The Meaning of Values

Some people think that because a garment is low in price it is a "value" This is not always true. "Value" means something more than low price. It means low price and high quality. Many low priced garments look well for the moment, but second grade materials, skimmed seams, cheap trimming soon tell in poor wear. Such garments are not values They are merely cheap merchandise—nothing more.

Real Values---Farrah Values

are something quite different. They are garments that represent the best in material, in tailoring, in finish. They are garments that have quality and style, garments for which you would willingly pay more. But because our buying organization enables us to purchase at great concessions, because our volume of business enables us to sell on a smaller margin of profit, we are able to offer them at prices which means real & consistent values.

Our Merchandising policy is to sell a large volume of goods on a small margin of profit. That means better goods at lower prices—real values.

To demonstrate this we are offering values in Women's Suits

The essential points to study in a suit are its style and its material. Is the suit smart? Is it correctly tailored? Does it fit the line of your figure? And is the material so firmly woven that it will retain its shape through all weathers and all wear? The suit values we are offering in this great demonstration meet every one of these demands.

Tricotine Serge Duvet de Laine Duvetyne

Some with beaver and mole collars, others embroidered or plain.

THE TARIFF AND COMMON SENSE

PREMIER MEIGHEN SAYS:
"We should produce the necessaries of life at home and thereby provide the maximum amount of work for our own people. A reasonable protective tariff such as Canada has had for upwards of 43 years is necessary to this end."

MESSRS. KING WOOD AND CRERAR SAY:
"We should wipe out or so materially reduce the tariff as to enable us to buy the necessaries of life—foods, fruits, cereals, boots, clothing, furniture, woollens, cottons, stoves kitchen, utensils, butter, cheese etc. at the lowest possible cost." They care not whether these articles are produced or made by the workmen of the United States, Germany or Japan.

PREMIER MEIGHEN KNOWS:
That the adoption of King-Crerar policies would result in flooding Canada with foreign produce, and goods of all classes, made by workmen in other lands, and that thousands of Canadian workmen would be thrown out of employment.

MESSRS. KING WOOD AND CRERAR SAY IS EFFECT
We do not care. We know other countries have adopted the principle of Protection to take care of their home markets and to provide work for their own people, but we believe they are all wrong. While the United States Fordney Bill shuts us out from the American Market for our cattle, hogs, sheep, grains, cheese, butter, milk, apples and other produce, we should not mind that. We should either wipe out our tariff or so reduce it as to enable United States farmers, fruit growers, and dairymen to dump their surplus products in the Canadian market.

PREMIER MEIGHEN HOLDS:
That Canada will never become a great nation unless we protect all our home industries—farming, mining, fishing, lumbering, manufacturing.

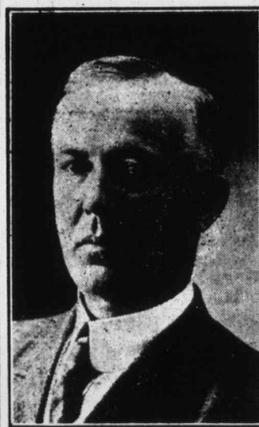

MESSRS. KING, WOOD AND CRERAR HOLD:
That the principle of protection is unsound and morally wrong and that it should therefore disappear regardless of the consequences to Canadian workmen, their families and their homes.

WHAT IS YOUR VIEW?
Say by your vote that Canada needs Meighen and Northumberland County needs E. A. McCurdy.

Let us Forget--The Morrissey's sold the Farmer-Labor Party in the Vanderbeck By-election. Will you give him another opportunity. We miss our guess if you do.

NO LUMBERING ON RESTIGOUCHE

Campbellton Tribune: Those who have been hoping that perhaps the lumbermen on the Restigouche would get out forty or fifty per cent of their usual winter's cut, will be disappointed in learning that it is very unlikely any lumber whatever in this district will be got out. So far the mill owners have made no move whatever in engaging men for the woods, nor are any arrangements made for the opening up of the various camps, which arrangements are generally made months ahead. It is almost safe to predict

E. A. McCURDY
The National Liberal and Conservative Candidate for Northumberland Co.

OBITUARY

MRS. ERNEST ALLISON
Mrs. Allison departed this life, November 21, 1921, at the age of 31 years. The deceased lady was very much esteemed by all who had the pleasure of her acquaintance, and although she had been in poor health for a considerable time, the end was hardly expected so suddenly, and the news of her death, caused intense grief among her many friends, who will fondly cherish her memory.

Mrs. Ernest Allison, was born in Trout Brook Sept. 14th, 1890, and was married March 2nd 1914. She was a daughter of Mr. and Mrs. Joseph Hosford of Trout Brook. Her bereaved husband, four brothers and one sister—Mrs. Amos Mullin; all of Trout Brook survive her. The four brothers are Ernest, William, Joseph and Percy. The late Mrs. Allison was an esteemed member of the Methodist Church, and will be much missed. In the absence of her pastor the Rev. Mr. Champion, the Rev. L. H. MacLean conducted the largely attended funeral services. The remains are laid at rest in Newcastle cemetery. The Advocate extends every sympathy.

MRS. PATRICK DUNN
The death of Mrs. Patrick Dunn of South Nelson, took place Friday evening at the Hotel Dieu hospital. Deceased was 54 years of age and had been ill only a week with pneumonia. She is survived by her husband, three sisters and three brothers—John of Douglasfield, Dennis of Portland, Me., Richard of Lynn, Mass. The sisters are Mrs. Wm. Gorman, Nelson, Mrs. Wm. McCullum, Newcastle, and Mrs. Thos. McCarthy, Boston. The funeral held from her late residence Monday morning at 8.30 was largely attended. Requiem mass was celebrated in St. Patrick's Church by Rev. Father Wallace and interment was in St. Patrick's cemetery. The pallbearers were James Lynch, Richard O'Brien, Thomas Lynch, Wm. Brown, Barkley Connell, Frank McDonald.

RICHARD RONAN
The death of Richard Ronan took place at his home, Nowlanville, on Friday, November 11. Deceased who was 75 years of age, is survived by his wife and grown-up family. The funeral was held from his late residence yesterday morning. Requiem mass was celebrated at St. Patrick's church, Nelson, by Rev. Fr. Wallace and interment was in St. Patrick's cemetery.

that no lumber on the Restigouche will be got out this winter. The

DELEGATES TO N.B. HOCKEY LEAGUE

Bathurst, Nov. 17—Next Tuesday evening, November 22, the annual meeting of the New Brunswick Hockey League will be held in the Board of Trade rooms, and considerable significance attaches to the gathering for it is more than likely that the fate of the league will hinge upon the deliberations of the delegates.

In the light of known events the outlook is very promising for a successful hockey season, with an extended league of teams operating under the provincial charter, and with the divergent views and interests that marked last season blending into a more harmonious ensemble.

The meeting is being called by H. O. Schryer, secretary of the league, the object of the same can best be described in the opening words of the communication which he has sent to the league representatives in the various towns interested, as follows: "A meeting of the Maritime Provinces branch of the N. B. Hockey League will be held in the Board of Trade rooms, Bathurst, on November 22, at 7 p. m., for the purpose of drawing up a schedule and making plans for the season 1921-2."

The towns communicated with by Mr. Schryer in this regard are as follows: Campbellton, Chatham, Fredericton, Sussex, Marysville, Sackville Moncton and St. John.

Including Bathurst the list comprises nine prospective teams, and Mr. Schryer feels that there is every justification for believing in the possibility of transforming that prospective league into an actual fact. And needless to say, in his belief, and in his efforts to bring about its consummation, he has the support of every local hockey player, and, so far as can be ascertained, the great body of outside hockey opinion as well. In the meantime, or rather last year, only five teams were in the league, as follows: Campbellton, Bathurst, Chatham, Fredericton and Marysville.

Mr. Schryer has also communicated with A. V. Covey, president of the Maritime Provinces branch of the A. A. U. of Canada, informing him of the meeting, and its purpose, and urging him to be in attendance if possible to swing the league movement along.

Tonight the Bathurst Hockey Club held its annual meeting, at which delegates to the league were appointed.

Morrissey—a thorn in the political side for years, will meet his Waterloo on December 6th. Let Northumberland rid herself of her greatest political canker—Morrissey—on December 6th.

lumber market is indeed very dull. The dry season last spring was the means of holding up much of last winter's cut. The recent rains have been the means of getting some of this lumber now in the boom. The corporation drive is expected to all be in the boom this evening. This drive will amount to some forty million, and will be held in the boom all winter, in addition to this quantity of lumber there are other large quantities held in the various streams which will not be moved at present.

Laborer's--Morrissey has betrayed you. Don't give him a second chance. Make his defeat so positive on December 6th, that he will never trouble you again. It is your duty to your union principles and to the County.
