

NEW ATHLETIC RULES BY AMERICAN A. U.

In Relation to Measurement of Weight Events—Must Take Water Jumps—Renewal of Registration.

At the annual meeting of the American Athletic Union, several changes were made in the rules. One that will affect the athlete is that which requires him upon renewal of registration to fill out his blank as he did on his original application, but he need not have the application indorsed unless required by the registration committee.

Another change provides that there shall be no charge for basketball sanctions. Hereafter the various associations will only be required to pay into the national treasury five cents for each registration, instead of ten, as heretofore.

The following changes were made in the athletic rules: "In relation to broad jumping, the rule formerly was 'In front of the scratch line the ground shall be removed to the depth of three and the width of twelve inches outward.' The new rule is: 'In front of the scratch line the ground shall be flush.'"

In relation to the measurement of the shot put "The measurement of each put shall be taken at the circle from the nearest mark made by the fall of the shot to the circumference of the circle, on a line from the mark made by the shot to the centre of the circle."

In relation to the 56-pound weight: "The weight shall be a metal sphere, with handle of any shape and material, which must be permanently attached to the sphere. Their combined weight shall be at least fifty-six pounds and their combined height shall not be more than 18 inches."

In relation to the measurement of throws with the fifty-six pound weight

or hammers: "The measurement of each throw shall be taken at the circle from the nearest mark made by the fall of any part of the weight or handle to the inside edge of the circumference of the circle on a line from the mark to the centre of the circle."

In relation to hurdle records and hurdling: "In making a record it shall be necessary for the competitor to jump over every hurdle in its proper position and no record shall be allowed unless all the hurdles remain standing after the competitor has cleared them. A competitor knocking down three or more hurdles or any portions of hurdles in a race shall be disqualified."

In relation to measurements: "In all weight events and broad jumps that portion of the tape showing the feet and inches must be held by the official at the take-off or at the circle."

In distance events exceeding five miles no competitor shall be allowed unless he is over 18 years of age and passes a physical examination to be made by a physician appointed by the club or organization holding the event.

Trainers and handlers shall not be allowed within the centre field or inner circle or on the track immediately prior to or during competitions at any meeting except in distance races of five miles or over."

Steepchasing: "In the steepchase every competitor must go over or through the water, and any one who jumps to one side or the other of the water jump shall be disqualified if he is not over three feet in height and there shall be twenty hurdles to every mile."

Varsity Tackles and Tiger Bucks.

Says the Toronto News:—Dr. Barton, director of physical work at Toronto University, takes issue with the statement advanced by the Varsity Athletic Union that the intercollegiate athletes lost to McGill because they were "out of shape."

"The boys are in shape," he says. "Captain Newton is decidedly fit, and he has been working hard for the last few weeks. He is in the best of his health and in the best of his condition."

"But all the rest are in good shape. Mr. Griffith has been handling them carefully. Down at McGill the boys played a steady game, taking no chances. They were not beaten because of not trying, however, but because of not trying hard enough. They were not beaten because of not trying hard enough. They were not beaten because of not trying hard enough."

MUST PLAY IN FORM.

"Varsity will be in good shape to meet the interprovincial winners. That will likely be Hamilton. There isn't much doubt that the team will defeat Ottawa. If the students play anywhere near to form they will win out in the final. It will only take two or three of Lawson's finest to get the job done. It will surely put up a careful game. The team will try to keep things going evenly this week and next, avoiding the possibility of accidents or of over-training."

PLAYERS STALE.

The Varsity suffered its first defeat of the season at Montreal on Saturday, being beaten by the McGill team by the score of 11 to 0. Only one excuse can be advanced for the defeat, and that is, the team was out of shape. The McGill team was in the first part of the game they had all the best of the play, leading at half time by 6 to 0, but in the second half they tired under the continual bucking of the heavy McGill team and allowed the Montrealers to score two tries and the game was a draw. The Varsity team lacked the ginger and snap which has marked their play all season, and certainly showed the effects of the continual hard practice since the middle of September.

Moving Pictures Are Really Good.

Speaking of the fight pictures of the Johnson-Ketchell championship scrap, which come to the Palm Gardens, opposite the armory, for next Monday, Tuesday and Wednesday, a writer in the New York Herald says: "To my mind they are the finest motion pictures of a prize fight ever seen. The fight itself, full as it was of surprises and uncertainties, naturally adds to the attractiveness of these reproductions, but the brilliance and crispness of the film are greater factors in making it so popular."

Basketball.

A good joke is going the rounds on Roy Branston, of the Mills' Hardware basketball team. When the Mills and Wood Milling Company's teams lined up on Tuesday evening for an exhibition game, Manager Burns, of the Wood Milling Co., found that he was one man short, so he had to do his sweater and play himself, playing defence and marking Branston, of the Mills' Hardware, who plays forward. Branston, who usually gets away with a lot of baskets, found himself held down to three at the finish of the game. In the report of the game was reported to the papers, Branston in some mysterious manner, known only to those who work on a certain newspaper, changed the report from three to seven, making it read as though he got away with seven baskets, instead of three.

It seems that Branston doesn't relish being held down to such a low score, especially by one who doesn't claim to be a basketball player. Branston states that the ink must have run; that is the only way he could account for the mistake.

LOCK REPAIRED.

Sault Ste. Marie, Ont., Nov. 18.—Repairs to the Michigan lock were completed last night and locking began at nine o'clock. The Canadian steamer Ames was the first to pass through. The blockade will be broken by to-morrow and traffic will be then taken care of as usual.

GIRL'S DEATH.

Body Found in Clump of Bushes Across Hudson From Troy.

Victim Left Family Home on Tuesday to Make Some Purchases.

Troy, Nov. 18.—The body of Caroline D. Gorgan, 27 years old, who lived at No. 15 James street, Green Island, Albany County, across the river from Troy, was found late today in a clump of bushes in a lonely part of the village, near the shore of the Hudson River. The body was found by two little girls, who stumbled over it while playing. It is thought to be a case of murder, probably the result of a powder fight administered. This much the police have given out. The body was found late today in a clump of bushes in a lonely part of the village, near the shore of the Hudson River. The body was found by two little girls, who stumbled over it while playing.

WIFE SUICIDES.

Throws Herself in Front of Street Car and Ends Romance.

San Francisco, Nov. 18.—With "God bless my baby" on her lips, Mrs. Helen Burns, a married woman and sister, died last night as a result of injuries received when she threw herself in front of a street car. Mrs. Burns was 42 years of age, and the daughter of Mrs. M. J. Baker, who was married to her husband in 1887. She was a devoted mother and a devoted wife. She was found by a passer-by who called her attention to the fact that she was in the way. She was taken to the hospital, but died before she could be revived.

ASTOR'S YACHT.

His Friends Unable to Find Any Trace of the Vessel.

New York, Nov. 18.—Fear that Col. John Jacob Astor's yacht Nourmahal, with the owner and his son Vincent aboard, may have been disabled in the West Indian hurricane of last week was further increased today by the failure of the various vessels known to be seeking the whereabouts of the missing yacht to report her. Neither at the New York Maritime Exchange nor at the headquarters here of the United Wireless Co., which had sent out a general inquiry for the Astor yacht yesterday had any word calculated to allay the anxiety of Col. Astor's friends been received.

DEMORALIZATION.

"What makes that parrot so profane?" "Well, um," answered the sailor man, "I suppose it's part of his fault. Every time I hear him speak a bad word, it makes me so mad that he gets a chance to learn a lot of new ones."

DOG RAN, TOO

Man Tries Dynamite for Removal of Dog.

Ties Explosive to Animal's Collar Then Sprints His Hardest.

Lathrop, Pa., Nov. 18.—Wearing of the harness of supporting a small dog of which he was the possessor, John Pinto, a straddling miser, yesterday conceived the idea of its painless removal by means of dynamite.

Preceding a stick of the explosive, Pinto attached it to the dog's collar, lighted the fuse, waited till the crackling assured him it was well ignited, then with the parting injunction to the dog to "sit down, nice-a-a," he took to his heels.

But Fido did not "sit down." Instead he wagged his tail, emitted a merry yelp and dashed after his fleeing master. Pinto, hearing the dog behind him, raced madly up the road, fearing every instant to be blown to smithereens.

Nearby the village, Pinto made for a house which stands close to the road and, lighting a link, sought its shelter at top speed.

As he reached the door faithful Fido was close at his heels.

With a yell of terror Pinto bounded across the threshold, slamming the door in the dog's face just as the explosion occurred. The windows were shattered, the door unblinded and a huge hole was torn in the ground, but Pinto escaped injury. Fido's fate was such as to render a burial unnecessary.

GOT TIN BOX.

Jackson Angevine, 80 Years Old, Falls For an Old Game.

Family Curious as About the Precious Box Mr. Angevine Bought.

Nazarea Falls, Nov. 17.—Jackson Angevine, 80 years old, one of the best known men in the county, a resident of La Salle, last Wednesday fell a victim to confidence men, losing \$12. The family is reticent about the details of the affair, which took place in this city.

Mr. Angevine met two men here by appointment after he had drawn the necessary funds from a local bank. With the pair, the aged man went to a hotel and there was shown the prize, packed in a tin box. The tin box was given into Mr. Angevine's care after the transfer of his money and he went home.

There was considerable curiosity among the members of the family as to the contents of the box, which, when it was opened, was found to contain a miscellaneous lot of junk, with this note on top: "By this time we are in Canada."

Algerwine, who is one of the wealthiest farmers in this part of the county, did not notify the police authorities here or the authorities in La Salle.
