

COULDN'T WORK FOR WHOLE YEAR

**Veteran Was All Run Down, But
Gains Fifteen Pounds And Is
In Best of Health Now.**

"For one year before I began taking Tanlac I was so weak I could not do a lick of work, but now I have gained fifteen pounds in weight and am in the very best of health," said Arthur F. Ingram, of 4 George St., Halifax, N. S., a few days ago. Mr. Ingram saw four years of service in France with the Canadian Expeditionary Forces, being attached to the Fifth Artillery. He was engaged in some of the heaviest fighting of the whole war, including the battles of the Somme and Cambrai.

"I have been in miserable health ever since I got out of the Army late last Spring. In fact, my troubles started when I was gassed in France, just before the Armistice was signed," continued Mr. Ingram. "In six months I lost forty pounds and some days I was so weak that I came near collapsing. My appetite was so poor that I had to force myself to eat enough to keep alive and sometimes just the smell of food would nauseate me so that I would have to get out of the house. You can imagine how weak I was when I tell you I went for days at a time without eating a bite. I could hardly retain a thing on my stomach. Why, sometimes I would become so nauseated while seated at the table that I would have to get up and leave. The cramps and pains in my stomach would nearly draw me double and at times the agony was almost more than I could bear. I was so nervous and restless that I got but little sleep and some nights I lay awake the whole night through."

"My brother-in-law had been taking Tanlac and it had done him so much good that he advised me to try it, too. I had taken so many medicines that I had about lost faith in them, but I made up my mind to give it a trial. Well, sir, I was so surprised when I began to improve I could hardly believe it. That gave me encouragement and I kept right on taking it without missing a dose until now I have finished my fourth bottle. And today it seems almost too good to be true, but it is a fact just the same that I am in perfect health and am feeling as fine as a man could want. I have a splendid appetite and can eat anything I please, my stomach was never in better condition and I digest everything I eat without the least trouble of any kind. The cramping pains have all disappeared and it is no trouble for me to retain what I eat. I sleep like a log every night and when I get up of mornings I am ready for as big a day's work as any man. My strength and energy have come back and already I have gained fifteen pounds and am just gaining right along. In my opinion Tanlac has no equal as a medicine and I recommend it in the very highest terms."

Tanlac is sold in Hartland by Estey & Curtis Co., and by the leading druggist in every town.

Why Canadians Should Insure in a Canadian Company

BECAUSE—Experience covering a period of forty-six years has proven that the death rate of insured lives is about 15 per cent greater in the United States than in Canada.

BECAUSE—A Canadian does not need to assist in paying for this extra heavy death rate in a foreign country.

BECAUSE—A Canadian insuring in a foreign Company is sending his money out of Canada. If retained in Canada he and Canadians generally will benefit by its circulation and investment.

BECAUSE—In The Policy-Holders' Mutual Life (of Canada) he can secure his insurance at lower rates and on easier terms than in any other Company.

BECAUSE—The Policy-Holders' Mutual Life (of Canada) was organized for the express purpose of eliminating all objectionable features in Life Insurance.

BECAUSE—In The Policy-Holders' Mutual Life (of Canada) the Policyholder votes and participates in the management on equal terms with the Stockholders.

BECAUSE—By its Act of Incorporation provision is made for the Policyholder voting at his own home if convenient to attend the general meetings.

BECAUSE—By its Act of Incorporation the dividend to its Stockholders is limited and all profits above this limited dividend belong to the Policyholder.

BECAUSE—By its Act of Incorporation no "Gold Bond" policies or anything of a fake nature can be issued.

BECAUSE—Its Policy-holders participate in the annual distribution of profits.

BECAUSE—The low rates and annual distribution of profits leave the money in the Policyholder's pockets or return it to him each year instead of its being retained for speculative purposes as has been charged against some Companies.

BECAUSE—Premiums may be paid monthly, quarterly, semi-annually or annually as best suits the convenience of the insured.

BECAUSE—In the Policy-holders Mutual Life (of Canada) he will be insured in a Canadian Company incorporated by special Act, especially safeguarding his interests, thoroughly democratic in its principles and management, with every safe-guard and security to which the strongest Stock Company can lay claim in which government deposit reserve and inspection are secured.
