

Stop That Disgusting Sniffle! Soothing "Catarrhzone"—A Quick Cure.

The Rich Healing Balsams of Catarrhzone Are Death to Colds, Bad Throat and Catarrh. Simply a marvel—you get relief so quick from Catarrhzone. Try the inhaler and count ten—your throat and nose are cleared—you feel better at once. Every breath you take is laden with the rich piney vapor of Catarrhzone—every breath is full of healing—full of soothing curative medicine that destroys sniffling and nose colds almost instantly. Thousands are using Catarrhzone today who couldn't live without it.

Try it for your irritable throat, test it out for that bronchial cough, give it a chance to rid you of that chronic catarrhal condition. Years of wonderful success and testimony from the best people of our land go to prove that nothing so far discovered is quicker, safer, surer, more pleasant than Catarrhzone. It is in its application purely scientific—it is recommended only for certain ailments above mentioned—but those it does certainly cure. Use the complete dollar outfit of Catarrhzone; it always does the work; small size 50c., sample trial size 25c.; sold by dealers everywhere.

Wedding Bells.

This morning at an early hour a great wedding took place at the Church of Holy Redeemer, Whitney Place, the contracting parties being Miss Mary Lynch, formerly of St. Mary's, and Mr. N. J. Grace, of St. Mary's. Rev. R. McInnis officiated at the ceremony, immediately after which nuptial mass was celebrated. The bride looked charming in a traveling suit of brown brocade and was attended by Miss Ida Miller, Mr. J. J. Lynch performed the duties of best man. After the ceremonies the bridal party was driven to the Royal Oak Hotel where breakfast was served, and the newlyweds toasted in the usual manner. After breakfast was over the party was entertained for Truro where a few days will be spent. The presents were many and useful, and attracted to the popularity in which both bride and groom are held. To Mr. and Mrs. Grace we extend our earnest congratulations. Long may they live, and may their shadows never grow less. Sydney, April 28, 1914.

Popular Young Farmer Talks.

TELLS WHAT DODD'S KIDNEY PILLS DID FOR HIM. He's Back at Work Again, After Suffering from the Pains, Nervousness and Depression that Only Kidney Disease Can Bring. Point Alexander, Ont., May 4. (Special).—Mr. D. A. Francare, a well-known and popular young farmer living near here, who has been a sufferer from kidney disease for some time past, is back at work again, and he says without hesitation, that his cure is due to Dodd's Kidney Pills.

"I was always tired and nervous," Mr. Francare says, in speaking of his illness. "I suffered from backache and neuralgia, and my sleep was broken and unrefreshing. My eyes were red and there were dark red circles around them. "My muscles would cramp. I felt heavy and sleepy afterwards, and I was depressed and low-spirited, while stomachs of bread and dizzy spells served to make life yet more miserable for me. "I was always thirsty; my limbs were heavy, and I had a dragging sensation across the loins. "My symptoms led me to believe I had kidney disease, and I started to use Dodd's Kidney Pills. I have taken eight boxes in all, and I am very grateful for the benefit I have received from them. "If the disease is of the kidneys or from the kidneys, Dodd's Kidney Pills will cure it. Notes From Dunville.

Mr. Patrick Connors received a message from his son last week informing him that he had been appointed captain of the s.s. Luristan, engaged in the fruit trade between Central America and New York ports. Capt. Connors deserves great credit for the manner in which he has worked himself ahead. For many years he was a boatswain on the s.s. Portia, and seeing that there was no chance of promotion in this Newfoundland of ours, without money or influence, he decided to go to the land of Uncle Sam where merit and ability are recognized, and where promotions are made on just and equitable principles. He has been three years in the States during which time he continued his nautical studies and at certain intervals came to Newfoundland in order to study navigation under the able tuition of Mr. F. J. Doyle, and last year was awarded a master's certificate of competency and has thus qualified himself for the position which he now holds. We understand that Capt. Connors is the first man from this district to secure a master's certificate. The writer congratulates him upon his success and wishes him every happiness and prosperity in his new position.

Mr. S. P. Young, the genial and efficient teacher of the High School here, has had a couple of school concerts and debates during the winter, which were highly appreciated. The school is evidently making good progress under his charge. We hope that he will settle down here permanently.

Miss Dunphy, of St. John's, has been here for some time visiting her friends and rumor has it that her next visit will be a permanent one.

An altercation occurred at Placentia on Sunday between a prominent citizen and the junior member for Placentia and St. Mary's, and as a result legal proceedings followed. The case attracted much attention, and two legal lights from St. John's were engaged on the case. Magistrate W. O'Reilly conducted the case and imposed a fine on the defendant for boxing the member's ears.

The trouble arose on account of the removal of the motor boat from wharf at which she had been calling every Sunday for three years, taking the people to Divine Service, to another wharf about two gun shots away. The removal of the boat such a short distance did not benefit the people any, and was done at the instance of a few individuals.

We know who he will buy it for? But who will he buy it from? Hundreds of Engagements and Weddings are sealed yearly in Newfoundland with Trapnell's Solid Gold Rings. Hundreds of friendships and tokens of affection to sweetheart, wife, mother, sister and friend are embodied in lasting embrace with Trapnell's Rings, the popularity of which is based upon their quality, finish and variety and beauty of design. Rings for men, women, baby and miss for every occasion. Gem Rings, Chased Rings, Signet Rings, Birthday Rings. Should you have a desire to get a ring of such design as you may create yourself, or that you had seen somebody else wear, just take your design to Trapnell; there is nothing impossible along these lines for his talented workmen. A splendid assortment of unset stones can be seen if your design calls for a Gem Ring. Ask to be shown the new White Sapphires. They are hard and brilliant like diamonds so much so that they puzzle experts. —ap20.1f

Brave Lady Babby

AT THE CRESCENT. The Crescent Picture Palace was crowded to the doors yesterday afternoon and again last night. The bill was without exception the best ever seen at this popular movie house and reflects great credit upon the management. Brave Lady Babby, the special three-reel feature was a decided success and well merited the approval it received by the large number of people who witnessed it. When Spirits Walk, was a comedy different from the ordinary fun-maker. Sidney Barnshaw, the vocalist, won much praise by his very pleasing Irish ballad, "When I Dream of Old Erin, I'm Dreaming of You," and responded to the many encores accorded him by the applause of his hearers. The same bill is repeated this afternoon and evening. On Wednesday and Thursday is repeated this afternoon and evening. The Scotch masterpiece, "Shon the Piper," in two reels. A Lass with eyes of Highland Blue, who loved the Pipes and Piper too.

More Fires.

Fires provoke immediate sympathy for the sufferers and also thankfulness for personal escape. Another thought should be whether one is personally and sufficiently protected? An insurance policy with Percie Johnson would provide for you this desired security and at small expense. Have you enough insurance? —sp17.1f

Special to Evening Telegram. LONDON, May 4. A wild woman ruined the portrait of Henry James, by Sargent in the Royal Academy.

THE GREATER QUESTION.

At this season of the year for Farmers with up-to-date ideas is, what are the best means to use to get the best returns from the land. Fertilizers must be used liberally if large returns are looked for. There are several good chemical fertilizers which may be recommended, but Sulphate of Ammonia has been proved to give the best returns, and is the most valuable and economical source of Nitrogen for agricultural purposes. For vegetables, grass, and all leaty crops, about one and a half cwt. per acre is the best quantity to use, and this should be applied when the plant is making its growth, as well as before sowing the seed. If a liquid manure is preferred, a 3/4 oz. of Sulphate to one gallon of water should be used, and applied once a week for a month. This quantity should not be exceeded. It is a good plan to reduce the Sulphate to a fine powder, and mix with four or more times its own bulk, for the purpose of diluting the manure, which is very powerful. For potatoes the following mixture is strongly recommended:— 40 lbs. Superphosphate, 26 lbs. Fine bone meal, 10 lbs. Carbonate of Magnesia, 15 lbs. Sulphate of Potash, 21 lbs. SULPHATE OF AMMONIA.

1 cwt. Apply at the rate of 10 to 11 lbs. to 43 square yards. The use of Carbonate of Magnesia, in conjunction with Sulphate of Ammonia, is of great importance in potato culture. For turnips use the following:— 66 lbs. Superphosphate, 13 lbs. Fine bone meal, 18 lbs. Sulphate of Potash, 20 lbs. Sulphate of Ammonia. 1 cwt. Apply at the rate of 10 to 11 lbs. to square yards. Sulphate of Ammonia of excellent quality is now made by the St. John's Gas Light Company, and may be obtained on very reasonable terms. Full particulars may be obtained at the Gas Works, or at the Board of Trade Building. Ask for special booklet on the use of Sulphate, it will be found of great value in securing the heaviest crops.

Doughnuts.

I see the high class eating joint, when my old stomach gives a wrench, and there the waiters proudly point to bills of fare got up in French. I order this, and order that, in eagerness my face to feed, and often times I break a sad pronouncing words I cannot read. And as I eat the costly greens, prepared by an imported cook, to other times and other scenes with reminiscent eyes I look. My mother never was in France, no foreign jargon did she speak, but how I used to sing and dance when she made doughnuts once a week! Oh, they were crisp and brown and sweet, and they were luxurious and sublime, and I could stand around and eat a half a bushel at a time. The doughnuts that our mothers made! They were the goods, they were the stuff, we used to eat them with a spade and loaded down with Choctaw names. I sigh and wish I had a tub of doughnuts, made by old time dimes. I do not care for fancy fritils, but when the doughnut dish appears, I kick my hind feet over the thills, and whoop for joy, and wag my tails. —ap20.1f

April Codfish Exports.

The exports of codfish for the month of April were: FROM OUTPORTS. To United States—5522 qts. of pickled fish. FROM ST. JOHN'S. To Brazil 12,941 qts. To West Indies 5,375 qts. To Canada 750 qts.
