Disposal of Garbage.

Elsewhere in this issue we publish a letter of protest from a citizen of the West End against the action of the City Council in depositing the city refuse along the Cornwall Avenue. Such deposits along the country roads are not only unsightly but are offensive to those who use the country and who love to take a stroll in the quiet of the evening.

It is up to the City Council to provide for the disposal of this refuse in a way that will not be an eye-sore to the passer-by and detract from our country roads as pleasure resorts. Yearly St. John's is becoming a resort for tourists from Canada and the States, and these visitors all make for the country. They love the country paths, the fields, the ponds, and all that nature has made pleasant, why should man make it vile?

Their Largest Parade.

In the parade of the Methodist Guards held yesterday 180 members mustered out and this was the biggest turnout of the brigade held since its inception. His Excellency the Governor and Secretary Fitzherbert were passing at the time and leaving their carriage stood headed as the band passed them by.

Knights of Columbus.

The Newfoundland delegates from Terra Nova Council of St. John's to the State Convention of the Knights of Columbus, Messrs. C. O'N. Conroy and C. J. Cahill, arrived by Saturday's express. The Convention, which opened at Moncton, N.B., on May 10th, was attended by representatives from all the Councils of the Order in the Maritime Provinces and the two Councils at St. John's and Harbor Grace, Nfld. Rev. Dr. Whelan, who was one of the delegates from Harbor Grace Council, on the Sunday following their arrival at Moncton, occupied the pulpit of the Catholic Church and preached an eloquent and instructive sermon to a very large congregation. The public and social functions which the Moncton Council had prepared for the reception of the visiting Knights were all postponed at the news of the death of the late King. Yet nothing was left undone to make the stay of the visitors enjoyable, and the kindness and hospitality extended on all sides to the Nfd. delegates in particular will not soon be forgotten by them. After the adjournment of the Convention the Nfd. delegates went to St. John, N.B., on the invitation of State Deputy W. J. Mohoney, and spent a most pleasant day in that beautiful little city. It appeared that the St. John Knights could not do enough to entertain their visitors from the Ancient Colony, and invitations, &c., were showered on them from all sides. The party were taken around in automobiles and were thus enabled to get a good idea of the many attractions of St. John. While in St. John the delegates took the opportunity of calling on His Lordship Bishop Casey, who received them most kindly and showed them a painting he possesses by the old Italian master, Sassano. This painting, His Lordship stated, had recently been examined by an English expert and was worth anywhere from fifty to one hundred thousand dollars. The delegates enjoyed their trip thoroughly and will always have the most pleasant recollections of their visit to Moncton and St. John, N.B.

Some persons from Changsha have arrived at Hankow.

Jap-British Exhibition.

LONDON, May 14.
The Japanese-British exhibition at the White City, Shepherd's Bush, London, was opened to the public to-day. On account of the national mourning ceremony planned for the first day was cancelled. Although called Japanese-British this year's exhibition depends for its success almost entirely on the efforts of the Japanese Government, and the big commercial companies of Japan who are making exhibits showing every phase of the Japanese life and custom. The British War and Admiralty departments have interesting exhibits depicting the progress of the sister services and in the Machinery Hall there is a big display of Machinery in operation. British art also is represented, the late King Edward loaned a number of his pictures and other works of art. Otherwise the Halls and grounds are given over to Japanese and it is said that nothing like the Japs collections have hitherto been seen outside Japan.

ROYAL CORTEGE TO-MORROW.

Special to Evening Telegram.
LONDON, May 15.

The official programme for the removal of the body of the late King, Edward the Seventh, from Buckingham Palace to Westminster Hall next Tuesday was issued to-night. It shows that the removal will be attended by a military spectacle only less impressive and imposing than the funeral itself. Following the casket drawn on a gun carriage will walk King George, the Royal Princes, and all the Kings and princely guests, together with the members of the late King's Household, the Lords and Groomsmen-in-waiting, Court Dignitaries, Naval Officers and the Queen Mother's Household. Then will come a procession of nine carriages with the Queen Mother and all the Royal ladies. Upon arrival at Westminster Hall the late King's company of the Grenadier Guards, who will have charge of the casket throughout the ceremony, will place the body upon the Catafalque for the Lying-in-State. All the regalia having been placed upon the casket, the Archbishop of Canterbury will conduct a solemn service for the Royal mourners, after which the public Lying-in-State will begin. The details of Friday's ceremony are still incomplete, but it has been decided bluejackets will draw the gun carriage the coffin will be on King George, Queen Mary and the Queen Mother with all the members of the Royal Family were present to-night at a solemn service over the body in the Throne Room in Buckingham Palace. The scene in the Throne Room was deeply moving, one of the most impressive being the hourly change of guards, who in full uniform with hands crossed on reversed rifles and with heads bowed stand like statues at each corner of the Catafalque, with an officer in the same attitude facing the bier. Not a muscle seemed to move. At the end of each hour a bugler silently leads the relieving guard in and the change of guards is made very noiselessly. One hour of this guard has been so trying to the men that after to-night they will be relieved each half hour. Solemn services were again held in all the churches throughout the Kingdom. The troops which will line the funeral route Friday have been practising the funeral drill. Curiously, not one of these 30,000 men will see the procession pass, for when the cortege approaches, at the word of command the troops will assume an attitude with heads bowed over their hands on their rifles and will remain so until the cortege passes.
