A good many of these machines are practically as good as new. We have ten expert mechanics in our Repair Room; several of these men have been in the employ of prominent typewriter factories in the United States for many years, and are thoroughly familiar with all makes of machines. We mention this fact, since we are the only concern in Canada thoroughly equipped for this work.

**SAFETY**  
JUBILEE

**A** DURABLE mower having a long pitman. Can be put out of gear by the lift lever quicker than you could say "Jack Robinson." The cutter can be raised into perpendicular position without driver getting off the seat and it goes automatically out of gear when being so raised and goes into gear again automatically when lowered to its work. The best mow on earth—is not too much to say.
