## Prolifable Government Hay

Mr. Reuben Butler, of Fox Trap, an honest farmer-fisherman, this spring bought a ton of the hay imported by the paternal (?) party (or Government) known as the Picnic Party. He paid \$25.50 per ton for it, and certainly found it a very indifferent article as to quality. His cattle managed to masticate and digest some of it, but not all, for they bawled at what was served up in some of it. This was nothing less than the hide of a yearling cow and several stumps of trees. The man is naturally disgusted, but what else could he expect but what is spurious from a party of bluffs and false promises.

## A Wonderful Discovery

An eminent scientist, the other day, gave his opinion that the most wonderful discovery of recent years was the discovery of Zam-Buk. Just think! As soon as a single thin layer of Zam-Buk is applied to a wound or a sore, such injury is insured against blood poisoning! Not one species of microbe has been found that Zam-Buk does not kill!

Then again, As soon as Zam-Buk is applied to a sore, or a cut, or to skin disease, it stops the smarting. That is why children are such friends of the science of the thing. All they know is that Zam-Buk stops their pain. Mothers should never forget this.

Again, As soon as Zam-Buk is applied to a wound or to a diseased part, the cells beneath the skin's surface are so stimulated that new healthy tissue is quickly formed. This forming of fresh healthy tissue from below is Zam-Buk's secret of healing. The tissue thus formed is worked up to the surface and literally casts off the diseased tissue above it. This is why Zam-Buk cures are permanent.

Only the other day, Mr. Marsh, of 101, Delineur Ave., Montreal, called upon the Zam-Buk Co. and told them that for over twenty-five years he had been a martyr to eczema. His hands were at one time so covered with sores that he had to sleep in gloves. Four years ago Zam-Buk was introduced to him, and in a few months it cured him. To-day—over three years after his cure of a disease he had for twenty-five years—he is still cured, and has had no trace of any return of the eczema!

All druggists sell Zam-Buk at 50c. box, or we will send free trial box if you send this advertisement and a 1c. stamp (to pay return postage). Address Zam-Buk Co., St. John's, Nfld.

## Man Knocked Out.

**FOR USING ABUSIVE LANGUAGE.**  
For using lewd and abusive language before the wife and daughter of an ex-police constable, a laborer named Good was struck with a weapon a terrific blow in the head on Wednesday last and knocked senseless. The affair, which occurred near Merryweather Road in a place known as "Rabbit Town," created no little sensation, as it was thought the victim would not survive. The wife of the ex-constable has issued a summons against Good, who has taken a counter charge against his opponent.

The west bound express, which left here Wednesday, is due at Port aux Basques this afternoon, and yesterday's express is due there to-morrow. The Bruce express is due here at 4 a.m. to-morrow. The Lintrose express is due here to-morrow night.

## Another Arrest.

Special to Evening Telegram.

**LONDON, To-day.**  
Another arrest took place last night in connection with the campaign for the suppression of the militant suffragettes. An analytic chemist, named Clayton, was taken into custody at Richmond. He will be charged with conspiring with General Mrs. Flora Drummond and other militant leaders. Various stories of a sensational nature appear in the London morning papers. These are to the effect that the police found a document, indicating a militant plan to set fire to every large timber yard in London and simultaneously to cut all telegraph wires in the vicinity of the yards, to delay the fire brigades. Another story describes attempts which have been made to engage an aviator to convey Miss Emmeline Pankhurst out of the country. It is also rumored that Pankhurst was in London yesterday.
