

- (b) The term for which the TUE was granted has expired.
- (c) The *Athlete* is advised that the TUE has been withdrawn by the *Anti-Doping Organization*.
- (d) A decision granting a TUE has been reversed by *WADA* or the *Court of Arbitration for Sport*.

[Comment: Each TUE will have a specified duration as decided upon by the TUEC. There may be cases when a TUE has expired or has been withdrawn and the Prohibited Substance subject to the TUE is still present in the Athlete's body. In such cases, the Anti-Doping Organization conducting the initial review of an Adverse Analytical Finding will consider whether the finding is consistent with expiry or withdrawal of the TUE.]

4.3 An application for a TUE will not be considered for retroactive approval except in cases where:

- (a) Emergency treatment or treatment of an acute medical condition was necessary.
- (b) Due to exceptional circumstances, there was insufficient time or opportunity for an applicant to submit, or a TUEC to consider, an application prior to *Doping Control*.

[Comment: Medical emergencies or acute medical situations requiring administration of an otherwise Prohibited Substance or Prohibited Method before an application for a TUE can be made, are uncommon. Similarly, circumstances requiring expedited consideration of an application for a TUE due to imminent competition are infrequent. Anti-Doping Organizations granting TUEs should have internal procedures that permit such situations to be addressed.]
