THE MUTUAL LIFE INSURANCE CO. Has Paid to Policy-holders since Organization \$272,481,839.82.

Organization \$272,481,839.82.

The wonderful growth of the Company is due in a large degree to the freedom from restriction and irksome conditions in the contract, and to the opportunities for investment which are offered in addition to indemnity in case of death.

The Mutual Life was the first to practically undertake the simplification of the insurance contract, and strip it of a verbiage in the mazes, of which could be found innumerable refuges against claims of policy-holders who had, however unwittingly, departed from the strict letter of the agreement. That this appealed powerfully to the popular taste is evident from the fact that in 1888 the Company wrote over \$103.00,000 of new insurance.

The Distribution Policy of the Mutual Life Insurance Company is the most liberal contract offered by any company and produces the best results for the Policy-holders.
