THE SLOGAN IN BAY ROBERTS:

"Bond Can't Lose."

Editor Evening Telegram.

Dear Sir—Permit me space in your esteemed paper to say a few words with respect to what is going on in Harbor Grace, District. We have got our candidates into the field and it is the opinion of the whole district that they are the strongest team that were ever brought out, namely: Mosdell, and Gordon. A few words on each would give you some idea why the slogan that "BOND & COAKER CAN'T LOSE" is so general.

MR. MOSDELL

is our man brought out by us Fishermen and one who we know will look out for our rights, because he has something in common with us, and that is that he is the son of a fisherman, and therefore has a practical knowledge of what the fishermen need. We also know that he is a very able man and therefore can represent us very strongly in the House of Assembly, and not a dummy like we have been having for years. So the cry is that Mosdell is our man, and therefore "He Can't Lose!"

CAPT. GEORGE GOSSE

We Bay Roberts men know Capt. George very well. He is a very popular man around the District and a man who has a practical interest in the country, being a large fish killer and supplier, and because of that his interests are of necessity with the fishermen and all the men in Spauld's Bay and Bishop's Cove say that it is their first time having a local man, and a very popular one at that, and therefore "He Can't Lose!"

MR. GEORGE T. GORDON

Well, Mr. Editor, we never saw wholesale popularity before. Why some of us went down to a meeting last week, and Mr. Gordon with other candidates were nominated, and put to ballot. Well, Sir, the hall was packed, and just to give you some idea how popular Gordon is in Harbor Grace, it is enough to say that he polled nearly every vote. Well, we were more than surprised

to see so many people for the one man and we came away convinced that Gordon will give any of our team a hard fight to head him at the polls. Gordon is looked upon in Harbor Grace as being straight, honest and reliable and therefore "He Can't Lose!"

Mr. Editor I would like to show you that Piccott is down and out and why? Well, we fishermen realize that we got Piccott home from New York and called him our man and we put him in the House of Assembly as our representative, and what do we get in return for it. We have started up our F.P.U. since then, under the leadership of President Coaker, who has done a lot for us fishermen; he has made it impossible for the merchant to keep the price of fish in the foreign markets from us, and has broke the fish combine, and has enabled us to get a better price for our fish, and now we find Piccott not willing to come with us, but taking sides against us, and doing everything he can to turn down our President and incidentally, put our Union out of business. Does Piccott think that we fishermen are too stunned to see that he is fighting all he can to turn down our Union. If Piccott thinks the "jar" can get us fishermen to vote against our own interests by turning down our F.P.U., just to give him another chance to "Clap the Grips," he is very much mistaken, but instead we people in the District of Harbor Grace are certainly going to give him and his crowd a chance to "Pack their Grips." The slogan here is that "Morris Must Go," because "Bond Can't Lose!" So Mr. Editor, I must apologize for encroaching on your very valuable space, and I can assure you that we F.P.U. men and Libera are one and the same; we are the people who will mark the straight ticket for Mosdell, Gordon and Gosse, and send back to power the Right Hon. Sir Robert Bond whose character is above reproach, and save the country from Graballism and ruin. Come on boys, success is yours.

Yours truly,

BAY ROBERTS.

Only a Heeler!

The Herald evidently has a new hand at the bellows. This individual, who has been thrown out as "damp" on more than one occasion, has such a high opinion of himself as a campaign writer, that his hat has become two or three sizes too small for him. In other words, and to be more explicit, he is suffering from that infirmity commonly called "swelled head." He has suddenly for the second time, become infatuated with Sir E. P. Morris. For four years, both with voice and pen, he has been assailing the great Big Chief, and after all, his overtures to the other side were brushed aside, he again goes back and says what a great man E.P. is after all. But we did not hear of the failed calf being killed in honor of this prodigal's return. He ought to be a great addition to the Tory scribbles and in conjunction with the late over-worked editor of the Plaindealer, will no doubt do some "dying" for the Morris cause in the weeks that are left of the campaign—provided he is well paid for it. Love of country, of course, is not his consuming passion, and it cannot be expected that his brilliant talents (?) are to be wasted on the whist air—for nothing. He is a common heeler, after a job, that requires a minimum amount of work, but brings in the maximum amount of pay. Such individuals as he ought to be given a few days work on the railway with pick and shovel, and then he would know what a day's work means to the laborers, and his mind would be quickly disabused of the idea that the Reid Nid. Co. are in any way the great benefactors to Newfoundland he would have us believe.

Have you tried the Excelsis Shaving Stick yet? Well, you will find it worth while next time you get one of them. Excelsis is something out of the ordinary in shaving soaps—something different and better. The three tests of a shaving soap are: What sort of lather does it give? Does the lather remain thick on the face and not dry up during the process of shaving? How does the face feel afterwards? All these three tests Excelsis gives a perfect answer. Excelsis gives a full, free, white lather, that is thick and rich; this lather does not quickly dry on the face, but remains soft and creamy long enough for the operation; its only after effect is a cool, pleasant feeling on the face, and many people need to use no talcum powder or bay rum after using Excelsis. In a word, this shaving stick surpasses all others in the qualities necessary to make a perfect shaving soap. Price 35c. a stick.

Radway's Ready Relief

Chas. H. Billings, of 249 W. 17th St., writes: "For years I have been suffering from asthma and bronchitis. A week ago I purchased a bottle of Radway's Ready Relief and have taken a teaspoonful in water before each meal. The relief I have experienced is marvellous. I most heartily endorse E. R. CURE'S ASTHMA." The specific for this disease are the Ready Relief, the Radway's Ready Relief, the Pills. The Relief must be rubbed on the chest and throat until a burning sensation is produced, and the Pills must be taken frequently, to keep the bowels thoroughly open. The Radway's Ready Relief must be given at short intervals, in small doses, and a despondent or failing to rest. Give a teaspoonful of the Ready Relief whenever paroxysms occur. RADWAY & CO.

had you before the court on three or four libel suits, and in every case you had to own up that you were wilfully lying, and had to pay the costs, and still you think you can get the people to believe the trash you are now serving out to them.

Patsy—The Battery men say you are a falsifier. The Trepassay Bay men say you are a falsifier. The Bonavista men burnt your effigy for being a falsifier. In the Coaker libel suits you said yourself you were a falsifier, and on the 30th October every sane man from North to South, from East to West, will bury you and your pals (Morris and his gang of political pirates) for being the most notorious gang of barefaced falsifiers that ever drew breath.

Concert.

A concert is being arranged by Mr. Jack Rossley and the popular entertainers of H.M.S. Sirius, for October 24th, the proceeds of which will be devoted to the funds of the C. E. Orphanage. Former performances given by this talented concert party have been very much appreciated, and an enjoyable evening is assured those who are fortunate enough to secure tickets.

Arizona.

In Arizona, where the skies are blue as any maiden's eyes, old timers are as blue; for there the men of lungs and jaws are piling up a stack of laws such as she never knew. Oh, Arizona, 'tis your fate to be a goody-goody state, a Kansas in disguise, a mollicoddle commonwealth where grown up men must swear by stealth, be jailed for telling lies. Where once the plainsman whacked his mules you'll build a string of Sunday schools for godly youth and wench; where once the cowboy used to screech the pale evangelist will preach and boost the mourners' bench. And men who wish a healing drink will get it at the kitchen sink, where city water flows; no Wolfville sports will count their dead, but folks will calmly go to bed, and there turn up their toes. No goats suspended from the trees, no well attended lynching bees will mark your social whirl; but every man will go his way, and do his stunt from day to day as quiet as a girl. The Rawhide Jakes and Buckskin Pates no more will bit your village streets and shoot holes through your hats; for now the cowboy will cut loose like thunderbolt on his cayuse, all branded o'er its slats. In Arizona, where the steers are shapely as a maiden's ears, old things must pass away; perhaps it's useless to repine; it may be you are doing fine in this your latest play.

MR. DEWING RESIGNS.—Mr. H. Dewling, for many years in the employ of Harvey & Co., resigns on Thursday to take a position as travelling representative for Franklin & Co.

Pointers.

Morris and his gang pose as friends of the workmen.

Morris's Boss—Reid, turned the laborers off his premises last summer and brought men in off the line to take their places.

Reid's Boss threatened the President of the Labourers Union with imprisonment if he didn't get off their premises.

Crosbie ordered the laborers off his premises last summer.

Crosbie and Piccott brought in strike breakers to take the place of the Union laborers.

Piccott motored to Bay Roberts on a Sunday to get men to come to St. John's to take the place of the Union men.

When the Bay Roberts men realized that Piccott and Crosbie were using them as strike breakers, they like noble men refused to be used as such and quit work.

Cashin branded the workmen on the Branch Railways as culprits.

Cashin told the Policemen, Firemen and other half-paid civil servants if they didn't like their pay to get out.

Granulation of the Eyelids

Is Cured by Dr. Chase's Ointment—

Score of Uses for the Great Soothing, Healing Ointment.
Most people know Dr. Chase's Ointment best as a cure for eczema and itching piles. Nor is this to be wondered at when you think of the remarkable record made in this class of cures.

But there are scores of other uses for this ointment, which are only discovered when it is kept constantly at hand.
Mrs. Martin, 13 Carroll street, Toronto, formerly of Bowmanville, Ont., writes: "We have used Dr. Chase's Ointment for years, and found it invaluable in treating skin irritations and all sorts of burns and wounds. In fact, we would not be without it in the house. It is a most excellent treatment for granulated eyelids, from which I suffered without finding anything to help me."

Wherever there is itching of the skin or a sore that refuses to heal you can use Dr. Chase's Ointment with full assurance that it will prove entirely satisfactory. 40 cents a box, all dealers, or Edmondson Bates & Co., Limited, Toronto.

ported a cook from the Old Country for the hospital.

Morris well knows on the last of October what the fathers and brothers of the women of Newfoundland think of his insult.

Women of Terra Nova—Just think if it, there wasn't one of you competent in Morris's opinion to be a cook in the hospital, he had to send across the Herring Pond to get one.

Morris also had to get an assistant Government Engineer from Old Land, a Mr. Robinson, whom P. T. said was taken on for only six months, but he's still on the job. What was the matter with the Natives, Balfour, Long and others.

Morris, Piccott and Parsons didn't think there was a builder in Harbor Grace competent to Superintend the work on the new Public Building, so there was a man sent from St. John's who has been getting about \$5 a day for months past. Is that fair to the men of the District. How would the St. John's contractors like to see a Harbour Grace man come to the city to take the work from them on Public Buildings.

Patsy put his foot in it when he said the Battery men were drunkards.

Patsy, the Battery men want you to know right here and now, that there was never one of them brought to the lock up for eating the nose off any one in a drunken fit.

Patsy, your insult to the fishermen of the Battery will be resented by every fisherman in Newfoundland.

Patsy, you not only branded the Battery fishermen as drunkards, but you also branded the noble men of Trepassay Bay as a crowd of wreckers and looters who lighted fire to lure vessels to destruction.

Patsy—Like the men of the Battery, the men of Trepassay Bay came out in the Public Press over their own signatures and denounced you for your slanderous falsehoods.

Patsy—You could not tell the truth under any circumstances. You are well paired, yourself and Morris; you called him "a har on space." You can write yourself "ditto."

Patsy—Coaker, the fishermen's "Idol!"
