**GOVERNMENT TIMBER SALE.**

It will be seen by our advertising columns that the Government of Ontario proposes holding a timber sale by public auction on the 17th September next. Some of the berths are those which were intended to be sold on the 15th March last, but were

withdrawn as the prevalence of smallpox prevented prospective buyers from examining and estimating. Several townships in the vicinity of Sault Ste. Marie are also offered. These townships have been surveyed for a great many years, but being inaccessible were not required for settlement. Now owing to the good land in the vicinity of Sault Ste. Marie being all taken up and the construction of the Algoma Central Railway giving miners and settlers easy access to these townships a number are going in and the timber is exposed to danger from fire. It is therefore considered expedient to dispose of the pine timber, so that the townships can be thrown open for sale or settlement and that the province may get the benefit of the value of the timber.
