Mr. Martin: I can tell my hon. friend that I am hopeful the matters he has raised are matters which can be ironed out in the negotiations concerning the agreement and regulations if there is mutual acceptance by the federal and provincial governments, and I assure my hon. friend that we will endeavour to do that when the time of negotiation comes.

Mr. Speaker: Is the house ready for the question on the main motion? Is it the pleasure of the house to adopt the main motion?

Mr. Knowles: Would you call in the members, please?

Mr. Speaker: Those who are in favour of the main motion will please say yea.

Some hon. Members: Yea.

Mr. Speaker: Those who are opposed will please say nay.

And more than five members having risen:

Mr. Speaker: Call in the members.

The house divided on the motion (Mr. Martin) which was agreed to on the following division:

Mr. Speaker: I declare the amendment lost. Is the house ready for the question on the main motion?

Mr. Weir: Mr. Speaker, I was paired. Had I voted, I would have voted against the amendment.

Mr. McLeod: Mr. Speaker, I had been trying to list some objections that we have to the bill and we got into a little bit of difficulty. I still have my amendment in front of me but I will not continue with it. I understand that it is felt that these difficulties can be ironed out, and if we can have such an assurance from the Minister of National Health and Welfare I will be glad to listen to him at this time.
