1 DANIEL STARK.

MOIT'S BROMA. The following observations having integrated to the preparation of Broma, appeared in a laboramer of the Broston Medical Journal:—
A few years since a great manufacturer of Broma sengulation opinions of many medical gentlemen of distinction, for the purpose of having an unobjectionable field for invalids, and was assured that he had fully successful Hospitals, infirmaries, and households generally, which always be provided with it. When gruel, arrows, groats, barley, starch, rice, farina, and many other things ordinarily resorted to for patients are of no utility, the Broma is sometimes relished. It is believed that those no use it as a beverage will have manifest diatetic adthe Broma is sometimes refished. It is believed that these as use it as a beverage will have manifest diatetic advertage over the consumers of tea and coffee. We see it stated that during the last summer those individuals who were continually using Chocolate or Broma neither had make so of cholera or dysenteric affections, while others with the continually the state of the results of the second of the sec of the same families, taking their daily potations in tea, of the same families, taking their daily potations in tea, office, or simple cold water, were the sufferers, if any.—We cannot vouch for the truth of this, but it has recall-d to mind the statement that the oil dealers in London have been free from Cholera or the choleroid symptoms.

here been free from Cholera or the choleroid symptoms. And it has been further observed that persons who were taking ool liver oil for chronic difficulties, during the scralence of the late epidemic, were not affected by it. Vegetable oil in the first instance, and animal oil in the last, taken internally, would appear, by these statements, to have secured those who took them from the shaft of the pestilence. It is certainly a point well worth write to determine, whether the chocolate drinkers have been secure in other infected cities."

Most's Brona has now been before the public for a considerable period, and along with the commendations of the field of the field of the addical Falculty of this and the neighbouring frowness, it has received the approbation of all classes of consumers.—It is held to be an article of standard reputation, and the demand for it is constantly increasing.

LIFE AND FIRE INSURANCE. The Undersigned Lips been appointed Agent for the "Tarston Mutual Lips Insurance Company of Tarston," United States, and having previously to taking the Agency, received satisfactory proof of the good standing and respectability of the Institution, he begs to inform the public generally that he is now prepared to issue Policies for eligible fire risks at moderate rates of premium, and to receive proposals for Life Policies, which will be forwarded to the Diroctors, and if accepted, Policies will be immediately returned. The Capital Stock of the Trenton Mutual is now \$30,000, well secured in good productive Stocks, Mortage on Real Estate, and Cash in Banks—and is doing a very large and as yet from it commencement in 1841, a very successful business.

very successful business.

In the Life Department they issued the first year, end ing 1st October, 1349, 457 Policies—a number which very few dompanies of long standing ever reached in the same time. The benefit of the mutual system in Life Assurance is very apparent, and is most favourable to all Policy holders in this Society, inasnuch as they receive a portion of each year's profits yearly, being deducted from the Premiums year's profits yearly, being deducted from the Premiums them payable, which are lower than any of the English Gompanies and not subject to stamp duty—all the particulars of which are fully set forth in the Pamphlets which the Agent has for distribution, who furnishes all Blanks and every necessary information, together with the Medical Examiner's Certificate gratis. All persons intending to insure are invited to call on the Agent, who will give them every information.

them every information. Rupus S. Black, Esq., M. D. is Medical Examiner for DANIEL STARR, nl. Agent. he Company. Halifax, 15th June.

ABDOMINAL SUPPORTERS, TRUSSES, INHALING TUBES, &C.

HRUSSES, INHALING TUBES, Companies of the Liver, Breaking of the Bound of the Bound of the Bound of the Bound of the Cubes of Pulmonary Complaints that use third of the cubes of Pulmonary Complaints that use third of the cubes of Pulmonary Consumption, with a host of other diseases, originate in the falling of the howels caused by the relaxation of the Abdominal Muscles, such as:—Weakness and Loss of Voice and Disease, class, such as:—Weakness and Loss of Voice and Disease, Pal, itation of the Heart, Sinking feeling, and All Gone at the Pit of the Stomach, Diseases of the Liver, Recaking away of the Bowels themselves, Piles, Gravel, Pain and Weakness, threatening Disease of the Bpine, Swelling of the Lower Extremities, with various diseases peculiar to Ledies, &c. &c.

the Lower Extremities, with various diseases peculiar to Ledies, 4c. &c.

The greatest number of these diseases cannot be cured stimus, but in general may be cured with, abdomina, support, &c.,—which aid the above Supporters are presentionally calculated to afford.

M. Hiskus T's Andominal Supporters have been inspected by most of the Medical Gentlemen of Halifax, and were highly approved of by all who examined them. They would but a few ounces—allow the most unrestrained action of the body—whilst the only feeling produced by them is that of support and comfort.

M. Hetbert is also manufacturing Rupture Trusses, which are constructed on principles the most modern and

YOU MAY BE CURED YET. HOLLOWAY'S OINTMENT.

CURE OF RHEUMATISM AND RHEUMATIC GOUT. Extract of a Letter from Mr. Thomas Brunton, Landlord of the Waterloo Tavern, Coatham, Yorkshire, late of the Life Guards, dated September 28th, 1848.

To Professor Holloway, Sig.,—For a long time I was a martyr to Rheumatism and Rheumatic Gout, and for ten weeks previous to using your medicines, I was so bad as not to be able to walk. I had tried doctoring and medicines of every kind, but all to no avail, indeed I daily got worse, and felt that I must be able to be able to the property of the property o

had tried doctoring and medicines of every kind, but all to no avail, indeed I daily got worse, and felt that I must shortly die. From seeing your remedies advertised in the paper I take in. I thought I would give them a trial. I did so. I rubbed the Ointment in as directed, and kept cabbage leaves to the parts thickly spread with it, and took the Fills night and morning. In three weeks I was enabled to walk about for an hour or two in the day with a stick, and in seven weeks I could go any where without one. I am now, by the blessing of God and your medicines, quite well, and have been attending to my business more than seven months, without any symptoms of the return of my old complaint.

Besides my case of Rheumatic Gout, I have lately had proof that your Pilis and Ointment will heal any old wound or ulcer, as a married woman, living near me, had had a bad leg for four years, which no one could cure, and I gave her some of your Pills and Ointment, which soundly healed it when nothing else would do it. For your information I had the honour to serve my country for twenty-five years in the first regiment of Life Guards, and was eighteen years a corporal. I was two years in the Peninsular War, and was at the Battle of Waterloo. I was discharged with a pension on the 2nd September, 1833. The Commanding Otheer at that time, was Colonel Lygon, who is now a General. I belonged to the troop of Captain the Honourable Henry Baring.

(Signed)

CURE OF A BAD LEG OF TWENTY-ONE YEARS' STANDISO.

CURE OF A BAD LEG OF TWENTY-ONE YEARS' STANDING. Extract of a Letter from Mr. Andrew Bruck, Blacksmith, Eyemouth, near Berwick, dated the loth of August, 1848.

To Professor Holloway. To Professor Holloway.

Sia,—With pleasure and gratitude I have to inform you that after suffering for \$1 years with a bad leg, which yielded to no kind of treatment, although I consulted, at different times, every medical man of eminence in this part of the country, but all to no purpose. I was frequently unable to work; and the ain and agony I often endured no one can tell. My leg is now as sound as ever it was in my life by means of your I'ills and Ointment, which I purchased from Mr. I. Davidson, Druggist, Ber wick-upon-Iweed, who knows my case well, and will, I am sure, be happy to certify with me, if necessary, as to the truth of this wonderful cure.

(Signed)

AMPUTATION OF TWO TOES PREVENTED Extract of a Letter from Mr Oliver Smith Jenkins, dated Falkirk, August 13th, 1848.

Falkirk, August 13th, 1848.

To Professor Holloway,

Sta,—I was superintending, about six months ago, the erection of one of our Railway Bridges, and by the fall of a large stone my right foot was seriously bruised, which ultimately got so bad, that I was advised to go to Edinburgh to consult some of the eminent Surgeons, which I did, and was told that in order to save my foot, two of my toes must be taken off. In despair, I returned home to impart the melancholy news to my wife, intending to submit to the operation, it was then a thought struck, me to try your valuable Ontment and Pills, which I did, and was by their means in three weeks enabled to resume my usual occupation, and at this time my toes are perfectly usual occupation, and at this time my toes are perfect cured. (Signed) OLIVER SMITH JENKINS

AN EXTRAORDINARY CURE OF A DESPERATE SKIN DISEASE AN EXTRAORDINARY CURE OF A DESPERATE SEIN DISEASE
On the 21st July, 1848, the Editor of the "Mofussilite"
Newspaper, published in India, inserted the following
Editorial article in his paper. "We know for a fact, that
Holloway's Pills and Ointment actime a most wonderful
manner upon the constitution, as an eccentric Coolie,
called Eliza, employed in our Establishment, was affected
with myriads of Ringworms, which defied all the Meerut
Doctors, and promised to devour the poor man before he
was under ground; we tried 'Holloway' upon him, and
in a month he was perfectly restored to his former condition and cleanliness of skin. The effect was miraculous."

CERTIFICATES

Of persons who were suffering from severe attack of Bry-sipelas, who had tried the many remedies which are us-ually prescribed from which they found no relief; but, on applying Mas. BENTAUX'S MEDICINE were effectually

This is to certify, that I have been afflicted with the Erysipelas, or the Salt Rheum, as the Ductora call it, for ten years. My hands were frequently so diseased, that I could make no use of them. I employed several physicians, but to no purpose as my suffering only increased.—I applied Mrs. Bertaux's Medicine or a short time und was soon cured of every vestige of the disease. The thanhfulness which I felt, on the long and painful disease being removed, was much more than tongue can express. After three years from the time when I used the Medicine, I was threatened with a relapse or return of the disease. I applied the Medicine and the disease disappeared. From that time to the present, I am perfectly free from all symptoms of Erysipelas or Salt Rheum. I therefore heartily recommend it to all who are similarly afficied, as a speedy and effectual remedy.

ANN S. WHEELOCK, Nictors. This is to certify, that I have been afflicted with the
