### CROWD OF HARVESTERS CAME TOO EARLY

Notice Received From Reginal Br. W. L. Hongamary of Dal That Men Wilane Required in Saskatchewan for at Least Two Weeks-M Men Ticketed Through to That Province.

(Winnipeg Evening Telegram)

Unpleasant epithets were hurled most up against poverty, heve the Candian Pacific Railway made no arrangements up to the impany this morning among the present as to what they are going the secretary of the bureau of labor department of agriculture at leave St. Johns, New Brunswith Regina to the effect that men on Aug. 2. would not be needed there for two works. The circular is peaded, bulletin:
Harvest Laborers," and says, Harvesting in Saskatchewan Will be general by August 20th This announcement is made in the

Agriculture issued foday.

Manitoba for the present.

This pamphlet has had the or about which harvesting will be converted adjourned. effect of depressing the spirits of general in the districts tributary a most the whole of the first conto the railway lines mentioned. signment of harvest excursionists. Most of them have their tickets already bought for Saskatchewan

rangements to that effect. MANY ARE BROKE Many of them are down to their last dollar, and in fact, many could not produce more than a fifty cent piece, and had no place

Some were even ordered out of the C. P. R. waiting room, but they had no where else to go. Now the trouble is, these men were given to understand in the east before they left that work of all kinds awaited their arrivat. They consider it a holdup game to keep them in Manitoba when they wish to go west, and to say that they are an angry, disap-printed, discouraged crowd is puting it rather mildly.

Many of them, however, who have already got their tickets for Saskatchewan points will go there anyway, and, as they term it, take chances. We do not think that they will be taking any chances, however, for work, for the west needs all the men she can possibly get hold of to help take off her ountiful harvest.

MANY WILL STAY IN WEST who have been brought up on burns there, are bound for vesting a good crop. as been working before. These men all intend to take up home-steads or buy iand in the near future and settle as western farmers. They are from the Tyne valley, Prince county, and are of Scotch descent, and are all macks, their names being, William Mc-

Niven, James McDougald, William

They leave for Wapeila tonight. Two more who are slightly sore on account of the pamphlets above mentioned being forced into their hands, and who have their tickets already bought for Moose Jaw, are J. P. and Alec. Doyle from Restigouche county, New Bruns-These two men, however, wick. will take chances and go to Moose Jaw, and are not afraid of the outcome. They intend to settle and remain in the west and to farm if conditions turn out favor-

able for them. DON'T KNOW WHAT TO DO Seven more men from Prince Edward Island, who had expected work would be ready for them when they arrived here, are al-

Beleviole It Needs No Painting

A MATITE has a rec! mineral surface; it needs no paint to protect it. In rain and sun and snow and hail. Amatite takes care of itself, it needs no coddling; there is no maintanance cert. You lay it and leave it.

The mineral surface is dureble, normancht, absolutely weatherproof, unaffected by climate, insoluble in water, not injured by smoke.

Amatite is easy to lay. No skilled labor is required. You simply unroll it on the roof, and nail it down with nails which we supply to you. Cement the laps with the adhesive cement which we also supply free packed in the center of the roll.

Amatite costs no more than the kind of roofings that require constant painting. You get twice as much weight of roofing for your money as you do with other roofings.

Sample free on request. Address nearest office.
