## Do You Require Something New and Attractive for Young Folks ? *A Book of Palestine.*

Richard Penlake.

This attractive volume is the record of actual journeys undertaken in the Holy Land a short time ago. The author lived for some time among the Arabs as one of themselves, and visited all the sacred spots in Palestine. His constant reference to scenes and events in the Bible story makes the book the best possible commentary on the sacred narrative. At the same time the book is no dry-as-dust chronicle of travel of the ordinary character. It is alive with personal touches which will enchain the interest of all boys and girls who love an adventurous story. Thirty-two coloured plates, and numerous black-and-white illustrations of an explanatory character. \$1.75.
