Ottawa, Ont., 15th September, 1925.

Dear Sir,

Your letter of the 9th instant reached Ottawa after Mr. Meighen had left for the Maritime Provinces. He is not expected to return to the City before the 26th of this month, and will then be here but a few hours on his way west, but I shall try and get your communication to him in Nova Scotia. I am, afraid, however, it is not going to be possible for him to visit Prince Rupert on this occasion. The distances to be covered are so great and the time at his disposal so short it has not been found possible for him to visit even a proportion of the places he would like. However, you might get in touch with Mr. Stevens who is looking after British Columbia meetings.

Yours faithfully,

Private Secretary

W.W.Wright, Esquire,
Secy. Conservative Assn.,
Prince Rupert, B.C.
