SUPERIOR TO SHINGLES

Special Offer to Readers of Farmer's Advocate

Fill in carefully coupon below. Mail it to Chicago House Wrecking Co., Chicago, at once. We will send you, free of all cost, samples of the very best roofing, ceiling and siding made. These samples are large and generous enough to give an idea of the quality of the large sheets from which they are taken. Or drop a postal card saying "Send free samples of Galvanized Iron Coverings as advertised in FARMER'S ADVOCATE." Sign your name and address, carefully, in full. These samples are absolutely free. Send no money or postage. Our galvanized rust proof iron (see No. 1) is made of the very best grade of specially manufactured iron sheets. The galvanizing process protects these sheets from rust for all time. This thorough coat of non-corrosive metals—tin, lead and zinc—called spelter, is made a part of each sheet through the special dipping process employed. This gives the heaviest possible coat of galvanizing necessary for any covering purpose. Galvanized iron roofing has been used for over 60 years. It has always been and is today the best material for covering buildings made. Keeps buildings warmer in winter and cooler in summer. Positively does not taint your rain water—is never injured by contraction or expansion.

Many fires originate on shingle roofs. The natural life of a shingle is less than ten years, besides requiring constant attention. The quality of shingles grows poorer each year.

Our Galvanized Rust Proof Roofing is Better than Slate

Slate weighs seven times as much and will break from freezing and thawing. **Excels Ready Roofings in Every Way!**

Compared to ready roofing, whether rubber surface or felt, cost considered, metal roofing will outlast it eight to one. Patent, prepared or composition roofings crack and curl with age. Tar roofings rot and spoil. Most ready roofings soften in the warm air and sun. They stick to your feet when walked upon.

Suitable for Farm Houses, Barns, Stores, Elevators, City Dwellings, Poultry Houses, etc.

Galvanizing is the life of a metal roof. Our light weight sheets with their heavy galvanizing give better service, besides saving considerable in freight. Do not require painting. Have a mottled, sparkling effect, pleasing to the eye. Anyone can lay our galvanized rust proof coverings. Ordinary hatchet or hammer are the only tools needed. No previous experience required to lay. **Illustration No. 1** is Corrugated (galvanized rust proof iron), an all around covering. It is the best. Suitable for ceiling, siding or roofing. Corrugation 1 1/2 inches apart—inch closer than others. Makes a firmer and better looking sheet. **Illustration No. 2** shows the "V" Crimped Roofing (galvanized rust proof iron) suitable for roofing only—makes a splendid water tight roof—requires "V" sticks to put on. **Illustration No. 3** shows Standing Seam Roofing (galvanized rust proof

iron), requiring set of tools furnished at low price. Makes first-class covering for any kind of a building. **Illustration No. 4** shows Plain Flat Sheets (galvanized rust proof iron), suitable for many special purposes, such as lining, ceiling, roofing sheds and buildings and innumerable purposes independent of roofing, siding or ceiling. It can be soldered. **Illustration No. 5**—Beaded Ceiling or Siding (galvanized rust proof iron) makes a handsome ceiling or siding. Easy to apply—suitable for stores, etc. **Illustration No. 6**—Brick Siding (galvanized rust proof iron), an exact imitation of regular brick—most suitable exterior for buildings of any kind. Easy to apply, requiring only nails and hammer.

GALVANIZED RUST PROOF IRON (NO. 5 BEADED CEILING OR SIDING)

FARMER

THE ONLY

Vol. XLV

"The Kodak the Farmer"

Is the title of a beautiful little book that we have issued. It contains a series of pictures that show how interesting and how easy it is to use the Kodak camera. It explains clearly the Kodak system of photography—the system that has made the dark-room and the camera taking easy for the farmer. It shows something of the side of photography for the farmer as well as telling by both text and picture of the many delightful camera offers to country farmers. Ask your local dealer for a free copy of "The Farmer's Kodak".
