INTERNATIONAL A "GO." "The International League is a sure The International League is a sure go, and the only question now to be settled is whether it will be a six or an eight-club league. This was a statement made by one of the Canadian representatives, who was in attendance at the meeting in Detroit. If Manistee and Muskegor drop, as they are reported to have done, the league will be made up of the following six teams: London, Hamilton, Chatham, or Woodstock, Grand Rapids, Saginaw and Port Huron. Umpire Michael T. Me ahon, of Belleville, N. J., is the man who first suggested the change in the home plate. His idea was, though, to put the square front toward the catcher, in order to obviate disputes over batted balls hitting the plate. The idea of McMahon was sent to President Young, who acknowledged receipt and submitted the plan to Chairman Hart, of the playing rules committee. The latter thought so well of it that he incorporated it in his amendments sub-

It takes out itching, stinging and burning, and promotes the growth of healthyflesh. So, too, when taken internally, by its power of eliminating all impurities from the blood and making that vital fluid rich, red and pure, it cuts off the origin and source of the foul matter that goes to make boils, pimples, sores, ulcers, eruptions, cancers, tumors and the like, and at the same time the purified and enriched blood creates healthy tissue where there was formerly, perhaps, a suppurating sore.

Mrs. J. H. Davies, Sydney, Man., writes: "I used Burdock Blood Bitters for a running sore on my ankle, which began to spread until I could hardly walk. I applied some of the B.B.B. to the sore as well as took it internally, and by the time I had finished two bottles the sore had healed up and my ankle got perfectly well.

Chicago, April 12.—The playing schedule of the American Baseball League, as adopted at today's meeting, provides for Fourth of July dates as follows: Buffalo at Detroit, Milwaukee at Kan-sas City, Chicago at Cleveland, Minneapolis at Indianapolis. Nat Butler is suffering from a severe attack of the mile straight-away record fever. He is anxious to get the mark below the 57 seconds of Murphy, and may make the attempt within a month or so. He has secured the necessary backing, and is now looking around for a course which will meet requirements. What he desires is a mile straight-away on a railroad line, and an engine powerful and fast enough to travel the mile under 57 seconds. When this is found he will immediately begin the work of laying a track between the rails and of preparing a special car with a wind shield for him to follow. Nat is confident that he can get below the established mark if the proper course is found. If he does not find what he wants, he will seek permission to use the course over which Charles Murphy made his great record. Nat is willing to give up all track racing in order to gain his ends ord.

No jockey has ever appealed so strongly to public favor as Tod Sloan. He has achieved more than his most noted predecessors ever attempted and stands in a class by himself.

Porter White's "Faust" will be the attraction at the opera house today (matinee and night), at popular prices. An exchange says: "The opera house was crowded on Thursday evening to witness 'Faust,' as portrayed by Porter J. White and his excellent support. The scenic effects throughout were grand and artistic. The electrical effects were something out of the ordinary, notably in the scene in the fourth act, when the curtain went down in the midst of a shower of electric sparks from the regions which the background was fairly alive with numerous imps and witches reveling in their fiendish merriment.

Stetson's double "Uncle Tom's Cabin" company will appear at the opera house (matinee and night) Saturday, at popular prices, 10, 20 and 30 cents. This company is the largest and best traveling, comprising 30 first-class artists. They have a grand double band and orchestra of ten pieces. The Lone Star Quartet is claimed to be without an equal, and the Topsies charm all. "The Little Minister" is to be pre-sented by Charles Frohman's company at the opera house next Monday. Its record consists of a run of 300 nights in New York city, to at that time the greatest business ever done by an American play. The theater was crowded to the doors at every performance. Mr. Barrie has made an exceptionally sweet and fragrant play out of his novel. "The Little Minister" of the stage has all the charm and quaint interest of the book. It is a compact, simple love story, in which the roguish, laughing-eyed Lady Babbie is the de-lightful central figure, and the droll characters of the village of Thrums seem to have been actually called to life to aid in her pranks and make it all appear real and earnest. The atmosphere of Mr. Barrie's novel has been completely transferred to the stage in the comedy, and the production which Mr. Frohman give it is to be in every way worthy of said to be in every way worthy of both his own reputation of that of Mr.
