W. F. Mullins of Montreal has Alex ander Kent and a gang of men with a borning outfit testing for coal between Mount Middleton and Berwick, Kings county. The Sussex Record says: "The present indications are that an exhaustive investigation of the whole area will be made. At the point where the first hole is being sunk there is a marked outcome of chale, and fire-clay, as well as other in dications of coal."

The financial statements of the Hight Court of the Independent Order of Foresters for New Brunswick shows that for the year ending June 30th, 1912, the receipts were 2,120.06 and the expenditures \$1917.63, leaving a surplus of \$245.63, compared with a sur

NEW BRUNSWICK GENERAL BOOT

Ottawa, Aug. 10—There were stored in terminal and eastern elevators on August 2 nearly 2,000,000 bushels more wheat than on the corresponding date last year. In view of the increased harvest in prospect in the western provinces, this extra quantity on hand lends additional weight to the prediction that the railways will be taxed to the utmost to transport this year's production with anything like despatch.

They do not employ men regularly as do in the east, and have been fortuned to settle on lands which have been deserted in recent years by the tives of the province. These newtons which the New Brunswickers are inverting to a few short weeks and they prefer to of the west. The trouble with most we ern farmers is that they are operated to the utmost to transport this year's production with anything like despatch.
