The NEW EDISON

"The Phonograph with a Soul"

THIS is the official laboratory model which has been tested before over a million people in direct comparison with its Re-Creation of the voices of Anna Case, Marie

Sundelius, Zenatello, Ciccolini, Middleton, Chalmers and other great artists.

The result is chronicled in hundreds of the leading newspapers—that

"The New Edison Re-Creates all forms of music with such literal exactness that the Re-Creation cannot be distinguished from the original, although original and Re-Creation are heard in direct comparison."

THE EDISON IDEALS

It has been the ambition of the Edison organization to incorporate their ideals of surpassing design, material and execution into every product that goes forth from the Edison laboratories. In the official laboratory model shown above, the spirit of Edison dominance is revealed in every line.

May we send you the brochure "Music's Re-Creation" and the booklet, "What the Critics Say."
