## "Corona" Dry Arsenate of Lead

for  
Spraying Orchards and Potato Plants.  
"CORONA" dry is not an experiment, it has been used by many of our leading farmers for years.  
One pound of "CORONA" will do the work of from two to three pounds of Arsenate Paste, and be more effective because:—  
It is a perfect, dry, fine white powder, and does not contain 50 per cent water.  
It is pure and contains nothing but Lead Oxide and Arsenate Oxide, the only two chemicals essential of an Arsenate of Lead. It gives an even application, covers more thoroughly, and sticks to foliage longer.  
It mixes easily and readily in water, no working up to prepare for the spray tank. No straining. It is only necessary to shake the proportional amount into the spray tank.  
By using the same weight each time you spray, your mixture is always the same strength.

No sediment, no lumps, no water, never clogs spray nozzles.

### Cannonading at Verdun is Fearful

Paris, May 24—The battle around Verdun continues to rage violently unexampled, even for this region. The Germans are striving with every resource in their power to capture Hill No. 304 and Dead Man's Hill, on the left bank of the Meuse, and to win back the famous Douaumont, on the right bank, which was wrested from them by General Nivelle's brilliantly planned and executed offensive.

With full possession of the line from Pepper Hill to Vaux fort the Germans cannot hope to get any nearer to the capture of Verdun. Even if they succeed in taking this line they could not hold it unless they were also in possession of Hill No. 304 and Dead Man's Hill, which outflank the line.

Driven to desperation by seeing so much of its work undone the German command has hurled an attack after attack against Fort Douaumont. At the same time it has kept up its onslaught on the left bank of the river to prevent the French transferring any forces to the main scene of attack. All day yesterday the tide of battle ebbed and flowed, inches of ground being won and lost at an appalling cost in men. As one French officer said: "Plots of land come high here." Again and again, after reducing trenches to a crumbling heap of ruins by a deluge of shells, the German infantry dashed forward only to be caught and swept away by a hurricane of curtain of fire from French batteries and machine guns.

### Over 40,000 Overseas Since Last March

Since the spring movement of troops began there have been landed in Great Britain from Canada twenty-three battalions of infantry and other corps to the total number of 40,071 men, or the equivalent of a brigade a week. And there are more ready or being made ready. Those who complain that the Canadian Government is not doing enough in connection with the war do not take heed of what has been and is being done.

### Nova Scotia Technical College.

The closing of the above college took place at Halifax on Tuesday. There were six graduates in Civil Engineering among them being John R. H. Chipman and Richard Lewis Nixon of Kentville. There were two graduates in mining engineering and one in mechanical engineering.

President Cutten of Acadia attended and received an ovation when he appeared in khaki.

### Cornwallis Man Found Dead in Parrsboro.

Parrsboro, May 22—Robert Kelly, a native of Cornwallis, but for many years a resident of Parrsboro, was found dead in his bed this morning. An inquest was held before Coroner Rand this afternoon, and the evidence showed that deceased, who had been strictly sober for three years, had been induced to drink Jamaica rum several times on Saturday night and Sunday and was under its influence when he went home on Sunday night.

The jury demanded a post mortem examination, and the inquest was adjourned until tomorrow afternoon.
