CLEVELAND WON SERIES GAMES ON SATURDAY AND SUNDAY

Indians Now Have Three Wins to Credit and Expect to Make it Four Today—Sensational Playing and Heavy Hitting Yesterday.

Cleveland, O., Oct. 10.—In a game filled with sensational sensations beyond the dreams of fiction, the Cleveland Indians defeated the Brooklyn Dodgers in the first contest of the world's series here this afternoon. An unassisted triple play by William Wambegans, a cast-iron son of Cleveland, and home runs by Elmer Smith and Jim Bagby were individual feats that will linger in the memory.

The victory broke the tie existing between the teams and tonight Cleveland is confident that the world's series banner is within its grasp. The Dodgers, crushed by the two reverses of Saturday and today, are clinging desperately tonight to the hope that a comeback may be made. The Indians believe they have solved the mystery of the Brooklyn pitching staff.

Two Records Established. Two records were established during the hectic hour and forty minutes consummated by today's contest. Never before in a world's series had a triple play been made by one player. So seldom has this feat been accomplished in any league that many fans recall the occasion from memory. A home-run with the bases full was the other epoch-making incident. Another home run, four doubles and a score of hitting and batting feats were thrown in for good measure.

Wambegans' feat is a "Cleveland special." The Indian second baseman is a Cleveland product and Cleveland was the scene of a similar play 11 years ago. If the annals of baseball are to be relied on triple plays unassisted have been accomplished only eleven times and only twice in major leagues. Neil Ball, of the Cleveland club of 1909 carried off a triple play unassisted. In a game between the Boston Red Sox and the Indians played on July 19 of that year Stahl was on first and Wagner at second with McConnell at the bat, when Ball pulled his great play. Today the stage setting was much the same.

The Triple Play. Both Kilduff and Miller had singled to center in the fifth inning and the fifth inning was perched on second and first respectively when Mitchell came to bat. He drove a hot liner high and to the left of second base. Wambegans leaped into the air and speared the ball. Then, before the spectators could grasp the play he had sprinted to second and stepping on the bag eliminated Kilduff who was well on his way to third. Miller was making for second in the belief that the hit was a safe one. It was an easy matter for Wambegans to run up the base line and touch him, completing the first triple ever made by a single player in any world's series.

Cleveland's attack opened with another play that would have been a feature under any other circumstances. With the bases loaded with Indians who had singled in succession off the slants of Burleigh Grimes, Elmer Smith stepped to the plate and, catching one of Grimes' fast spit balls on the very end of his bat lifted the sphere up and over the screen that tops the right field fence for a home run. The ball was so hard hit that it not only cleared the screen, but struck a house across the street from the ball park. The thing was contagious. In the fifth, after O'Neill had been purposely passed, Pitcher Bagby hit another homer, when there were two men on base.

Bagby's hit furnished another novel feat in world's series ball. Never before in such a series have the first seven runs of a game been scored on home run hits.

Sensational Playing. There were many other sensational plays and Catcher O'Neill of Cleveland was responsible for two of these. In the first inning he threw his body full length back of the plate and

Frederickton Won From St. John High

Hard Fought Football Match Saturday Ended With Score Six to Three.

The Frederickton High School boys defeated St. John High 6 to 3 on the Shamrock Grounds Saturday afternoon, thereby winning the second game in the Inter-scholastic Football series.

The game was a hard fought one throughout. St. John scored within the first five minutes of play and at first all things pointed towards an easy victory. The capital players buckled down, however, and proved themselves a well drilled machine, their opposition had a bad effect on the St. John boys who gradually went to pieces and failed to take advantage of openings that offered.

The game was rather slow with the scrimmage working hard all the time. The St. John boys seemed to have the advantage in weight in first of the game, but became ragged as the play progressed, while Frederickton improved. The latter healed well and their quarters played a snappy game in getting the ball out to the halves. St. John's good tackling saved several scores.

The teams lined up as follows:

Frederickton	Full	St. John
Wainwright	Low	
Haives		
Kear	Melneroy	
Flood	Tanman	
Cain	Chow	
McCauley	Fraser	
Quarters		
Currie	Williams	
Dagget	Murphy	
Davidson	Wilson	
Forwards		
McIntyre	Dalton	
Sterling	Kilham	
McLellan	Curran	
Yerxa	Atkinson	
Turner	Campbell	
Woods	Morris	
Bradley	Wilson	
Spares		
Holston	Ellman	
Davidson	Taylor	
Williams	Holts	
Touch judges:—Frederickton, Parvis; St. John, Johnson.		

Referenced: N. R. Debraay. Scored:—McCauley tried and one try awarded when Kear was tackled when running for the ball. Williams made the try for St. John.

Both of Frederickton's tries were made by the ball being kicked over the line and being closely followed. N. R. Debraay referred to the satisfaction of all.

The players felt very grateful to Commissioner Frink, who made the game possible by having men at work on the grounds, and the cheering, singing and filling up holes. With some more work the field should be in great shape for next Saturday's game, when the St. John boys play Rochester. As Saturday's game indicated St. John has the material this year to make a splendid team. Once they have acquired the knack of working together they should prove themselves with little difficulty the winners of the league.

The game was witnessed by a good crowd, and rosters of both teams were heard at frequent intervals. The yell of the High School girls did much to hearten the teams in critical moments.

OFFICIAL ENTRY FORM.

Entries for the Maritime Indoor Championships will close with F. S. Cormier, 60 Station street, Amherst, N. S., on Thursday next, October 14th. List of Events.

Championship:—220 yards dash. 440 yards dash. 880 yards dash. One mile run. Five mile run. High jump. Broad jump. Shot put.

Non-Championship:—Pole vault. 50 yards dash. M. P. B. A. U. of C. Registration No. A fee of \$1 must accompany every entry.

Summary:

Three base hits, Konetchy, E. Smith. Home runs, E. Smith, Bagby, Sacrifices, Sheehan, W. Johnston. Double plays, Olson to Kilduff to Konetchy; Jamieson to O'Neill; Gardner to Wambegans to Johnston; Johnston to Sewell to Johnston. Triple play, Wambegans (unassisted). Left on bases, Brooklyn 7; Cleveland 6. Bases on balls off Grimes 1; Mitchell 3. Hits off Grimes 9 in 3 1/2 innings, off Mitchell 5 in 4 2/3. Struck out by Bagby 3; by Mitchell 1. Wild pitch Bagby. Passed balls Mitchell. Losing pitcher Grimes. Umpires Klam, at plate; Connolly at first; O'Leary, second. Dissen at third. Time 1:43.

Schooner Race Again Postponed

Contest Called off at Halifax Because of Light Winds.

Halifax, Oct. 10.—A marine picture of rare beauty was presented in Halifax harbor on Saturday when the nine schooners entered in the ocean race crossed the starting line just after noon and ghosted seawards with a speed that was surprising for the very light air then prevailing. There was no race, the contest being called off three hours later when the vessels had covered about six and a half miles of the forty mile course, but Halifax saw a beautiful spectacle and the skippers and crews of the competing craft had some real sport. The race is scheduled to commence at nine o'clock Monday morning, if there is sufficient wind.

From fifteen minutes before the start to an hour or afterwards the contest on Saturday was crowded with exciting incidents. Enough happened to furnish discussion and argument for weeks among the crews of the vessels and keep the local waterfront agog over the burning question as to "which boat had the best of it."

As it was, although the race was called off, some of the skippers made a race of it, six of the schooners rounding the inner automatic buoy, 2.4 miles from the starting line, before heading homewards, thus establishing a time test of their relative speed in the weather of the day. In this race honors undoubtedly went to the bowsprit schooner Doleman, Captain Thomas Himmelman, which rounded the mark five minutes ahead of the second vessel, the knockabout schooner Gilbert B. Walters, Captain Angus Walters, though the latter gained somewhat on the run home. It was demonstrated on Saturday that, in very light and variable winds, there is not much to pick and choose between the two types, but the question is still open as to their respective merits in moderate and heavy weather.

The combined statement of the American Smelting and Refining Company and the American Smelters Securities Company for the six months ended June 30 shows total net earnings of \$8,749,185 compared with \$5,713,779 in the corresponding period of 1919.

After the payment of the dividend on the preferred stocks of the American Smelting and Refining Company and the American Smelters Securities Company there was a balance available for the common stock of \$1,516,424, equal to 3.12 per cent on the \$60,998,000 American Smelting & Refining common stock outstanding, comparing with \$2,406, equal to 0.40 per cent in the half year ended June 30, 1919.

Toronto Defeated Montreal Team

Losers File Demand No Game Counted Because of Dispute.

Montreal, Oct. 10.—(By Canadian Press)—Argonauts of Toronto defeated Montreal in the opening match of the Inter-Provincial Football union here yesterday by a score of 10 points to 6.

The Montreal club has filed a demand with the president of the union, R. B. Isbister, of Hamilton, that the game be not counted because of a dispute over a decision of the referee, Dr. Ed. O'Leary, of Ottawa. The disputed ruling came near the end of the game. Montreal was leading by a point and it looked to the crowd as if the game was as good as won. The people were actually leaving the field. With three minutes to go the Argonauts staged a spectacular offensive. They bucked up the field for tremendous gains, tearing wide holes in the Montreal line. Pugh, the Argonaut quarter, booted up a high one and Barwick, of the Montreal back division, missed it. The Montreal officials, who claim they are supported by Ben Simpson, of Hamilton, who acted as assistant to Dr. O'Leary, argued that Barwick fell on the ball. The Argonauts and Dr. O'Leary contend that it went to Toronto player. The incident took place only a few yards out from the Montreal line. The Argonauts backed for a try and on the second down Hay was rammed over the line. Montreal officials state that had their team not been dispossessed of the ball it could have played out the remainder of the time and won the game.

TROUBLE ONCE MORE BREWING IN SILESIA

(Copyright, 1920, by Public Ledger.)

Berlin, Oct. 10.—The situation in the Silesian district of Upper Silesia is reported dangerous again and this time the cause is the re-establishment of the "Euse Police," the authorized German police force formerly used. The Poles are protesting violently. When the French district commander demanded the reintroduction of the Blue Police in a meeting with the authorities of Myslowitz, forming part of his efforts to disarm the unauthorized Polish police forces, the Poles threatened to shoot the first Blue Policeman who met them, the commander having to leave the assembly 30, 1919.

on account of the tumult.

In an interview with a French correspondent, Herr Severing, Prussian Minister of the Interior, stated that the government was willing to grant Upper Silesia federal autonomy if remaining German and desiring it. He said the actual date of the plebiscite was less important than the question of absolute freedom for the voters. German reports describe the situation in the plebiscite area of Carnthia (a southern Austrian district bordering on Jugoslavia) also as dangerous. The Germans assert that the Serbian General Masarik is gathering 5,000 irregular troops to invade the plebiscite district on Sunday, the day of the voting, when fighting may be expected. The Bulgarian correspondent of Vossische Zeitung, telegraphs that the French and their representatives have protested, demanding the departure of General Masarik, but the Serbian government has not replied. The Germans charge the Jugo-Slavs with disturbing the German meetings by causing fights. The Jugo-Slavs are also said to have attacked a food transport, killing four Austrians.

BRITISH ASK FOR DUTY ON GERMAN HOSE

Market Being Flooded With Cheap Hun Hosiery and Gloves.

F. W. WILE.
Copyright, 1920, by Public Ledger
Washington, Oct. 5.—The F. A. H. board of trade is being pressed by the Midland Hosiery interests as a report just received here, to stop unmarked German hosiery imports which have so flooded the British market that unemployment and short time are now prevalent in the British hosiery industry.

Among the demands which have been made on the board of trade, says the report, are the absolute barring out of German hosiery unless marked with the Country of origin; the imposition of an ad valorem duty; the restriction of such imports to the quantity absolutely necessary. The British fabric glove industry is in similar trouble. As was pointed out some time ago in London this trade in England was, before the war, practically a German monopoly. The fine cotton hosiery and fabric glove industries which were established during the war by enterprising British manufacturers now claim to be threatened with ruin because of the German goods which are going into England in quantities and at prices with which the British product cannot compete.

Toy Industry Kicking

It is also reported that complaints are again being heard from the British toy industry. Some months ago the manufacturers endeavored to induce the Prime Minister to put toys on the list of industries which were to be given special encouragement and protection against foreign competition. At that time they enjoyed the support of many retailers who for patriotic reasons would not handle the German products offered. Due however to the higher prices of the British product and the less skilled workmanship on the finer toys practically all these retailers are now found to have stocked German toys for the Christmas market and the British toy industry which has been providing employment for many disabled service men is experiencing difficulties. The manufacturers are alarmed, says the report but are not dismayed, and are understood to be planning a cooperative advertising campaign to stimulate British interest in the home product.

Rubbers Must Fit to Wear

THE leading shoe stores realize this. That is one reason why they always stock Dominion Rubber System rubbers.

Dealers know that rubbers must fit perfectly—must have the exact toe, heel and width of the shoe being worn—in order to be comfortable and to give long and satisfactory service. They know, too, that

Dominion Rubber System Rubbers

include shapes and sizes to perfectly fit the shoes of every member of the family—men, women, boys and girls.

They know, too, that Dominion Rubber System rubbers have the sturdy quality and expert workmanship to give you the kind of wear you have a right to expect.

These are some of the reasons why the leading stores sell and recommend Dominion Rubber System rubbers, and why you should insist on having them.
