Welcome Sign

NOBODY asked you, sir," said the coy maiden. And in matters of

buying, as well as in affairs of the heart,

most people like to be "asked". Often,

indeed, they insist on a proper invitation.

He is a wise merchant who keeps the welcome sign constantly before the community in the form of ADVERTISEMENTS in the home paper. There everybody sees it—for ADVERTISING is "the light of directed actention".

Speak up. Light up. Hundreds of good customers are listening for your message and watching for your welcome sign in "The Acadian.
