JACQUET RIVER.
And still more signs of spring. The first robin has appeared, it is true, we got it on good authority, likewise, one vehicle on wheels made its appearance on Friday last, even if it did not appear again at least it was a start. A Club among the boys and girls under way for the raising of pigs. Mr. W. J. Davis, is organizing, and already sixteen names have been enrolled. The club will be carried on under the same conditions that exist in other counties and promises to be a great success judging from the enthusiasm displayed by the members. We have lost one of our popular young people, and the local bank has lost a much valued employee in the person Mr. S. J. McAllister who has gone to St. John. His many friends wish him every success in his future career.

Mr. C. L. Fenderson attended the Luncheon Convention held in Fredericton recently.

Mr. Paul Doyle paid a short visit to Dalhousie recently.

Mrs. Gordon Black of Bathurst spent last week visiting her old home in Black Point and her sister Mrs. Stanley Culligan of this place.

Mrs. Joseph Devereaux was a guest at the St. Louis, Campbellton recently.

Mr. James Bremner of Chatham was the guest of Mr. W. J. Davis for a few days last week.

Mrs. Stephen Landry of Nash's Creek visited Dalhousie recently and was a guest at the convent.

Congratulations are in order to Mr. and Mrs. Nat. McMillan of Black Point on the arrival of a baby boy at their home recently.

A meeting was held under the auspices of the local Agricultural Society on Thursday evening in the C. M. B. A. Hall. The house was packed and the speakers were listened to with the greatest attention. The programme consisted of several surprise numbers, and much praise is being bestowed on the President, Mr. W. J. Davis, who was in charge.

The speakers who have travelled all over Canada said they never attended a meeting to equal it. The evening was opened by a solo by Mr. S. E. Hickie. Next followed a very able lecture by Mr. G. C. Cunningham of the Government Experimental Farms, dealing with potatoes and their diseases. The lecture which conveyed much valuable information was illustrated by prints, and listened to most intently. Mr. Cunningham is a very agreeable and able speaker and covered the ground thoroughly giving some astonishing figures to substantiate his words. Next came a reading by Miss Merle Trites, "Prayer and Potatoes" which received an ovation. Miss Trites was in her usual splendid form and answered to a hearty encore. Mr. James Bremner of Chatham, in charge of the Agricultural Society for the North Shore next spoke on pigs and gave a very interesting speech. The next number was a solo by Miss Audrey Doyle, "The Dear Little Girl." The vital point of which concerned little pigs was rendered in Miss Doyle's usual pleasing style, an encore was also given. Mr. Bremner again spoke, this time on hens, and handled his subject admirably. Mr. Bremner's talks were enjoyed by the audience, and contained much good sound advice. Then came by Miss Annie Barton, "Mary Had a Little Hen" which also received an encore. Miss Barton has but lately appeared in public, but we hope she will be heard much oftener in future, as her readings are appreciated. Mr. Bremner again spoke on sheep, and gave illustrations in connection with this work which were most valuable. Mr. Bremner handled all his subjects remarkably well, and speaks from experience, as he is a very progressive farmer. A duet by Misses Audrey Doyle and Edna Culligan was then heard, and greatly enjoyed. Short addresses were then given by the Chairman Mr. W. J. Davis, Secretary William Beattie, Colonel L. C. Daigle who has been Government Dairy Inspector for many years, and several other gentlemen. A vote of thanks was extended to the speakers and a hearty invitation extended to them to return at a near future date, which they accepted very cheerfully. The meeting adjourned with the singing of the National Anthem. Mrs. Davis acted as accompanist. The Society is about to start a vigorous campaign for new numbers so all farmers have your two dollars ready as the Society is flourishing, and doing a great deal of good in these farming days.

The monthly meeting of the Women's Institute was held at the home of the President Mrs. W. J. Davis. The meeting was exceptionally large, and enthusiastic as the Society is in a flourishing condition. Much interesting discussion was carried on, and enjoyed by the members. The evening was purely Canadian. The roll call was answered by a quotation from a Canadian author, and some very beautiful and inspiring ones were heard. A knitting contest was indulged in, the closing being very fast and furious. The prize was carried off by Mrs. Callahan, being a handsome knitting bag. A solo in French "O Canada" was beautifully

rendered by Miss Alice Richard, Mrs. Paul Doyle was heard in a much enjoyed piano solo. Miss Audrey Doyle read a very pretty paper entitled, "We are Born in Canada, beneath the British Flag." Which aroused great enthusiasm. Two resignations were read from Mrs. R. L. Ellis and Miss Lou Brown, immediately after which four new members were added, namely, Mrs. Callahan, Mrs. Daley, Mrs. Brian Dempsey and Mrs. Lutes. The meeting then adjourned, and the guests entered Misses Audrey Doyle and Edna Culligan gave a pretty duet, and Miss Trites one of her usual enjoyable readings. Little Miss Mary Daley also recited. Dainty refreshments were served, and as usual a most enjoyable evening was spent. The next evening will be a Tennyson evening. The meetings are looked forward to as special social evenings.

Miss LeJeune has received a large assortment of millinery, and had an opening recently. The display was a very pleasing sight and a large range to choose from. It is to be expected in the near future that the appearance of the young ladies with their charming headgear will quite take the breath as well as the hearts away from many of the level headed swains.

A car-of potatoes were loaded recently at Nash's Creek. The price being two dollars per barrel. A number of farmers would not sell at that price.

Private Charles Doyle spent Easter at his home in Nash's Creek. Private Doyle is learning wireless telegraphy.

Mr. William Malouhney of Belledune spent Easter in Nash's Creek the guest of Mr. John Haley.

Mrs. Miller and little son Hartley and Mrs. McIntosh of Dalhousie were the guests of Mr. and Mrs. W. E. Lutes on Monday.

JACQUET RIVER.
(Received too late for last issue.)
Spring has reached us, it would seem as if we were treated to a display of electricity one night recently. The lightning flashed quite merrily for about an hour. There was only one peal of thunder, but it rattled the doors and windows considerably. It is the first of this season.

The entertainment given by the ladies of the Women's Institute in the C. M. B. A. Hall was repeated on Friday evening to another packed house. A slight change of programme was gone through. A solo by Mr. John Hickie, which received a hearty encore, another much enjoyed solo by Miss Alice Richard, and a very pretty

duet by Misses Audrey Doyle and Edna Culligan were new numbers. Misses Annie Barton and Hilda Hickie were ushers.

A very sorrowful accident occurred in Lorne recently when a little boy aged a year and a half was scalded to death. The child's mother had poured boiling water in a tub and turned to replace the kettle on the stove when the little child fell in the tub on its back. It died in twenty hours. The mother's hands were badly scalded trying to rescue the little one. The mother is Mrs. Isabel Furlong whose husband was accidentally killed some time ago.

Several law cases were being heard recently at the office of Magistrate McAllister. One was Carrier vs. Carrier, a suit for wages due, plaintiff was awarded a verdict. The other the Lonsdale Lumber Company in action against Messrs. Bertha and La-Pointe was postponed. H. A. Carr of Campbellton, and lawyer Landry of Bathurst were in town attending the case.

Charles Daley of the Mechanical Department of the Flying Corps, Toronto visited his home last week.

The many friends of Mrs. James LaViolette of Nash's Creek will hear with regret of his ill health and wish him a speedy recovery.

Miss Greta Hayes who spent her vacation at Nash's Creek and Campbellton, has returned to her duties in Chatham.

Government Scales Murchie of St. Stephen, visited town last week and was the guest of Mr. A. C. Murchie.

Miss Evelyn Frenette of Turgeon was the guest of Miss Audrey Doyle last week.

The many friends of Miss Lou Brown will be pleased to hear she has accepted a position in the office of the Lunenburg Lumber Company and wish her every success.

Also Miss Edna Culligan who has accepted a position in the Bank of Nova Scotia has the best wishes of a host of friends for her success.

Mr. William Malouhney of Belledune spent Easter in Nash's Creek the guest of Mr. John Haley.

Mrs. Miller and little son Hartley and Mrs. McIntosh of Dalhousie were the guests of Mr. and Mrs. W. E. Lutes on Monday.

CANADA'S PRIDE

CANADIANS have good reason to be proud of the position Canada holds in the world today. This pride is justified by the activities of her people, by her unlimited natural resources, by her splendid institutions, and particularly by her Industries.

Facts about the immensity of some Canadian industries would astonish most people.

These industries, when viewed in the light of comparison with other countries, are simply tremendous.

The growth of any industry is limited to the number of people it can serve, and that is a fact not often properly appreciated when Canadian industries are compared to similar enterprises in, say, the United States.

For example: the population of the United States exceeds 100,000,000. Opportunity for industries there is almost unlimited. In comparison, Canada with its seven million population is a small country—yet in spite of this comparatively small population, Canada possesses several industries which in actual size rank among the biggest in the world.

In shoemaking, one Canadian concern, has developed a volume of business and a service to the Canadian people which is not

equalled by another shoe manufacturer anywhere in the world. This concern, if located in the United States, would rank as one of the twelve largest out of some two thousand shoe manufacturers there.

While the sales of the largest shoe manufacturer in the United States—selling to the American people—do not exceed twenty-five cents per capita per year, the sales of Ames Holden McCready to the Canadian people last year were approximately eighty cents per capita.

In a comparative sense, therefore, this Canadian concern is greater than the foremost American shoe manufacturer in the United States.

Thus Ames Holden McCready truly merit the distinction of their title "Shoemakers to the Canadian Nation."

Just imagine for a moment the enormous work of supplying a large portion of Canada's 7,000,000 people with its boots and shoes:

—it requires—huge up-to-date factories equipped with the most modern machinery able to turn out 8,000 pairs of shoes a day.

—it requires—a variety of nearly 800 different styles to meet the requirements of all classes of people, for different grades, shapes and kinds of shoes.

—it requires—the maintenance of six large distributing branches in principal cities from coast to coast, and in these are carried over a million dollars worth of stock, ready for quick delivery to retailers.

—it requires—sixty travelling salesmen to call on the retail trade, because out of approximately 10,000 retail dealers who sell shoes in Canada, more than 5,000 handle A.H.M. Shoes.

—it requires—many other details of organization and equipment, but this brief outline will give you some slight idea of the part that this great shoe concern is playing in the business of supplying footwear to the Canadian people.

You will be interested in these facts, because the next time you buy footwear bearing the A.H.M. Brand, you will know that they are the product of a large and efficient organization making shoes which will in every case give you the greatest value for your money.

AMES HOLDEN MCCREADY LIMITED

"Shoemakers to the Nation"

FREE
Don't give \$5.00 for a pair of shoes when you can get a pair of shoes for \$3.00. The reason is simple. The shoes you buy for \$5.00 are made of cheap material and are not worth the money. The shoes you buy for \$3.00 are made of good material and are worth the money. So, when you buy shoes, look for the A.H.M. Brand. It's the only brand that gives you the greatest value for your money.

Note the Short C Rubber Friction

This is the reason why the A.H.M. Brand shoes are so popular. They are made of good material and are worth the money. So, when you buy shoes, look for the A.H.M. Brand. It's the only brand that gives you the greatest value for your money.
