

VARI-CO-CELE

The Cause of More Wrecks Than Any Other Disease.
It Can be Cured by Electricity.

Thousands of men have Varicocele and are ignorant of the harm which may result. They only know that something is draining vitality and ambition from their bodies and brains, and know of no reason to account for it. This terrible affliction is the most treacherous, silent and certain in its work of all known ailments. It comes on without apparent cause and never ceases in its destructive influence until it robs a man of all his vitality and leaves him a physical and mental wreck.

There are many ways of treating, but none so sure of a permanent cure as Electricity.

Gilbert McEwin, Orchard, Ont., writes:—"Your Belt has benefited me greatly. My kidneys are all right and the varicocele is all gone."

Letters like that are among my daily mail; they mean a great deal to any sufferer who has almost become discouraged through doctoring without relief.

Chas. F. Woodworth, Hopkell, N.B., says:—"I am feeling better since using your Belt. The varicocele is smaller. I sleep better, and feel more lively when awake."

Thousands of those whom I have cured are shouting its praise to-day; from far and near comes the tidings.

Thos. Hobbs, Columbus, Ont., writes me:—"I have now received letters from three gentlemen with respect to the varicocele, and most cheerfully wrote them replies, believing by so doing I may encourage my fellow-sufferers to purchase your Belt, in whose curative powers I now have full confidence."

My method has cured after the knife, injection, ligation and every known means had been tried and failed. I have cured physicians, lawyers, ministers, merchants and laborers; in many cases where a cure was considered impossible my treatment has cured. If you are tired of doctoring try

NINA'S TRAGEDY

Letter Written by Deformed Girl's
Betrayal Comes to Light.

Boston, July 9.—A letter alleged to have been written by Andrew J. Emery, of South Framingham, to Nina Danforth, the deformed girl of Newton, who last May shot and killed Emery at his home, has been found, and it is thought it discloses the reason for the murder.

Miss Danforth and Emery had been close friends, those who know the young woman even claiming that she had gone through a marriage ceremony with him. The letter in the case was written to tell her that their intimacy must cease. It said:

"Of course I am very sorry for you, but I have a wife and other women, too, and I can't keep up the life I have been leading with you any longer. I do not want to see you again, and I do not want you to come where I am. It is all over between us."

With this letter in her hand, Miss Danforth confronted Emery. What was said has not been disclosed, but the shooting terminated the interview.

Miss Danforth, who is in jail at East Cambridge pending trial on a murder indictment, is under supervision by experts to determine her mental condition.

Society Wedding in Lenox.

Lenox, Mass., July 9.—The most magnificent wedding that ever took place in the Berkshire Hills, that of Miss Lila Vanderbilt Sloan, daughter of Mr. and Mrs. William Douglas Sloan, of New York, and Mr. William Bradhurst Osgood Field, was celebrated in Trinity Episcopal Church here, at noon yesterday. The guests included persons whose wealth and position have made their names widely known. The service was performed by Rev. Dr. H. Green, of St. Bartholomew's Church, New York, assisted by Rev. Harold Arrowsmith, rector of Trinity Church.

GONE UP IN SMOKE

Myers & Sons' Cooper Shop at Ingersoll Burned—Fire at Truro, N. S.

Ingersoll, July 9.—P. C. Myers & Sons' cooper shop was burned to the ground at 1 o'clock yesterday with all contents. Partly covered by insurance. Cause at present unknown.

Truro, N. S., July 8.—The London-derry iron works, at Londonderry, N. S., destroyed by fire last evening. Loss heavy, and throwing out of business a number of employees. The works are owned by the Montreal Rolling Mills Company, of Montreal.

Truro, N. S., July 8.—Fire which visited Acadia mines yesterday swept away the entire shops of the Montreal Pipe Foundry Company. The buildings, with the exception of the machine shop, were burned. They covered about an acre of ground. Most of the machinery was saved in a slightly damaged condition. Loss largely covered by insurance.

Burlington, Vt., July 8.—A fire of unknown origin last night destroyed the plant of the Lakeside Shoe Company on Park avenue in this city, and also burned the flask house and barn belonging to the Land & Good-houses Manufacturing Company, and a building owned by the Henry R. Conger estate, and used by the city as a schoolhouse. The loss to the Lakeside Shoe Company is \$50,000.

Found in a Morgue.

Chicago, July 9.—In ignorance of her husband's whereabouts for 22 years, Mrs. Burnett W. Pyle has found him lying dead from a self-inflicted wound in an undertaking establishment. Pyle shot himself Sunday at the Garfield Sanitarium. He was said to be despondent because Congress had decided on the Panama Canal route, where he had bought much land. "We separated in 1881 at Tucson, Arizona," Mrs. Pyle said, "and I have not seen my husband or heard from him since. My first husband died of him for 22 years came when I saw in the newspapers that he had committed suicide."

CRUSHED TO DEATH BY HIS OWN WAGON

A Farmer of North Easthope Meets Death at Stratford.

G. T. R. SWITCHMAN KILLED

Five Persons Killed by Lightning in a Storm at Okefenokee, Ga.—A Bathing Drowned.

Stratford, July 8.—David W. Clark, a prominent and highly respected farmer, who resided near the city in the township of North Easthope, met instant death here yesterday. While driving over a crossing he lost his balance and fell in front of the wagon, which passed over his chest, crushing out his life. Mr. Clark was about 45 years of age, and leaves a wife and family.

Mr. Clark was a prosperous farmer, of lot 43, con. 2, North Easthope. He came in to the city with a team and wagon containing a large box in which was a fat hog, which he successfully delivered. On his return he was driving down Erie street, and reached from his seat on the wagon box to disentangle the line from some part of the harness. In doing so he tilted the wagon box forward and was pitched on to the whiffletree and wagon tongue, the box falling on the horse and starting him from a passing. Mr. Clark was thrown to the ground, the wagon passing over his chest, crushing him in and lacerating his head badly. Doctors were soon on the spot, but no medical aid could be of any avail, as he died within a few minutes of his fall. Mr. Clark leaves a wife and two little girls aged eight and twelve years.

CRUSHED.

Toronto, July 8.—Thomas Berry, an elderly man, who worked for the Grand Trunk as sectionman, was struck by a Midland train at a crossing at East Toronto at noon today, and instantly killed. Berry lived in East Toronto, and was a widower with several children.

FATAL LEAP.

New York, July 9.—A man committed suicide Monday afternoon by jumping from the Brooklyn bridge. A man and one negro injured, in the result of a severe thunder and lightning storm here yesterday. The men were employed in the construction department of the Southern Bell Telephone and Telegraph Company, and were stretching wire when struck by lightning. One bolt killed the five and injured the two. The white men killed were M. Hawkins, F. B. Sluder, A. H. Elmer, all of Alexander, N. C.

BATHING DROWNED.

Fort William, Ont., July 8.—W. H. Bastard, of the firm of Bastard & Pelton, general merchants, was drowned in the Attikokan, while bathing.

CORONATION CONTINGENT

Militia Orders in Regard to Paying and Dismissing the Men.

Ottawa, July 9.—Militia orders were issued yesterday as follows:

The Canadian coronation contingent having embarked at Liverpool on the S.S. Tunisian on the 3rd inst., is due to arrive at Quebec, where, troops from the Maritime and Eastern Quebec will disembark on Friday, the 11th inst., and at Montreal, where the remainder of the contingent will disembark the following day. The contingent of the Department of militia and defense, and an official of the quartermaster-general's office will board the Tunisian at Quebec. The contingent will be finally settled with en route to Quebec and Montreal, and provided with transportation, and an allowance in lieu of subsistence from place of disembarkation to their homes. As soon after disembarkation as the officers in command consider desirable, officers and men will be dismissed in order that they may proceed to their respective homes by first-class train. Such arms, accoutrements and equipment as were issued to the contingent out of militia stores will be handed over to be returned to the D. C. & M. Board, and be returned into store. The officer commanding the contingent will, before dismissing his command, impress upon all ranks that they are on duty until such time as they reach their homes. The senior officer, or in the event of their being no officer, the senior non-commissioned officer, will take charge of parties of men traveling with them.

GYPSY PRINCESS' BURIAL

Lived the Life of Her People But Became a Christian.

New York, July 8.—Gypsy rites over the dead body of Princess Mary Wells were held near Morrisstown yesterday. Before she died she whispered to her mother, the queen, that years ago, when a young woman, she had told the fortune of a Presbyterian minister, and he had converted her, so that although she had always lived the life of a gypsy, she had been a Christian at heart and wanted a Christian burial.

Her last wish will be granted when the Rev. J. B. Beaumont preaches her funeral sermon. But as she lived and died a gypsy, the tribal rites on her death were duly observed. The watch fire, kindled when she lay on her back, was kindled at night and all day, and will not be extinguished until tonight, when her spirit is supposed to have reached its last resting place.

The bundle of life-sticks was opened yesterday, broken one by one, and placed on her hands and feet, and the dead were sunn from sunrise until sunset.

Treasurer in Trouble.

Toronto, July 9.—James Alexander, late treasurer of the Toronto Opera House, was committed for trial by Magistrate Kingsford on the charge of stealing \$1,384 from his employer. Mr. Ambrose J. Small, the lessee of the theater.

A SENSATIONAL MURDER AT SEA

Crew Determined on Lynching Perpetrator of the Crime.

A FATAL FIGHT IN A CHURCH

Widow of Dr. J. F. Meyer, of Buffalo, Charged With Murdering Her Husband.

Boston, July 9.—Herbert Hill yesterday shot and killed his sister Alice at their home in Roxbury and then shot his mother, who had come into the room to protect the daughter, inflicting probably fatal injuries. Hill escaped. RELEASED PRISONER'S TERRIBLE DEED.

New York, July 9.—Karl Von Boeckmann shot and killed his wife, fatally wounding O. F. Farewell, a friend of the family, and then sent a bullet through his own head on Monday. Von Boeckmann had just served 18 months' imprisonment for getting drunk and abusing his wife, and got into the home during the latter's absence.

FATAL FIGHT IN CHURCH.

Charleston, W. Va., July 8.—In a fight at a church in Jarrold's Valley between members of the families of Hendricks and Jarrolds, between whom a feud has existed for some time, Peter Hendricks, the postmaster of Orange, was killed and several others were fatally injured.

TRIED THREE TIMES.

Elkhart, Ind., July 9.—Jessie Morrison, convicted June 23 of murder in the second degree for killing Mrs. Olin Castle at the latter's home here in June, 1900, by cutting her throat with a razor, was sentenced to twenty-five years in the penitentiary. A motion for a new trial was overruled. Miss Morrison, who has been tried three times, showed little feeling. The case will be appealed to the state supreme court. At her second trial Miss Morrison was given only a five years' sentence.

MRS. MEYER INDICTED.

Buffalo, N. Y., July 9.—The grand jury yesterday indicted Mrs. Elizabeth Meyer for murder in the first degree for the murder of her husband, Dr. Jacob F. Meyer, in his office, on the evening of June 20. Three shots were fired, the first hitting Dr. Meyer. He claimed that the shooting was accidental, the result of a scuffle, the doctor having threatened to shoot the wife. After he had it in order she says he threatened to shoot her, when she grabbed the revolver.

MUTINY AND MURDER.

Pensacola, Fla., July 9.—A sensational story of mutiny and murder on the high seas is told by Captain McDonald, of the American steamer Mary Sanford, which has arrived here after an eventful voyage from Bluefields, Nicaragua. During the voyage one man was killed and the crew were in almost constant mutiny, clamorous for the blood of the man who murdered their shipmate. The mutiny broke out on the 2nd inst., when the Sanford was in the Gulf of Mexico. The crew was then placed in jail upon the arrival of the Sanford in this port.

The Mary Sanford left Bluefields June 24, and within four days met A. G. Nicholson, the first mate, killed Fred Reed, a negro, because he did not perform some duty to suit the idea of the mate. When Capt. McDonald saw what had happened, he overpowered Nicholson, took the pistol from him and threw it overboard. The mate was then placed in irons, and kept under strict guard until the vessel reached Pensacola quarantine station, where the United States marshal's office was told of the murder, and Nicholson was brought here and locked up. He will be given a preliminary hearing before United States Special Commissioner Tunison. One of the crew said that immediately after the killing, four West Indian seamen, the court-martyn of the dead man, openly resented the murder of Reed, and threatened to hang Nicholson from a yardarm. The captain, two mates and the steward, who were white men, on the vessel, and the combined watchfulness of this quartet prevented a marine session of Judge Lynch's court.

DR. PITCHER HELPS AN OLD MAN

The Kidney Weakness, Irritability and Frequent Rising at Night, All Cured by Dr. Pitcher's Backache Kidney Tablets.

People advanced in years are so prone to kidney trouble. The filters of the body become clogged up and out of order after years of incessant work keeping the blood pure.

There is too frequent urination, disturbing the rest at night, pain or scalding, weakness of the bladder, retention of the urine, and severe pain in the back, making stooping or rising a painful operation.

For these conditions there is no remedy so effective as Dr. Pitcher's Backache Kidney Tablets.

They make you, people rejoice in the renewed strength and vigor of the whole urinary system, take the pain and stiffness out of the back, and permit undisturbed rest at night.

Mr. Joseph Rippon, 503 Dundas street, Woodstock, Ont., who has been in the book and stationery business for over thirty-five years, says:

"With people reaching my age, sixty-seven years, more or less backache and kidney trouble is not uncommon. For over a year I have had more or less trouble and irritation in that direction, which I lay to the long hours on my feet. I was unable to get any rest, and to a trouble that was growing progressively worse. I procured a bottle of Dr. Pitcher's Backache Kidney Tablets, and am pleased to say they are satisfactory in every respect. I did not quite finish the one bottle I got, yet all pain and irritation are completely gone. I am pleased to recommend them to others."

Perfect Manhood

Our "Restorine" CURES ARE THE TEST.

NORTH BAY, ONT.

July 1st, 1900.

Dear Sir:—Have finished taking your 30 days treatment and am every way improved. I weigh 20 lbs. more, and am much stronger, and my nerves are very much better.

Yours sincerely, H. N.

(Sworn Testimonial.)

Health of body, strength of mind, steadiness of nerves are the best and most precious gifts man can lay upon the altar of his conjugal love. Restorine operates on the nerves which control the sexual system, and infuse into it, power and vigor. No such thing as failure in life, is possible in perfect manhood; it is the lack of vital force, and the depletion of sexual energies that makes failures of men. Restorine awakens a man to a sense of restored vitality and power. Why be weak when you can so easily become strong? Proofs are the test. Sworn testimonials sent to any one on receipt of name. Five Days' Trial Treatment sent absolutely free. Write To-Day. (11)

The Death Record.

Windsor, July 8.—Gregory Pare, of Canard River, who died on Saturday, was buried from St. Joseph's Church, at Canard River, Monday. The funeral procession was the longest ever seen in the district, over 100 carriages being in line. Mr. Pare was over 85 years of age, and was born near where he died, having lived in Canard all his life. He is survived by his widow, who is 82 years old. He had twelve children.

Glasgow, Mont., July 8.—John Henderson, who 18 years ago was the official executioner for the Canadian Government in the Northwest Territories and who hanged Louis Riel, the leader of the rebellion of 1885, is dead as the result of an operation.

Brantford, July 9.—James Horning, a highly respected citizen of Brantford, died on Sunday, aged 68. He was a member of the Library Board for a number of years. He leaves three children, all grown up.

Big Blow at Rochester.

Rochester, N. Y., July 8.—Rochester narrowly escaped the ravages of a destructive cyclone which passed over this city last evening. The hurricane approached the city from the south-east at 6 o'clock, and was heralded by terrific thunder and lightning. A large frame building owned by George Grasner was picked up and dashed to the ground. The lower story was crushed, and the upper stories were thrown against an adjoining building occupied by Henry D. Silver, a grocer. The Silver building was badly wrecked. The tornado then bounded and struck half a mile away, demolishing one of four frame buildings in process of erection. Nothing remains of the work except the foundation. The total loss on the three buildings is \$8,000.

Diminished Vitality.

Some people talk very flippantly about diminished vitality.

They don't stop to think that vitality is the principle of life—that it is that little understood something on which every function of the body depends.

Diminished vitality is early indicated by loss of appetite, strength and endurance, and hence a Sarsaparilla is the great vitality.

Permits for 600 new buildings have been granted in Winnipeg. The aggregate cost is \$1,372,925. NO PERSON should go from home without a bottle of Dr. J. C. Kellogg's Dysentery Cordial in their possession, as change of water, cooking, climate, etc., frequently brings on summer complaint, and there is nothing like being ready with a sure remedy at hand, which often times saves great suffering and frequently valuable lives. This Cordial has gained for itself a widespread reputation for affording prompt relief from all summer complaints.

ROYAL MUSKOKA NOW OPEN

Guests Are Arriving Daily at the New Summer Resort.

WAS SUNSTRUCK

Hamilton Young Man Found by a Farmer Near Langford.

The opening of the new Royal Muskoka Hotel, on Lake Rosseau, Muskoka Lakes district, for the season of 1902 has been a source of satisfaction to the proprietors, and the reservations that have been made up to the present for accommodation at the resort assures the success of the venture. Guests are arriving daily, and by next week hundreds of people will be enjoying the beauties of Muskoka with the advantage of sojourning in one of the best summer hotels in America.

Among the guests at the hotel now are prominent people from Buffalo, Chicago, New York and other American cities, as well as many Canadians.

The Ontario Government, in conjunction with the Grand Trunk Railway system, is continuing the policy inaugurated last year of stockpiling the Muskoka lakes with parent bass. The first carload was deposited in Lake Rosseau, June 20, and a finer lot of bass have seldom been seen. Last year 10,000 fish were transplanted into the Northern Lakes with much success. The fishing this year in the Muskoka Lakes is good, some excellent catches having been made, the bass running from two to four pounds, and pickerel from two to eight pounds.

Hamilton, July 9.—Frederick Brooks, a former Brantfordite, now residing in this city, suffered a very severe sunstroke while he was bicycling to Brantford on Saturday last. He was near Langford, when he was stricken and fell from his wheel. He was discovered a little time after and taken to the side of the road, where he remained until he had recovered sufficiently to wheel to the Langford hotel. There he was cared for for a couple of hours, and then went on to Brantford by train, but it will be some time before he entirely recovers from the effects of the stroke.

NEARLY ALL INFANTS are more or less subject to diarrhea, and such complaints while teething, and as this period of their lives is the most critical, mothers should not be without a bottle of Dr. J. D. Kellogg's Dysentery Cordial. This medicine is a specific for such complaints, and is highly spoken of by those who have used it. The proprietors claim it will cure any case of cholera or summer complaint.
