The work which the Belgian Relief Commission is doing for humanity has never been equalled. For nearly two years now, from two to three million destitute Belgians have been fed, and horrible wholesale starvation averted. While the Relief Fund has only been sufficient to provide the barest necessities, these people, who have absolutely nothing else, have been saved by the three slices of bread and the pint of soup dealt out to each one daily.

Will you do your part? Will you undertake to feed one -or several-Belgian families till the war is over, by contributing \$2.50 per family per month?
