THE *Madoc Review* says: "Mineral prospects are unusually active all over North Hastings and in portions of the adjoining counties this spring. Some rich 'finds' have already been reported, not only in gold and iron ore, but mica, asbestos phosphates and other valuable underground deposits have rewarded the searchers."HERE is a mysterious paragraph taken from the *Dundalk Herald*. What does it mean? "The Mines Again.—In addition to what was reported last week, the Horning's Mills correspondent of the *Economist* says: 'Richer specimens of mineral are constantly coming to light in the shaft on the premises of Mr. Levens. We were gratified with the appearance of the rocky fragments that for the first time in their dark million-year seclusion saw the light of a Canadian April morn. More news of it anon." *Mineral* is a pretty comprehensive term.THE *Collingwood Bulletin* corrects, as wide of the mark, the statement made by an Alliston newspaper that only the steamer "Baltic" of the Great Northern Transportation Company's fleet will run this summer. All the steamers of the G.N.T. line will run during the coming summer."So far as climate is concerned, there is no one thing in all the catalogue of advantages which Canada possesses that is of greater value." So said Erastus Wiman in his first paper in the *North American Review*, "A Tribute to Canada." And Mr. Wiman quotes what Malte Brun, the Danish geographer, says of these regions: "Everything is in proper keeping for the development of the combined physical and mental energies of man. There are to be found at once the hardihood of character which conquers difficulties, the climate which stimulates exertion, and the natural advantages which reward enterprise. Nature has marked out this country for exalted destinies."H. D. WARREN,
