

Political Movements in France.

Disturbance in Antwerp.

Affairs in Cuba.

London, Feb. 23.—Notice is given here that all memorials of English claimants under the Treaty of Washington must be filed by March 26th.

Mr. Monckton, a Conservative, has been elected to Parliament from North Nottingham to fill the vacancy caused by the resignation of Speaker Denison.

In the House of Commons to-night Mr. Bence-Jones gave notice that he should at an early day move that the divisions of the House be conducted by ballot.

Hughson, under Colonial Secretary, in replying to Mr. Dalrymple's enquiry, said that a collision between the American and Canadian fishermen was, in the opinion of the Government, impossible, but that precautions would be taken.

Havana, Feb. 24.—Insurgent General Agramonte, who surrendered to the Spanish authorities, has issued a document to his late companions in arms, which denounces the continuance of war, and asks them to surrender to the Spanish, and to allow his manifesto to circulate among the Cubans in the revolutionary districts.

Agramonte offers to receive any Cubans who are desirous of surrendering, and for that purpose he will accompany the Spanish column of troops. But should they refuse to surrender he threatens to organize the Cubans who surrendered with him, and march against the persisting revolutionists.

New York, Feb. 24.—The Herald's London special says that the Germans are arming, two corps having been ordered to be in readiness. The cause for these preparations is the great activity of political parties at Versailles, and a possibility of a change of Government in France.

Germany reserves the right to decide as to any new government there, and should she deem any such government unlikely, either by inclination or incapacity, to execute the treaty of peace, there will be another invasion.

Antwerp, Feb. 23.—Monsieur Dupanloup, Bishop of Orleans, and the Dukes of Rohan and Tromerme have arrived here. The number of strangers is constantly increasing, and their presence causes much agitation in the city. To-night the streets were occupied by a tumultuous crowd, and the police are out in force.

"I would say to all young men, marry your second wife first, and keep out of debt by all means, even if you have to borrow the money to do it.—Mark Twain.

"Cast iron sinks all sizes," is the legend of a Hartford plumber inscribed on his outer walls. "Well, who—(hie)—said it didn't?" was the query of an irritated man of the plumber aforesaid, who read it over three or four times, and gave a yell of delight when he thought he saw the point.

We understand that the 'whooping-cough' is quite prevalent in the towns around us; but that no cases have proved fatal. Some families use nothing but "Johnson's Anodyne Liniment. Our Doctor, however, says a little ipecac, to produce vomiting, would be an advantage.

There are more than one thousand different kinds of pills in the United States. Some of them are worthless and injurious, others are good and beneficial. Old Dr. Parson's invented the best anti-bilious pill we ever saw or heard of. They are now sold under the name of "Parson's Purgative Pills."

"Time tries all things," and has proved that "Dr. Wistar's Balsam of Wild Cherry" is the remedy par excellence for the cure of coughs, colds, croup, whooping-cough, bronchitis, asthma, phthisis, sore throat, and influenza. It cures coughs and colds instantly! It soothes the irritated parts; it heals the inflammation; and even consumption itself yields to its magic influence.

Bronchitis.—Froport, Dugby County, N. S., January, 1868.—Mr. James I. Fellows.—Sir:—In the winter of 1866 I was afflicted with a severe attack of Bronchitis, and although our doctors were very attentive, and used all the means in their power, they failed to afford me much relief. I obtained your Compound Syrup of Hypophosphites, and took it until it made a permanent cure. I am now in perfect health and free from Bronchitis. Respectfully yours, MENDALL CROCKELL.

BREAKFAST—EPP'S COCOA—GRAPEFUL AND COMFORTING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctor bills.—Civil Service Gazette. Made simply with boiling water or milk. Each packet is labeled "James Epps & Co., Homeopathic Chemists, Lowell, Mass." Also, makers of Epps's Milky Cocoa (Cocoa and Condensed Milk).

BOARDING AND DAY SCHOOL FOR YOUNG LADIES by the MISSSES BENTLEY. Terms: Board, instruction in English, Music, and Plain and Fancy Needlework, \$36 per term of eleven weeks.

FELLOWS COMPOUND SYRUP OF HYPOPHOSPHITES

All life-endowed bodies, whether they be Beasts, Birds, Reptiles, Insects, or even Zoophytes, and subjects of the Vegetable Kingdom are governed by vital force, which sustains all the springs of existence, and as nothing can save them from destruction when this principle leaves them, the discovery of means whereby vitality may be sustained in the living body is indeed a boon to the world.

This is the substantially the basis on which FELLOWS' ERYSIPELISER is built. Its direct action upon the Blood, the Brain and Nervous System, and the Muscles, Strengthening the Nerves, it causes the rapid distribution of Vitalized Blood in the Muscular Organs of the Body.

It is adapted for all cases of Weakness and Emaciation, whether arising from a Sedentary Life, a tropical climate, from fever, or debility from any cause, and is efficacious in Pulmonary Consumption, many confirmed cases having been cured and all benefited, where its use has been continued over a fortnight.

In Bronchitis it is a specific, and in Asthma it gives relief where every other remedy fails. For Nervous Debility it stands unrivalled, and may be used with confidence in all cases.

As this is entirely distinct and different from every other preparation of hypophosphites, it is careful to ask for Fellows' Syrup, and take no other.

SOLD BY APOTHECARIES PRICE, \$1.50. SIX FOR \$7.50

JAMES I. FELLOWS Chemist, St John N. B.

Husband:—I shall know them better hereafter. I regret that Druggists and Storekeepers are doing not only themselves a great deal of harm, but their customers also by inducing them to buy an article unknown and without merit. Perry Davis' Pain-Killer has been before the public for over thirty years, it is known in every quarter of the earth, and is sold by every Druggist and most storekeepers and grocers.
