Your Health

Your health is dependent to a great extent upon the fit of your shoes, so the doctors say. Ill-fitting shoes make the feet uncomfortable and also force the wearer to walk unnaturally, which, by causing the weight of the body to be distributed unevenly on the foot, brings about various nervous disorders. If you feel all out of sorts perhaps your shoes are to blame. Anyway, get a pair of WALK-OVER SHOES and note the restful feeling they will give your feet.

The Crown Business College opened today with a goodly number in attendance. Anyone thinking of taking a course should begin right away in order to be prepared to take a position when the spring work begins, for there is going to be a great demand for Bookkeepers and Stenographers. An opportunity is given you to attend either the day or evening session.

The Navy Bill introduced at the last sitting of the Mock Parliament, promises to be one of the most contentious measures of the session. A number of valiant and highly offensive speeches have been made by responsible ministers of the crown, since Friday's sitting, when the Hudson Bay Railway Bill passed its third reading. The Opposition on their part maintain that the Ministry have lost the confidence of the country and are now clinging to office for their own corrupt purposes. Party feeling runs high and in some cases personal animosities have only been averted by the consummate tact of Opposition members. Contributed by an Opposition Member.

A petition for the holding of a "lug's Plate for Alberta" in Medicine Hat has been circulated in the city. The petition will be sent to the governor-general, who will be asked to use his influence with the King.

The Sons of England will have an important meeting next Thursday night. There will be installation of officers and discussion of a new District Deputy. All members are requested to be present.
