EDISON

INCANDESCENT

ELECTRIC LIGHT!

What Users Say Regarding It.

Mr. RICHARD WHITE of the Gazette Print-
ing Company of Montreal writes: "I have
been running for over eighteen months without
interruption, all entirely satisfactory. All your
statements quite verified."

Mr. ANDREW GRANT of the Great Northwest-
ern Telegraph Company of Montreal states: "I
am very much pleased with the light and the
cost of electricity. They are giving general
satisfaction. Who all other lights can be com-
pared to any other light. Clean, safe and brilliant."

Mr. G. E. HALL of Messrs. Hall, Nelson &
Co., Three Rivers, P.Q., writes: "I am much
pleased with the light, and as far as I have
seen, prefer it to the others."

The Secretary-Treasurer of the Globe Print-
ing Co., Toronto, states: "The light gives per-
fect satisfaction. I do not think our Directors
would be willing to go back to gas even if they
obtained it free of charge. I know I would not."

The Montreal Citizen Co., Valleyfield, states:
"The Edison plant has given us the best of
satisfaction. We have a thousand lights, and
during the past three years have paid for 150
lamps to replace those burned out, or an aver-
age of 500 yearly. The cost for labor to run the
dynamo is nothing, because the man who
attends to the wheels and shafting attends to
that also."

The Chief Engineer of the Canadian Pacific
Railway Company's steamers states the cost
of Edison lamps runs to be less than the
cost of replacing coal oil chimneys.

A 32 candle power lamp in The Globe office,
Toronto, gave a life of 500 hours. The same
candle power lamp in The Montreal Post office
gave a life of over 700 hours.
