

Young gifted and  
Frederictonian!  
**Will ForreSTALL**  
exhibit: this week

The first solo exhibition in Fredericton of painter William ForreSTALL will be shown at Gallery 78 from November 30 - December 12. The works on display represent the most recent body of egg tempera paintings by the young artist.

William ForreSTALL was born in Middleton, NS, in 1959, a son of distinguished Canadian painter Tom ForreSTALL. He studied art at Mount Allison University from 1978 - 1982, and graduated with a Bachelor of Fine Arts Degree in 1982. Since then he has been painting full time and exhibited in many group exhibitions, including the Fine Arts Graduates' Exhibition at the Owens Art Galley in 1982, and the New Brunswick Bi-Centennial Juried Exhibition at the Beaverbrook Art Gallery in 1984, where both his entries were accepted and subsequently sold. In 1986, the artist had a first, very successful, solo show in Saint John, and most recently his egg tempera

painting "The Returning Bachelor" was accepted in the New Brunswick Art Competition, sponsored by Marion M. McCain, at the Beaverbrook Art Gallery.

"William ForreSTALL paints in the same medium his father, Tom, does. Father and son have the same steady hand and meticulous style necessary to make the painstaking art of egg tempera painting work. In terms of subject matter and vision, however, William is his own man.

... ForreSTALL seems, at 27, to be a master of the craft. He paints with an assurance and confidence that is sometimes absent in much older and more established artists." Excerpts from the Winter '86/'87 issue of *Arts Atlantic*.

William and his wife reside in Fredericton. The artist will be present to meet the public at the exhibition opening on November 30 at 7:30.
