

HERE IS YOUR REMEDY! HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70, Saint Mary's Street, Weymouth, dated May 15th, 1851.

To Professor Holloway, Sir,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since that time they have been more or less sore, and greatly indurated. Her agonies were disgusting, and for months together she was deprived entirely of rest and sleep. Every remedy that medical men advised was tried, but without effect; her health suffered grievously, and the state of her legs was terrible. I had often read your Advertisement, and advised her to try your Pills and Ointment; and, as a last resource, after every other remedy had proved useless, she consented to do so. She commenced six weeks ago, and, strange to relate, is now in good health. Her legs are pinkish, without veins or scar, and her sleep sound and undisturbed. Could you have witnessed the sufferings of my wife during the last 43 years, and contrast them with her present enjoyment of health, you would indeed feel delighted in having been the means of so greatly alleviating the sufferings of a fellow creature. (Signed) WILLIAM GALPIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS' STANDING.

Copy of a Letter from Mr. Wm. Abbe, Builder of Gas Ovens, of Kewstree, near Huddersfield, dated May 31st, 1851.

To Professor Holloway, Sir,—I suffered for period of thirty years from a bad leg, the result of two or three different accidents at Gas Works; accompanied by scrofulic symptoms. I had recourse to a variety of medical advice, without deriving any benefit, and was even told that the leg must be amputated, yet, in opposition to that opinion, your Pills and Ointment have effected a complete cure in so short a time, that few who had not witnessed it would credit the fact. (Signed) WILLIAM ABBE. The truth of this statement can be verified by Mr. W. P. England Chemist, 13, Market Street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a Letter from Mr. Frederick Turner, of Fenkirk, Kent, dated December 13th, 1850.

To Professor Holloway, Dear Sir,—My wife had suffered from Bad Breasts for more than six months, and during the whole period had the best medical attendance, but all to no use. Having before had an awful wound in my own leg by your unrivalled medicine, I determined again to use your Pills and Ointment, and therefore gave them a trial in her case, and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit that various other branches of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends. (Signed) FREDERICK TURNER.

A WONDERFUL CURE OF A DANGEROUS SWELLING OF THE KNEE.

Copy of a Letter from John Forfar, an Agriculturist, residing at Newburgh, near Huddersfield, dated May 15th, 1850.

To Professor Holloway, Sir,—I was afflicted with a swelling on each side of the leg, rather above the knee, for nearly two years, which increased to a great size. I had the advice of three eminent Surgeons here, and was an inmate of the Newcastle Infirmary for four weeks. To their various modes of treatment had been tried, I was discharged as incurable. Having heard so much of your Pills and Ointment I determined to try them, and in less than a month I was completely cured. What is more remarkable I was engaged twelve hours a day in the Hay Harvest, and although I have followed my laborious occupation throughout the winter, I have had no return whatever of my complaint. (Signed) JOHN FORFAR.

AN INFLAMMATION IN THE SIDE PERFECTLY CURED.

Copy of a Letter from Mr. Francis Arnot, of Brychous, Lothian Road, Edinburgh, dated April 2nd, 1851.

To Professor Holloway, Sir,—For more than twenty years my wife has been subject, from time to time, to attacks of inflammation in the side, for which she was bled and blistered to a great extent, still the pain could not be removed. About four years ago she saw, in the papers, the wonderful cures effected by your Pills and Ointment, and thought she would give them a trial. To her great astonishment and delight she got immediate relief from their use, and after persevering for three weeks the pain in her side was completely cured, and she has enjoyed the best of health for the last four years. (Signed) FRANCIS ARNOT.

My friends of Temperance in the above State have recently procured a Charter for a Life Insurance Company, with a view to insure the lives of Temperance men by themselves, that they may secure the advantages of their temperance principles without being subject to pay losses incurred by intemperance.

It is a well settled fact in the history of Life Insurance Companies that full twenty-five per cent. of their losses are traceable to the remote or direct influence of alcoholic stimulants upon the human system. Total abstinence men, if insured in common with men who habitually use intoxicating liquors as a beverage, are of course compelled to share in paying losses incurred by this practice. They do not insure themselves upon an equality with other men.

It is the design of our Company to insure none but temperance men, and to give them the full benefits of their temperance principles, both in the reduced rates of insurance and the full earnings of the Company, after deducting expenses. We have herewith appended our table of rates. It will be seen that they are twenty-five per cent. lower than the rates of most mutual companies. Our premiums are to be paid in cash, but if upon our present rates, it shall be found that abstinence from the use of intoxicating liquors as a beverage, shall make a greater difference in the value of life, than we have estimated, the insured receive the full benefit, for we shall pay all profits in cash annually, after the usual fund of \$200,000 has accumulated.

In this company those who are insured for life, and thus propose to share the profits of the business, not only have the same security furnished by the best conducted Mutual Companies, but they have the earnings of the Company on the low rate of deducting expenses; and in addition to this, every dollar of the capital (\$100,000) is liable for the payment of losses. This, we believe, affords abundant security to the public, and presents many advantages over any other company in the country, for there is none to our knowledge, organized upon this plan.

The Daily Sun is in accordance with the progressive character of the day. It is said to be the first daily paper issued in the Lower Provinces, unless we except the Morning Post, and we doubt not it will receive the support necessary to meet the increased outlay. In the progress of time, perhaps other Journals will follow the course of The Sun.

We occasionally receive orders to change the post-office address of papers. The necessity of alterations would be obviated, except in cases of removal, or death, were the name, place, county, and nearest post or way office, given at first plainly. For want of this, we have been oftentimes left in uncertainty as to the best mode of transmission. Agents, or others, will oblige by attending to this suggestion.
