"SYGOSIS PARASITICUS."  
WHAT'S WHAT THE PROVINCIAL  
BOARD CONSIDERED YESTERDAY.

Here Saugages Said to Be Manufactured  
in Toronto - A Number of Interesting  
Reports on the Sanitary Condition of  
Several of the Farmsteads in the  
Town of Ontario.

The Provincial Board of Health com-  
menced its sittings yesterday in the  
Parliament buildings. Those in at-  
tendance were: Dr. J. Macdonald,  
Hamilton, chairman; Dr. P. H. Bryce,  
secretary; Dr. F. Rae, Ottawa; Dr. J.  
Cassidy, Dr. C. W. Croverton, Por-  
tonto; Dr. H. Vaux, Brockville; Dr. E.  
E. Kitchin, St. George.

The attendance of the board was  
directed for about a quarter of an hour  
to a peculiar communication from  
Norton, Medical Health Officer in the  
village of Sheburne, Ontario. It com-  
plained that some five or six cases of  
barber's itch—syngosis parasitica, the  
disease called—had occurred in the  
village within the past three months.

Several members of the board con-  
sidered that if the horses had died of  
no specific disease but were killed and  
their flesh stored, the meat would  
be innocuous. The prejudice against  
horseflesh as an article of diet  
determined the board to investigate  
the matter thoroughly and bring the  
guilty parties to account.

A letter was received from John  
Richardson, M.L.A., on the practice  
already exposed in the World, of feed-  
ing dead horses to hogstons, a  
farmer in the County of York with  
this practice. He related that a county  
constable had seen the hogs at Mc-  
Kay's farm tearing at the carcass of  
a dead horse.

Dr. Bryce said that the County  
Crown Attorney was to prosecute the  
man upon an information he had laid  
against him.

Woodstock's Sewage System.  
The Committee on Sewerage report-  
ing the disposal of sewage for Wood-  
stock. They found that the water sup-  
ply from springs 1-2 miles distant  
saves "a liberal quantity of pure sani-  
tary water," and would, if it was en-  
tirely sufficient for a city of 25,  
000 people. The sewage from the  
town at present includes the dra-  
geage of surface water and the com-  
munity recommend that the separate  
system be employed. The report con-  
tinues: "Here in Woodstock, although  
the quantity of sewage is small, it  
has been allowed to enter the small  
River Thames, which runs through  
many miles of fertile country,  
supplying drink to many people,  
and especially the farm animals."

"Towns are already taking or con-  
templating taking their sewage from  
this stream, and therefore more  
necessity exists for some other sys-  
tem of sewage disposal than the  
emptying it into running  
streams." For this reason the com-  
mittee recommend that the "north  
side" of the river be chosen for  
the disposal of the sewage, and that  
over ten acres of land lying  
between the C.P.R. and the  
Thames, immediately north of  
Admiral's street, which property  
is owned by the C.P.R., be  
acquired for the purpose. The  
committee say, the south side sewage  
will be dealt with, and they recom-  
mend that the sewage from the Dun-  
das-street sewer be pumped 13 feet,  
so as to be run on to the same plot of  
land, and that the municipal council  
should require the disinfection of the  
runoff before discharging into run-  
ning water of the sewage from any  
tannery or woolen mill dealing with  
waste from South America, South Af-  
rica or Syria.

A Decrease in Epidemics.  
The Committee on Epidemics remark  
upon the immunity from diphtheria  
which was so remarkable in the  
outbreak of a fairly large demand  
for anti-toxin, 40 bottles  
having been sent out, most of it  
having been used in the outbreak.  
The death of Pasteur is  
deplored as a loss to all students of  
preventive medicine. The report  
marks that smallpox is practically  
stamped out in the United States and  
Canada has been stamped out for six  
months. The only disease whose pre-  
valence throughout the quarter has  
been noted has been enteric fever,  
and this has been caused, in the  
opinion of the committee, by the dry  
weather of June and July, followed by  
the rains of August, showing that low  
water in wells was responsible. They  
hope to be able to make scientific  
recommendations, however, that would  
obviate this difficulty. The report  
is adopted.

Precautionary Measures Necessary.  
The same committee presented the  
report of an investigation into the  
causes of death in the family of  
McLuhan in July, 1895, when five deaths  
place in the township of Croton, near  
Dundas. The committee recommended  
"that the most that can be expected  
of the practitioner in doubtful cases  
of membranous croup and in all sus-  
pected cases of diphtheria is to report  
immediately to the local Board of  
Health or to the medical health officer.  
The local Board of Health or the  
medical health officer should then re-  
port on the local Board of its executive off-  
icer."

A Number of Complaints.  
The local Board of Health of Port Col-  
borne complained against what they  
termed a nuisance maintained by the

Dominion Government on the Welland  
Canal. They complain that the small  
stream running from the Grand River  
to the canal is unsanitary, but Dr.  
Bryce has written them that the nu-  
is caused by those living along  
the banks within the local Board's  
jurisdiction.

A letter was also read from Galt,  
complaining of the condition of Mill  
Creek, running through the town. The  
water will be analyzed.

In regard to an outbreak of dip-  
theria at Whitney, Ont., on the line of  
the Ottawa, Arnprior and Parry Sound  
Railway, the infected buildings were  
ordered destroyed.

Another letter was read from Dr.  
Norton of Huntsville about the feeding  
of offal to hogs.

The following comparative state-  
ment of typhoid cases throughout  
the province was presented:  
Barrie, no cases; St. Catharines, 10  
cases, no deaths; Paris, 10 cases, three  
deaths; Owen Sound, 12 cases, five  
deaths; Ingersoll, no cases; St. Mary's,  
six cases, no deaths; Sarnia, no cases;  
Carleton Place, no cases; Belleville, 15  
cases, two deaths; Nanawau, 13 cases,  
one death; London, 57 cases, one death;  
Chatham, 62 cases, no deaths; Colling-  
wood, 3 cases, 1 death; Fort Hope, 59  
cases, 3 deaths; Peterboro, 8 cases, 2  
deaths; Lindsay, 6 cases, 1 death; Strat-  
ford, 11 cases, 1 death; Hamilton, 57  
cases, 3 deaths; Cobourg, 2 cases, no  
deaths; Kingston, 20 cases, 4 deaths;  
St. Thomas, 18 cases, 2 deaths; Aylmer,  
1 death. The majority of these cases  
are attributed either to impure water,  
mostly well water, or to bad drainage.

The Board then adjourned till 10.30  
a.m. to-day.

LOCAL MILK PURVEYORS.  
They Endorse the Petition Prohibiting  
Sunday Deliveries.  
The Milk Dealers' Association met  
last night in Sharnbury Hall, Pres-  
ident Adams in the chair. The peti-  
tion to the City Council prohibiting  
milk delivering on Sunday was en-  
dorsed by the association and a de-  
putation will wait on the council regard-  
ing it on Tuesday next.

Officers for the ensuing year were  
elected as follows: President, J. T.  
Stephens; Vice-President, George Hin-  
ton; 2nd Vice-President, R. H. Hill;  
Recording Secretary, Ed. Adams; Fin-  
ancial Secretary, George Vaughan;  
Treasurer, Fred Sole; Auditors, R. H.  
Hill, P. J. Craig, R. W. Dockray, The  
Executive Committee will be composed  
of the officers and Messrs. J. R. Ben-  
son, P. J. Craig and James Moore.

Here's An Important Item.  
Has it occurred to you how easy,  
comfortable and convenient it now is  
to take a day trip from Toronto to  
New York, if not just a moment while  
we tell you. You can leave Toronto  
every week day at 8.05 a.m.; get a  
through parlor car to Buffalo without  
charge via the Grand Trunk and New  
York Central, reaching Buffalo at 12.30  
p.m.; leave on the "Empire State Ex-  
press" from the same station, via the  
New York Central, at 1 p.m., and reach  
New York at 10.15 p.m., stopping only  
at Rochester, Syracuse, Utica and Al-  
bany. The many advantages of this  
route are that you go through pleas-  
antly and quickly with only one change  
of cars from Toronto to New York.  
The New York Central, which is an  
integral part of the New York Central  
station, the centre of New York.  
Ride on the Empire State Express and  
the New York Central, which is an  
integral part of the New York Central  
station, the centre of New York.

Trade Sales To-Day.  
This morning, commencing at 10  
o'clock, Suckling & Co.'s regular weekly  
trade sale takes place. Good solid  
lines of dry goods, tweeds, men's fur-  
nishings, clothing, heavy grey ulsters,  
and on Thursday commencing at 2  
o'clock, leave on the "Empire State Ex-  
press" from the same station, via the  
New York Central, at 1 p.m., and reach  
New York at 10.15 p.m., stopping only  
at Rochester, Syracuse, Utica and Al-  
bany. The many advantages of this  
route are that you go through pleas-  
antly and quickly with only one change  
of cars from Toronto to New York.

Proprietors of Parmer's Pills are  
constant readers of the best  
methods of teaching will be held on  
the following dates: Junior Fourth,  
Nov. 13th; Junior Fifth, Nov. 14th;  
Nov. 15th; senior first, Church-street, 18th;  
senior first, Gladstone-avenue, 18th;  
senior third, Hamilton-street, 20th; ju-  
nior third, Manning-avenue, 22nd; ju-  
nior first, Morse-street, 25th.

Writs Issued by the City.  
The City Solicitor has issued writs  
against George Clatworthy for \$423.39  
overdue rent for property in Cecil-  
street and against Hughes & Co., and  
other sureties for \$566.13 overdue rent  
on his Island Pavilion. Mr. Hughes  
has been ordered to pay the balance of  
rents supplied the aldermen on one of  
their outtings.

Children's coughs and colds are  
speedily cured by the use of Dr. Lavio-  
lette's Syrup of Turpentine.

The Armstrong Killing.  
Coroner Orr opened an inquest at  
the C.P.R. Hotel yesterday regarding  
the death of J. B. Armstrong, who was  
killed by a Yonge-street trolley on  
Monday afternoon. After the jury had  
viewed the remains at deceased's late  
residence and had viewed the scene  
of the fatality, an adjournment was  
made until 7.30 this evening.

Marshall P. Wilder.  
Marshall P. Wilder, the clever little  
entertainer, has had the distinction of  
appearing before H.R.H. the Prince of  
Wales. Last summer when Mr. Wilder  
was in London Sir Henry Irving  
gave a dinner in his honor. Mr. Wilder  
has been secured for an evening in  
Toronto.

An Ottawa Lady Had No Hope, But Foot-  
cure Cured Her.  
Ottawa, Aug. 7, 1895.  
S. S. Ryckman, M.P.  
Dear Sir,—I cannot find words to ex-  
press to you my gratitude for the  
services your Kootenay Cure has done  
and is doing for me. I had been suf-  
fering from Ottawa Rheumatism, but  
they told me that my case was so  
complicated, my trouble having origi-  
nated from La Grippe, that any re-  
lief they could give would only be  
temporary. Just at this time I heard  
of your remedy, and you were kind  
enough to call on me. I had very lit-  
tle hope of relief at first, but the rheu-  
matism having settled in my muscles and  
almost destroyed my nerves. However,  
I determined to try once more, and  
began to take your medicine, and in  
my case, physically speaking, odd  
things have passed away and all things  
have become new. I can now go any-  
where, unaided. My nerves are as  
strong as ever they were in my life  
and no change in the atmosphere has  
any effect on me now. I cannot thank  
you enough, but write this so that  
some sufferer may read it and seek  
relief. You can refer any person to  
me at my residence, 199 Albert-street,  
Ottawa, and I shall be only too happy  
to give them any information in my  
power.

# The Watch-Dog of the Household Treasury

It is what our customers are regarding us as—never since the war did the people see such a store as the John Eaton Company have given them. It has shaken every home in the town. It has revolutionized prices in every direction. It has spoiled the immense profit system which was in force not many months ago. Many are the ways that are being tried to hurt us, but we meet the enemy at every point—some make remarks about the store—others buy up our drivers—getting them to abandon their horse and wagon and leave it on the street loaded with parcels (as they did on Saturday)—but we made the disappointed people friends that'll come again by our liberal way of dealing. The great "Harvest Home" came, and brought with it tens of thousands. The store was—has been and will now be crowded daily—there'll be no let up in the mighty bargains. We've had millinery occasions—we've had mantle occasions—but now comes the greatest of all, the

## Great Clothing Event

Shoulder to shoulder stand sixty-eight thousand (\$68,000) dollars' worth of grand clothing—divided into two companies—the one here at Temperance and Yonge streets, the other stored in an outside warehouse. And, commencing to-morrow, we're going to turn this huge stock (the largest in Toronto) into cash. We've done nobly for the women folks—can we not now help the men? This great event is just another touchstone that will help more than ever to crowd the store—the crowds will be in the basement to-morrow—in the restaurant—among the carpets—buying the mantles—and roaming at large amongst the huge bargains—but here's the magnificent music that will be played in that great Clothing Store:

**TABLES NO. 7:**  
280 Men's Heavy Nap and Melton Overcoats—have been selling from \$4.99 to \$6.49—but while this great clothing event lasts \$1.87  
380 Men's Heavy Tweed and Frieze Ulsters—all colors, made extra long, with storm collars—slash pockets—have been selling from \$5.49 to \$9.99—but during this great Clothing Event 4.99  
You can't turn back the tides—this store will keep on making people wonder why and where and what for—but what care you—so long as you get the goods.

**TABLES NO. 6:**  
380 Youths' Extra Strong Heavy Tweed Suits—single or double-breasted—have been selling \$4.49—but shall go during this great Clothing Event \$2.99  
420 Boys' 3-piece Knicker Suits, any style—have been selling from \$3.24 to \$3.99—great Clothing Event makes them 2.49  
380 Men's Extra Fine Black Coats and Vests in Venetian and Cork Screw Twill—have been selling at \$3.99—but we mark them during this great Clothing Event 4.99  
Big and little boys—the short and round fellows—makes no difference how hard to fit—we have clothes for them.

**TABLES NO. 5:**  
300 Extra Fine Scotch and English Serge and Tweed Suits, single and double-breasted—stitched edges—have been selling at from \$7.99 to \$9.99—but will now be, during this great Clothing Event \$5.99  
450 Heavy Canadian Tweed Suits—all styles—well made—have been selling at \$6.99; but now only 4.99  
The worker-toiler, wage-earner, will find special provision for his wants. 'Tis but the "John Eaton way" of selling clothing.

**TABLES NO. 4:**  
250 Men's Heavy Winter Overcoats, in Tweeds and Cheviots, Meltons and Beavers—have been selling from \$4.99 to \$7.99—shall go during this great Clothing Event \$3.49  
150 Men's and Youths' Pea Jackets, made from heavy beaver and nap goods, in sizes 32 to 38 only—have been selling from \$4.49 to \$6.99—shall go during this great Clothing Event at 2.99  
It takes mighty nerve to cut so low—but we've got the nerve, and we must turn this stock into money no matter how low the cut.

**TABLES NO. 3:**  
1000 Pairs Men's Heavy Cheviot, Tweed and Serge Pants—have been selling up to \$1.24—but shall be given away during this great Clothing Event .62  
350 Pairs Men's Fine Scotch Tweed and Colored Worsted Pants—all patterns and colors—have been \$1.74  
\$2.99—marked down during this great event to  
The John Eaton Co. have had the nerve to bring the prices of other goods down, and so shall they in Clothing.

**TABLES NO. 2:**  
785 Men's Heavy Cheviot and Tweed Suits—any style—have been selling from \$4.99 to \$6.99, shall go during this great Clothing Event at (an awful cut) \$2.99  
398 Men's Heavy Tweed and Serge Suits, made sacque and double-breasted and morning styles—have been \$3.99—but away they go at 1.99  
Did you ever hear of such prices? And remember, the John Eaton ads. are pledged to honesty.

**TABLES NO. 1:**  
394 Men's and Youths' Fall Weight Overcoats, sizes 31 to 39—only—made from Venetian and Worsted Cloths—have been marked \$4.99 to \$6.99, but there's no mercy—we shall let them go (every one of them) \$2.88  
The John Eaton Co. sell more meats than any other concern in all Canada.  
The John Eaton Co. sell more groceries than any other retail concern in this Dominion.  
The John Eaton Co. keep eleven people busy selling candies all day long.  
The John Eaton Co. will have twenty-one (21) salesmen to wait on the great crowds after clothing to-morrow—the doors open sharp at 8 a.m. and the selling follows. If you can't get in the Yonge-street doors, come around to the Temperance-street doors—get in some way—ask the big policeman, he'll get you in—stay all day—there're drygoods bargains, too, greater than any store—if the most crowded store is any judge—you can get a better lunch at our restaurant (fourth floor) than anywhere—and it's crowded, too—catch us with a sleepy old department—we've no room for slow coaches.  
Let all the people come.

THE JOHN EATON CO. LTD.  
TEMPERANCE AND YONGE-STS.  
CANADA'S GREATEST STORE
