John D. Ross has an article in the first class tragedy in what happened in a thusiastic over some of the lines given. knitting up the "ravelled sleeve of "not the idle musings of a mere rhymist, ed throughout the house and carried to care." Suddenly an awful crash soundroom below. What could it be? It sheathed it and proceeded down stalrs. The young man said his fists were good enough for him and followed, the boy came next with the scabbard, and the young lady brought up the rear with a light. John McCullough entering the arena as the gladiator never looked more fierce and determined than did the middle aged gentleman in his loose flowing robes. The rest of the procession might have been taken for acolytes. Fortunately the dining room was reached without slaughter. The gladiator stationed himself at one entrance to the room, the young 'man with the fists at the other. At a word of command they both charged into the room, the young lady holding the light. Flashed then the sabre bare, flashed as it turned in air, but that is all it did. No grim visaged burglar sought its fearful stroke. On the floor lay a wreck of china and glassware that had been tilted from a tray on the sideboard. Who did it? That might have forever remained a mystery The following is a sketch of the auth- had not two balls of luminous guilt been or's career : John Murdock Harper was observed peering out from a corner.
