KIDNEY DISEASE COMES ON QUIETLY.

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms,

for, if neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes. On the first sign of anything wrong Doan's Kidney Pills should be taken. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause

kidney trouble. Miss Albertha B. Clarke, Stony Creek, Ont., writes: "I was troubled with kidney Ont., writes: "I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. Meantime a friend advised me to try Doan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them." Price 50 cts. per box, or 3 for \$1.25, all dealers or The T. Rev. Mr. Lanceley's Patriotic Sermon Listened to With Marked Attention by All.

The ideal weather of yesterday brought thousands of people out, and when the Seventh Regiment paraded to Dundas Centre Church in the mornng the streets were lined from the armories to the church. Before proceeding to the church the
