City Should Secure Gas TURKS Wells Declares E. S. Estlin; INTERVENTION OF Crumlin Wells Excellent ALLES

Former Inspector of Natural Gas Supply Declares London Logical Market For Supply-Special Gas Committee Is Favorably Impressed by Mr. Estlin's Report.

E. S. Estlin, late natural gas com- whereby the product could be controlled missioner for the province of Ontario, strongly recommends that the city of London should gain control of the natural gas supply at the well-heads of the three wells located near Crumlin. for only in this way he claimed could the gave great credit to the men who for the past five years have prosecuted the same he administered in the intertural gas supply at the well-heads of the three wells. located near Crumlin. for only in this way he claimed could the gas be administered in the interest of the public. This recommendation was made in a report received by Ald. W. A. Wilson, who will bring it before a meeting of the gas committee on Thursday.

The city of London," he continued, "is the logical market for the gas—it would be contrary to local public interest to allow the product of the seld to find a market elsewhere. That there is invaluable fuel close to the city has

or Thursday.

"The wells," Mr. Estlin claimed, is invaluable fuel close to the city has been proven, and only further development will prove the extent. There is enough there now to be intensely use-"supplying as they do sweet gas at the very door of the city, give London an opportunity which no other city in Canada has today. By wise hand-ling of the situation the city can avoid the horrible tangle of misunderstand-ing and contention that has fallen to the lot of nearly every town using natural gas which it does not control.

Invaluable Fuel.

Ald. W. A. Wilson could not understand why townships were not assessed for city streets, as residents utilized them coming into the city, just as Londoners make use of suburban roads. He suggested that, if possible, the suggested that, if possible, the suggested that the city is a suggested that the city Londoners make use of suburban roads. He suggested that, if possible, the designation of mileage be made from the centre of the city, and not the limits, thus reducing the expense to the municipality.

Mayor Little explained that, according to the city solicitor, an appear would be costly, and that even if it were sustained the Legislature could amend the bell to make the city bay. When

JUVENILE CRIME REPORT ANSWER TO OBJECTORS

Ald. F. E. Harley Prepared To Press Juvenile Court Scheme To Vote.

WHY OPPOSITION?

Friends of London's Youth Cannot Understand Arguments Against Court.

"Why he opposed juvenile courts when first broached the subject at No. 1 committee and asked us what figures we had to support our claim." com-Liberal Chieftain To Speak At mented Ald. Frank Harley, discussing today the recent statement by Ald. Cameron Wilson, as follows: "In the controversy which is at present being carried on in the city council and in the press regarding the establishment of a juvenile court in the city I have been referred to as an opponent of the proposed court."

> Ald. Harley is championing the "juvenile court" scheme, and this afternoon is asking No. 1 to recommend the inauguration of the same as outlined.

> No Discretionary Power. "Ald. Wilson in his letter today says." porters of the juvenile court have led the public and the parents of these unfor tunate youths to believe that if a juve-nile court had been in existence this sentence would never have been im-posed. I said no such thing. I said that with a juvenile court the judge of that institution is clothed with power to enin placing sentence. At present he has no other alternative. The charge of theft, not "joy riding," was preferred and proved, and he had no recourse but to impose the penalty.

of impose the penalty.

"I am not saying, mind you, that it would not be possible for him to have sentenced them to a two-year term just the same. He would still have that power, but he would be governed by their past records and other extenuating circumstances. In this recent particular case, however, from what I have learnt of these boys and by the tone of the magistrate himself, I feel confident that a much lighter sentence been the order rather than this two-year

Report Disproves Claim.

"Ald. Wilson has said again: 'Juvenile crime is not of sufficient frequency and seriousness in a city this size to justify the added legal machinery, as the vast majority of juvenile offences are infractions of the city bylaws, such as

the ages of 8 and 14 years.

The total assessment of the ward is 15,278,317, comprising divisions 19 to 32. An increase of 424 liable for statute accident occurred at Snowshoe Lake, Manitoba, 100 miles north of Lac Du Bonnet, where the young man was aiding in the surveying of the Ontario-Manitoba boundary line.
