Relief Committee Held a Meeting

The Relief Committee of the town council held its first meeting of the year last night when considerable business was transacted.

Rev. E. Bookemann was in the chair, and after his committee had gone into every detail for the relief of those who are afflicted through sickness and require the assistance of help the chairman stated that already two or three women have volunteered their services to go where wanted. As the chairman pointed out these sisters of mercy are not expected to give of their time and labour for nothing and they will receive remuneration from the town. Heretofore the Relief Committee have only had at their command a few dollars each year but in striking the estimate this year a suitable sum will be set aside to be used by the committee where and when needed.

REXALLS WON BY A SCORE OF 6-2

At the Preston Arena last night a fast game was staged between the Rexalls of this town and a team from Preston, which for want of a better name are called the Eye Openers.

Last season the same teams clashed together and the result was a tie, 2-2. This season, however, the Rexalls proved a distinct "Eye Opener" to the Preston aggregation to the extent of a 6-2 victory over them.

The game was very fast throughout, with Hinsberger starring for the winners and netting four of their goals.

The new O.H.A. substitute rule was tried out and proved quite satisfactory, the subs. being used almost as much as the regulars.

The winners' superiority was shown in the consistent back-checking of the forwards and the strong checking of the defence.

The teams lined up as follows:

Preston—Goal, Rodgers; R. Def., Clark; L. Def., Herbert; Centre, Ware; L. Wing, Sachs; R. Wing, Roth; Subs., Brown and Roth.

Rexalls—Goal, C. Stroh; R. Def., H. Ziegler; L. Def., A. Jacobi; Centre, H. Hause; R. Wing, L. Hinsberger; L. Wing, O. Rookel; Subs., F. Clark and J. Hemphill.

ANNUAL MEETING

The Annual Meeting of the Waterloo Labor Club will be held this evening when the election of officers and the presenting of the Annual reports will take place. The Society has had a most successful year and with the opening of their larger and more commodious quarters next month and with every indication that the membership will be trebled the outlook for 1919 is indeed most promising.

Dr. and Mrs. F.J. Weidenhammer and daughter, Nellie and Miss Carrie Conrad left last night for Los Angeles, California on a three months vacation.

Mr. A. Hanson of Toronto was business visitor in town yesterday.

Mr. and Mrs. F. Blaney of Ottawa have returned home after spending several days with friends in town.

Mr. J. Higgins of Hamilton was in town this morning on business.

Rev. E. Bookemann was agreeably surprised on Tuesday evening when the Sunday school teachers of St. Johns, after the business meeting, presented him with a beautiful gift and wished him many happy returns of the day. The Pastor was completely taken by surprise and in a few well chosen words thanked them for their kind remembrance and words of congratulation after which a most enjoyable social hour was spent.

Many attendants paid their last respects and tendered their sympathy to the bereaved family.

Among the attendants at the funeral this afternoon of Miss Catherine Clemens, who died in Boston, and whose remains were brought here, are Mr. and Mrs. A.E. Rominger of Detroit. Mr. Rominger is the Detroit representative for the

business of the deceased lady's brother, Mr. Clemens, Boston.

Plan Approved Of By The Commission

FURTHER REFERENCE TO THE LOCATION OF A NEW CEMETERY.

Plans For Eliminating Sharp Street Corners.

At the regular meeting of the City Planning Commission last evening the plan presented by the Canadian Consolidated Rubber Company, Ltd., of the section of land bordered by Agnes, Grubb and Turk Streets, was approved. Of this section was laid out in streets several years ago and the present plan is only to change the dividing line of the lots.

The company is building double houses on the name and the division between each part of the double house will be on the boundary line between the lots.

The Chairman, Mr. W.H. Breithaupt; Mr. M. Huenergard and Mr. W. Hartung were instructed to have a plan prepared for the proposed elimination of sharp street corners to consult with the City Council and to present the plan to the Commission at the next meeting.

Opinions On New Cemetery.

There was a reference to the proposed new cemetery. The opinion regarding the value or desirability of possible locations is divided. Mr. W.H. Breithaupt, as pointing out yesterday, is of the opinion that the proper place would be on the north side of the Waterloo Bridgeport road, opposite St. Leger street extended to that road. He impressed the fact that the extension of St. Leger Street would be feasible and would come soon. The extension of Union street, near the boundaries of the City and Waterloo, to Lancaster street, also would come.

Both these proposed improvements are shown on a plan recently presented to the Commission by the Chairman. Mr. Breithaupt said that a cemetery located at this point on the Waterloo Bridgeport road opposite St. Leger street would serve both Waterloo and the City. The land was ideal for cemetery purposes.

"The Schaefer property West of Wilnot street appeals to me. It would be the proper place for a cemetery I think," Mr. Sam Brubacher said. "What do you think of that property, Mr. Schmalz?"

"It's a fine place. It would be a good location for a cemetery," Mr. Schmalz said.

Mr. Walter Hartung: "In my opinion the Schaefer property is too near the City. Why in ten years from now the section around it will all be built up. The tire Company is going to add hundreds of men and in time that section around the tire Company will be needed for residential purposes. I say we should get out farther. I think that the idea of Mr. Breithaupt is a good one. The location opposite St. Leger street on the Waterloo Bridgeport road would be a fine place."

Mr. Brubacher: "Regarding room for building houses if the tire factory grows fast there is all kinds of room towards Waterloo. The company, I believe, owns much land on the other side of the factory, and the tendency will be to build towards the factory. There is all kinds of room on this side. The G.P. and H. tracks also are on this side of the Schaefer property and this would keep houses away from that locality. Wilnot street could easily be extended and would give the tire factory a cemetery in that end of the city."

Mayor Gross added: "The Schaefer property is a better place than I thought it was." Looking at Mr. Breithaupt's proposal he said: "It could be carried out quite readily with St. Leger street extended which would make one long street."

The Commission not having any further business adjourned.

A. C. Hallman Sale Spring Brook Farm

MR. C.H. JANZEN WAS A HEAVY BUYER.

One of the best sales that ever took place in the County was that on the farm formerly owned by the late ex-Reeve A.C. Hallman, near Breslau. Mrs. Hallman disposed of the stock grain and implements.

The big feature was the sale of the Holstein stock. Mr. Hallman was a well-known breeder of thoroughbred stock and therefore the sale attracted many buyers from a distance. Good prices were secured. There was keen competition for all the articles offered but especially so for the Holstein cattle, the keenest competition taking place when the fine bull, (Hillcrest Ormsby De Kol) which has made a great record on the Hallman farm was offered and which after a long and determined siege was finally declared sold to Mr. C.H. Janzen. Five out of the herd of high bred cows and most of the splendid Tomworth hogs and all of the hay, grain and roots were sold to the above named gentleman.

Some of the stock was sold to parties from the districts of New Dundee, Brantford, Georgetown, Wellesley and Toronto. Three cows and several young heifers went to Quebec.

As to the prices 29 head sold for about \$7000, an average of a

bout \$250. One bull brought \$775. The total receipts from all sources in the sale of the live stock, grain and implements were over \$10,000.

It is understood that Mrs. Hallman will retire by April 1st, from Spring Brook Farm, which some time ago was purchased by Mr. C.H. Janzen.

Mr. Russell Clemens, who for many years has been engaged on the farm will be the farm-manager for Mr. Janzen.

Mrs. Hallman will remove to the city.

Young Lady Thrown From Sleigh

Galt Jan 15.—Miss Mabel Mills, aged 27, daughter of Mr. and Mrs. John Mills, of Milton had her neck broken in an unfortunate accident at Main street bridge at noon today and died shortly after being admitted to the hospital.

With her sister, Miss Clara Mills and Miss Alice Atkinson and several students from the Collegiate, she was riding home on a sleigh driven by Clarence Clerk of King street.

As the sharp corner at Water and Main streets was reached the sleigh slackened on the reins and the horse jumped into a gallop with the result that the sleigh skidded and striking the superstructure of the bridge upset.

Four of the passengers, the deceased lady, her sister, Eddie Dowler and Louis Friedman were picked up unconscious and carried into a nearby store.

Doctors were called and Miss Mabel Mills was rushed to the hospital but died before her coat was removed. The other three victims suffered only from shock and bruises.

The republican revolution was believed to have been defeated by this political move.

CANADA'S yearly pension bill is estimated by the Minister of Finance at \$30,000,000. This is a minimum figure. How is this vast fund to be administered? To whom will pensions be paid? Everyone is asking these questions. Here is the official answer.

The Organization

A huge organization has been built up to handle pensions promptly, smoothly, fairly.

At its head is the Board of Pensions Commissioners. This Board is to be developed as a civil rather than a military body. It consists of three men, each appointed for ten years, each devoting his whole time to his duties as a Commissioner.

The Head Office of the Pensions Board is at Ottawa; and there are seventeen branch offices in the principal centres throughout Canada. An important branch is in operation in London, England.

These local branches receive applications from soldiers' dependents for pensions; send "Visitors" to call on pensioners in their homes; hold medical re-examinations; handle complaints.

The Board keeps a representative travelling from coast to coast interviewing pensioners and addressing organizations interested in their welfare. He has already conferred with more than 30,000 pensioners.

At present 60,000 pensions are being administered by the Board.

A Pension—What it is

A pension is not a gift, gratuity or reward for service done. It is compensation—money paid as a right by Canadians, through their Government, to offset in a measure the handicaps suffered in war by their fellow-citizens—a debt that the country owes to our returned men, and to the dependents of those who have fallen.

It is in this spirit that Orders-in-Council governing pensions are framed. It is in this spirit that the Board of Pensions Commissioners administers these Orders-in-Council.

To Whom Payable

Pensions are not awarded for service. Broadly speaking, any soldier or sailor who was disabled during his service is entitled to a pension—provided medical treatment fails to restore his full normal capacity.

The amount of the pension is based on the extent of the physical handicap he has suffered.

The physical condition of the disabled man is described on his discharge from the service by a Medical Board. Pension is awarded according to the amount of disablement from which he is then found to be suffering.

The percentage of handicap has been carefully and thoroughly worked out for every disability. It is both accurate and fair.

The relationship between the Medical Board and the pension applicant is that of doctor and patient. Every opportunity is given to have the man's condition judged from his point of view.

Amount of Pension

The pension is awarded to a soldier or sailor so that he can live in decent comfort, despite his handicap.

The money he may be able to earn, or the money he earned before the war, does not affect the amount of his pension. The extent of his handicap alone in the general labor market is considered.

Every man who has increased his income by Vocational Training will not have his pension decreased or discontinued.

The amount of the pension varies also according to the soldier's rank; but his trade or profession is not considered. The minimum pension for a totally disabled unmarried soldier or sailor of the lowest rank is \$600 a year.

Pensions to Dependents

Widows of soldiers or sailors who have died during or as a result of service, are entitled to pension so long as they do not remarry.

Children of soldiers or sailors are entitled to pensions up to the age of sixteen, if boys, or seventeen, if girls.

Pension is awarded to the parents of a soldier or sailor according, (a) to the degree of their dependency on the deceased soldier and, (b) according to their needs.
