CABINET TALK.
LONDON, Oct. 28. No reconstruction of the Cabinet nor constitution of a small cabinet is being considered by the government at the present time, says the parliamentary correspondent of the Daily News, but it has been decided, he says, to give official recognition to a hitherto unofficial inner war council or committee. Seventeen ministers have heretofore taken part at various times in the deliberations of this body, which is now to be officially appointed with an exact definition of powers and principles. The committee, the newspaper says, will sit daily and will decide on executive acts of war. Such decisions, moreover, need not in future be referred for approval to the full cabinet. It is not yet decided whether the membership in the new council shall number three, five or seven. Two proposals as to its formation, are being considered, the first is that the balance of

political opinion represented in the full Cabinet should be preserved, in other words that the council should be a miniature of the cabinet. Another proposal is that the council should contain only ministers directly concerned with the conduct of the war. In the former case the number of members would be seven, in the latter case either three or five. In either case it is understood that Churchill will no longer serve on the inner body.

THE PLEDGE STILL HOLDS.

LONDON, Oct. 28. A denial that Britain was engaged in any peace negotiations, direct or indirect, was made by Lloyd George in reply to a question in the Commons to-day. The words of the Premier still hold good, he added referring not only to the question of peace negotiations, but to the query as to whether the Premier still adhered to his declaration in his Guildhall speech that Britain should not sheath her sword until the freedom of Europe was secured. "We shall not think of entering into any peace negotiations except in common with our allies according to the agreement made."

KAISER'S YACHT CONDEMNED.

LONDON, Oct. 28. The racing yacht Germania which on two other occasions, won Emperor William's cup at Cowes, was condemned in a prize court to-day as a prize of war. The Germania was captured at Cowes on the outbreak of the war. Three other yachts, captured at Cowes, were also condemned.

TO SETTLE DISPUTES.

LONDON, Oct. 28. Foreign Secretary Grey said in the Commons to-day that the American Government had a right to demand the submission to an international tribunal of questions for the British prize courts. Sir Edward made this admission, being pressed as to the power given to the American Government in this regard to the British note of July 31 last. If a dispute arose with the States, he said, after all legal remedies had been exhausted, I think undoubtedly, we should refer it to the arbitration. The Secretary added that this was the usual procedure adopted by the British Government, when ordinary negotiations had failed. It is to be preferred to settlement by way.

GREY'S DIGNIFIED REPLY.

LONDON, Oct. 28. Sir Edward Grey, in the Commons this afternoon agreed with a proposition advanced by Lord Charles Bessborough in the shape of a question, that in view of Germany's many breaches of international law, Britain was under no obligation to observe previous declarations or conventions between the two countries. We shall continue, I hope, he added, whatever Germany does, to pay regard to those considerations of humanity which are independent of any conventions, and the rights of neutrals must of course be respected.

GERMAN PROPERTY IN ENGLAND.

LONDON, Oct. 28. The suggestion advanced in a question in the Commons to-day that the Government might take steps to trace and sequester private securities in England of the German Emperor and rulers of German States, and hold them as security for the present, and possible future damage caused by Zeppelin raids, does not meet the approval of Premier Asquith. The Premier informed the House through Lloyd George that he did not consider the scheme offered a practical method of deterring the enemy from future violations of the international law.

EX-GOVERNOR DEAD.

LONDON, Oct. 28. Sir Thomas Powell Burton, formerly Governor of South Australia, is dead.

RUSSIAN COMMANDER.

MILAN, Oct. 28. The Corriere Della Sera learns from a diplomatic source that General Radko Dimitrieff will command the Russian forces sent against Bulgaria. He is now at Bucharest trying to induce the Roumanian Government to permit the passage of Russian troops through Roumania.

FRENCH PREMIER RESIGNS.

PARIS, Oct. 28. Premier Viviani has retired from his position in favor of Aristide Briand, former Premier. It is said that

M. Viviani will be Minister of Justice in the reorganized cabinet. Information now available indicates that M. Briand will become Foreign Minister as well as Premier with Jules Cambon who was Ambassador to Germany at the outbreak of the war, as his principal secretary.

TRAIN SERVICE RE-ESTABLISHED.

PARIS, Oct. 28. The Havas agency correspondent at Athens sends word that railway communication between Salonika and Veles, has been re-established and that literally the train going a long distance northward from Veles encountered no Bulgarian troops.

TURKS SUPPORT BULGARIANS.

PARIS, Oct. 28. The entire armament on the Bosphorus has been transferred to Tchatalja and Adrianople while the Turkish garrison has been sent to the Bulgarian front. The Havas correspondent at Athens wires that he has this news from a reliable source in Constantinople. For fear of raids by Russian aeroplanes Constantinople is in obscurity nightly.

USKUB RE-TAKEN BY SERBIANS.

LONDON, Oct. 28. An Athens despatch says a confirming report has been received there that Uskub has been retaken by the Serbians. In the Strumitza region the French have occupied the village of Tirhif.

BULGARIAN ADVANCE.

LONDON, Oct. 28. Bulgarian forces aiming toward Nish, have occupied the strongly fortified town of Pirost, says a despatch from Salonika. Pirost is 31 miles east of Nish.

SERBIAN STRATEGY.

PARIS, Oct. 28. Uskub was abandoned by the Serbs, says a despatch from Salonika on Tuesday with the object of drawing the Bulgarians and enabling the Serbian forces at Veles to envelop them. In the north, the correspondent says, the Germans after gaining 20 miles, thanks to their heavy artillery, are now checked by natural obstacles which will that military achievement useless.

BULGARIANS IN BAD FLIGHT.

MILAN, Oct. 28. The Secole announces the Bulgarians have been repulsed in Timok Valley after two days desperate fighting. One of their regiments is surrounded between the Timok and Danube and will be obliged to surrender. Two Serbian divisions, under General Glogowitch, are marching against the Austro-Germans.

WILL NOT DEMAND WITHDRAWAL.

PARIS, Oct. 28. The Greek Minister called on the Foreign Office, and gave assurance under instructions from Premier Zaimis, that reports that Greece would demand the withdrawal of the Allied forces from Salonika were unwarranted.

MORE TROOPS NEEDED.

ROME, Oct. 28. The gravity of the situation in the Balkans, from the standpoint of the Entente Allies is emphasized by information which has reached the Messagero. This newspaper states that the allied forces landed at Salonika are insufficient; and that 30 or 40 days will be required to place adequate reinforcements on the fighting front. In the meantime, the Messagero says the Serbian army may retire safely, even as far as the Montenegrin mountains, awaiting a more favorable opportunity for taking the offensive.

King Peter, of Serbia, would probably leave the country and go to Italy.

King Peter, of Serbia, would probably leave the country and go to Italy. Sir Bryan Mahon has taken command of the British forces in Serbia. This announcement was made in the Commons this afternoon by Harold Tennant, parliamentary Secretary of war.

WILL MAKE NO OFFICIAL REQUEST.

BERLIN, Oct. 28. The Frankfurter Zeitung says: Inasmuch as the Roumanian government has replied in the negative to an official request for its permission to send Russian troops through Roumania; Russia has decided not to make a request officially to this effect.

LONDON BUDGET.

LONDON, Oct. 28. Outside of a German official statement, which records an advance of Austro-German forces, and the capture by the Bulgarians of Zalgear and Knjalevics, both on the Timok River, northeast of Nish, and of Pirost, almost directly east of Nish, there is little or no authentic news as to the invasion of Serbia. There are reports, however, that the Serbians have captured Uskub, which is most important, as Salonika despatches report, the French now hold the line of Kralovak-Radovista-Strumitza, for, with an army there and the Serbians at Veles, Uskub would form a dangerous salient. For the moment, the danger spot of the Serbians is the northeast corner, where they are being attacked from three sides, and must eventually fall back toward the southwest. Thus far they have been retiring in good order. Despite the seriousness of the situation, optimism prevails in Serbian quarters in London, which are probably best able to judge of the assistance being sent by France, Britain and Russia. The French, according to German despatches, have already landed 150,000 men, with one hundred guns, at Salonika. While the whereabouts of the British reinforcements remains a secret, that they are of considerable size may be judged from the fact that, although General Munro, recently appointed to the command of the Gallipoli operations, is already on the spot, the Government has decided to send out Major General Sir Bryan T. Mahon, who commanded the columns which relieved Mafeking in the South African war, to co-operate with the French.

PEACE RUMORS.

WASHINGTON, Oct. 28. Ambassador Gerard's recent conference with Emperor William is causing much speculation in official quarters here. Secretary Lansing stated to-day that the Ambassador had not been directed to visit the Emperor, and that no report of a conference had been received. He

presumed that on return of the Emperor to Potsdam the Ambassador made an informal visit in the interests of German-American relations.

The satisfactory settlement of the Arabic case gives ground for the belief that the Ambassador might have sought the Emperor's views on several diplomatic questions which have been held in abeyance owing to the submarine controversy. The possibility that the Emperor might have taken advantage of the opportunity to express to Gerard, Germany's views of peace; the published reports that Germany intends soon to make known the basis which would make peace; reports that Prince Von Buelow, former German Chancellor and Ambassador to Italy, was to visit King Alfonso of Spain, and later the States, attracted attention here because of the belief that he might be entrusted with the task of explaining the German viewpoint. President Wilson made clear that until one of the belligerents indicates plainly a desire to accept mediation there will be no action on the part of the American government.

WILLIAM FREW.

The Eastern Trust Company.

A few reasons why an estate can be better administered by the Eastern Trust Company than by a personal executor or administrator:

1. The Company affords the estate absolute security; it has a paid-up capital of \$831,000.00, and a reserve fund of \$229,300.00.
2. It has a long experience in the work of administering estates; it is incorporated for this business of acting as a trustee, and, unlike many other trust companies, it does no other.
3. Its existence is perpetual. Your estate, in the event of the death of a personal executor or administrator, must look around for a substitute, and the work of administration is impeded during that time, and the new executor is unfamiliar with the policy of his predecessor, and confusion results. This company's existence is perpetual, and there is a continuity of policy in its administration that the death of its officers does not break.
4. It possesses the confidence of governments, universities and prominent charities and administers their funds.
5. A number of other advantages which will appear in due course.
