

HEALTH RESORT.

MEDICAL AND Electro-Therapeutic INSTITUTE, Cor. Jarvis & Gerrard Streets, TORONTO.

Every facility, convenience and comfort has been provided in the above Institution, whereby invalids may regain their health, and patients and guests enjoy a cheerful, pleasant sojourn in this popular health home.

ELECTRICITY.—The most powerful, yet gentle curative is applied, according to a new and lately discovered system, with marked success, curing cases hitherto considered hopeless.

GALVANIC Baths form an effective part of our treatment.

HYDROPATHY.—The facilities for giving all kinds of water treatment, medicated baths, vapor, hot air, etc., are equal to any on the Continent.

INHALATION is given in suitable cases.

SWEDISH MOVEMENTS, LIGHT GYMNAS- TICS, etc., are all used as aids to health.

Medicines are used as the experience and judgment of the physicians dictate.

DISEASES OF WOMEN receive the best medical and surgical treatment, and are cured by a new, mild and effective method of treatment peculiar to ourselves.

CHRONIC DISEASES AND NERVOUS DEBILITY are treated with marked success.

The Institution is beautifully situated near the Horticultural Gardens which are open to the public.

PERSONS wishing a change, rest from business, and a quiet and cheerful home, can secure them all, without taking baths, etc.

THE LATEST invented and most approved apparatus have been adopted in all departments.

Bankers, Merchants, Ministers, Lawyers, Teachers, and other Professional Individuals, whose sedentary lives and too close application have induced general debility and constitutional derangement. Such will derive vastly more benefit from three months' treatment here than from a trip to foreign parts.

Four thoroughly educated Lady Electricians assist Drs. Trout and Tefft in the Ladies' Department. Well-trained bath nurses in the Hydropathic Department of the Institute.

The members composing the Medical staff work together with harmony and enthusiasm for the restoration, care and cure of the sick; patients are always able to avail themselves of their advice, counsel or skill.

In addition to our regular corps of Physicians, when necessary we have in consultation some of the best medical talent in the city.

For terms, etc., address either of the physicians cor. of Jarvis & Gerrard Sts.
