feel assured that the amount we require will be made up before the end of the present week.

SAVE THE CHILDREN

Branch of Belgian Relief Committee's Work Which Must Appeal to Fathers and Mothers. A work which cannot but appeal to Canadian fathers and mothers, particularly those who have little ones of their own who have been visited by serious illnesses, is being carried on just now in Belgium. This work is being done by what is known as the Childhood Sustenance Commission, and is setting in its most effective results in Brussels. The work is being carried on under the charge of the Belgian Relief Committee. It is a hard thing to sit by and watch one child fade away and gradually approach death, but to be faced by hundreds—yes, thousands, doing the same, is the problem that faces Belgium. Here the future manhood and womanhood of the country is being blighted by the lack of food. Malnutrition is leading to anemic and frail little bodies and this in turn to feeble minds. And the problem is even greater because of the fact that there is barely food enough to give each person one scanty meal of three slices of bread and a pint of soup a day. By pinching here and saving there, however, the Childhood Sustenance Commission is having children examined by physicians and where possible and where the necessity is great extra meals are being provided. These are being served chiefly at the schools, but in some instances in special food stations. All this work—greater which must be done—means a greater drain on the resources of the Belgian Relief Committee, which is now almost the sole food source for seven million people. This committee must look to Canada for a large part of its support, for the contributions that make it possible to purchase food for these people. Over \$2,500,000 a month is needed to carry on all the work. In spite of the heavy drain on her resources Belgium is doing her share. The Belgians all over the world are doing theirs. The States are responding nobly and Canada has answered all calls with generous and noble giving. Now at the crucial period of the war, when victory is in sight, the need is even greater than ever. Give now, we must have help at once, is the cry of the committee. The workers—those men and women who have given their services to this cause of humanity for the past two years—pleading for support. Send your money to the committee in your territory, in your town, or to the Belgian Relief Committee, 59 St. Peter street, Montreal.

ECZEMA Pimples form, run watery matter which turns to crust, itching becomes painfully intense, and the disease spreads over the body. There are many varieties of eczema, but all are cured by Dr. Chase's Ointment. Relief from itching is obtained at once, and gradually and naturally disappears. You can see with your own eyes just what is being accomplished from day to day. Dr. Chase's Ointment is a powerful healing, soothing ointment, and his will encourage you to keep on using it until treatment is complete.

Dr. Chase's Ointment

PURITY FLOUR is much whiter than milk, Milled to perfection and smoother than silk, Made of the finest and hardest of wheat. Purity bread is an epicure's treat. Deep is the longing which gleams in your eye At the first view of a Purity Pie!

New moon... RID STOMACH OF GASES, SOURNESS, AND INDIGESTION "Pape's Diapspisin" ends all stomach distress in five minutes. You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs. Pape's Diapspisin is noted for its speed in giving relief; its harmlessness; its certain unflinching action in regulating sick, sour, gassy stomachs. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach troubles has made it famous the world over. Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead, ferments and sours and forms distor causes headache, dizziness and nausea; eructations of acid and undigested food—remember as soon as Pape's Diapspisin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming all such stomach troubles is a revelation to those who try it. The annual meeting of the Soldiers' Wives' League will be held in the vestry of St. Andrew's church, on Wednesday, October 18th, at 8:30 p. m. Will convenors of the regimental committees be prepared with reports. MARY H. DAY, Secretary. A country correspondent of a London journal, speaking of the annual hop-picking, says: "The picker of 1916 is an entirely new species; but most remarkable is the improved condition of the children. Hitherto they were for the most part unkempt, insufficiently clad, and underfed. Today the children look brighter, cleaner, healthy, and well nourished. They are properly booted, girls better skirted, stockinged, and the boys properly clothed, with shirt-cuffs properly concealed! An innovation this year has been the numbers of families of railway servants who have migrated to the fields. One railway man said that his wife and three children had gone for the month's outing, as he could not afford any seaside for them this year, owing to the increased cost of living. Among the unusual belongings taken down this year, there have been brand-new canisters, fish-kettles, and other elaborate culinary utensils."
