The utmost reach of reason is to recog-
nize what an infinity of things go beyond
it.—Pascal.

Just over one of the splendid entrances of the Grand Opera at Paris there is a young plane tree in full leaf and about three feet high, growing from a chink in the masonry. Some bird is supposed to have deposited the seed of the tree there. Both the director and the architect of the Opera have decided that the tree shall be permitted to live and flourish, inasmuch as the entrance has been greatly improved in appearance by this artistic bit of business on the part of nature.

SHE DIDN'T TAKE WITH THE GENTLEMEN.

She was refined, intelligent, and not bad looking, but somehow she never seemed to take with the gentlemen. They didn't like her listless ways; they said she hadn't any "snap" about her. Poor girl! she was suffering from functional irregularities, and it was actually impossible for her to take much interest in anything. But a change came. One day she heard of Dr. Pierce's Favorite Prescription. She procured a bottle, and she had not taken half its contents when she felt like another woman. Now she is in the enjoyment of perfect health and has suitors by the score. No woman need suffer from functional irregularities and weaknesses. The "Favorite Prescription" is a safe and certain cure for all the weaknesses to which women are peculiarly subject.

Dr. Pierce's Pellets cure constipation, biliousness, indigestion and headache. One a dose.

It is better by a noble boldness to run the risk of being subject to half of the evils we anticipate than to remain in cowardly listlessness for fear of what may happen.—Herodotus.

The Best Advertisements.

Many thousands of unsolicited letters have reached the manufacturers of Scott's Emulsion from those cured through its use, of Consumption and Scrofulus diseases! None can speak so confidently of its merits as those who have tested it.
