#### Guelph Markets.

Mercury Office, Guelph, June 3, 1869.

The only symptoms of reviving briskness that we observe in any of the markets is in Montreal, where the demand appears to be growing more active. Spring wheat is about \$1.08. In Toronto the highest figure paid is 90 cents for spring, and \$1 for fall wheat. In the latter city there are also in store considerable stocks of all kinds of grain with the exception of barley, of which there is but little. From the principal markets of the United States every article of produce is reported dull, and all things considered farmers who are holding their grain, cannot, with good reason, flatter themselves with the prospect of a rise to any great extent. Since last week the tendency of the Guelph market has been downward, and prices for almost everything range lower than they did eight days ago. Wheat has suffered a slight decline, and oats a very decided one. Barley is merely nominal, as there is none offered, peas ditto, and hay is one price to-day and perhaps two or three dollars different to-morrow—owing to the state of the lots of the hotel stables. Butter is easier; eggs firmer, and there is a decrease in the value of hides. There are few potatoes except those which are imported, and they sell at 75 to 80 cts per bag. Wool is beginning to come in slowly, and has slightly advanced within the last few days. It is impossible to guess anything about its future, but one thing is certain, that a large number of the produce dealers are on the look out for it. The following extract is from the *MONEY MARKET*, which should be read with attention, as our quotations show that 29 is paid in Guelph, and as gold shows symptoms of declining the gloomy anticipations may not be realized. "The wool season is just opening, but the late advance in gold operates against business, so that buyers do not offer more than 26c for washed fleece. Unless the gold premium declines from the present quotations we shall have a much duller season than was otherwise anticipated."

[On Wednesday forenoon, since the above report was written, wheat, both spring and fall, has taken a sudden leap of 10 cents upwards and wool is selling for 32 cents per lb.]

**Dr. Wistar's Balsam of Wild Cherry.**  
In the whole history of medical discoveries no remedy has performed so many or such remarkable cures of the numerous affections of the throat, lungs and chest, as this long-tried and justly celebrated Balsam. So generally acknowledged the superior excellence of this remedy, that but few of the many who have tested its virtues by experience fail to keep it at hand as a speedy and certain cure for sudden attacks of cold—fully believing that its remedial powers are comprehensive enough to embrace every form of disease, from the slightest cold to the most dangerous symptom of pulmonary complaint.

UNSOLICITED TESTIMONY.  
From the Rev. Francis Lobdell, Pastor of the South Congregational Church, Bridgeport, Connecticut:  
"I consider it a duty which I owe to suffering humanity to bear testimony to the virtues of Dr. Wistar's Balsam of Wild Cherry. I have used it when I have had occasion for any remedy for coughs, colds, or sore throats—for many years, and never in a single instance has it failed to relieve and cure me. I have frequently been very hoarse on Saturday and looked forward to the delivery of two sermons on the following day with sad misgivings. But by a liberal use of the Balsam my hoarseness has invariably been removed, and I have preached without difficulty. I commend it to my brethren in the ministry, and to public speakers generally, as a certain remedy for the bronchial troubles to which we are peculiarly exposed." Prepared by **W. F. FOWLE & SONS**, 18 Tremont Street, Boston, and for sale by druggists generally.

I think, the eradicating nature of the Salve."
